Usama bin Laden TERRORISTS
Aided and Abetted in these United States by
Islamic Muslim Moroccans Subversive Associates
Who are **Bribing** Corrupt U.S. Government Officials

Mr. Louis Freeh, Director
Federal Bureau of Investigation
935 Pennsylvania Avenue
Washington D.C. 20535

Dear Mr. Freeh:

I have just learned that your agents, presumably from Orlando, recently told one of the witnesses and informants in the above-named matter, something to the effect that "...they [FBI] consider all of this a big joke, that the informants and myself have made all of this up and that I have made all of this up because I am only trying to get money out of it..."

Needless to say I am astounded, perplexed and outraged if this was actually said in all sincerity. I hope, if this was in fact their statement, that it was mistakenly taken out of context, or it was said with the specific honorable purpose and intent to place witnesses off guard for their own protection and safeguard and/or to prevent leaks while an extensive investigation is being conducted.

However, if the above statement was not made in jest or for other than an honorable, just purpose, then I apprise you Mr. Freeh of very active corruption and cover up within your own ranks. If this is the stance and direction your local agents are taking to consider this a "joke" and there is no extensive investigation being conducted, then consider this Sir, a formal complaint that my integrity and veracity is being falsely maligned and there is an extensive and critical obstruction of justice within your own department.

The FBI is our last outpost, the final means we turn to for protection in our country from corruption and criminal activity detrimental to our national interest and personal security. If we can not seek and find justice and protection with you, the FBI, then whom?

NO, this is not fabricated – and NO I have not put my life and peace of mind on hold for the past two years to courageously fight and battle day in and day out to protect my beloved America and fellow Americans only to be subjected to a living hell every day for being a whistleblower only for self grandizement and "getting some money out of it"; only for this to be considered a "joke" and to watch the criminal activity of these corrupt officials being protected and sanctioned!!

For honoring and upholding the very Oath I took to protect and defend Our Country, the Constitution and my fellow Americans - I take great offense at this false, absolute, inane accusation.

If this statement was made in an accusatory and judgmental manner, that I have fabricated and made all of this up just to get money out of it then your agents most certainly have **not** engaged in any form or type of valid investigation but have **only** listened to the erroneous, false, meaningless, nonsensical, defamatory vilification of innocent informants and whistleblower by seditious malefactors whose sole intent is to preserve their nefarious domain and their proverbial backside.

You have the technology, ability, authority and responsibility to seek and procure the mounds of existing physical evidence by means of wiretapping, surveillance, parabolic devices, etc. There are existing bank records, phone records, perhaps email and internet communication between these subversives. The amount and quantity of information I have forwarded to you is, in and of itself,

sufficient to cause any reasonable average John Doe on the street to conclude there is foul play amongst us.

NO, I did **not** illegally access my combination safe at work to break into my locked metal box, damaged beyond repair, to illegally use my assigned and numbered security approval stamp – **they did.**

NO, I did **not** impersonate myself, a federal officer, in making harassing phone calls to the public – **they did.**

NO, I did **not** remove my own official notes detecting felony fraud from a quantity of case files and then have them approved – **they did.**

NO, I did **not** maintain a bank account for the sole purpose of accepting bribery cash deposits that was closed immediately upon being notified by the OIG they were under investigation – **they did.**

NO, I did **not** produce a counterfeit search warrant and forge a District Judge's signature for the sole purpose of illegally confiscating evidence in the form of "any communication from Mary Schneider" and the answering machine tape recording of the INS employee impersonating me, a federal officer – **they did.**

NO, I did **not immediately** shred official government records destroying the only existing official documents which recorded which alien was interviewed on what day by which officer and continued for fraud – **they did**, upon being notified by the OIG they were under investigation.

NO, I did **not** write the New York Times article on the arrest of Orlando resident, Egyptian Terrorist Ihab Ali and NO, I did not create the related AOL internet chat room conversation on May 23, 1999 discussing this Egyptian terrorist Ihab Ali and his subversive associates being aided and abetted by Islamic, Muslim Moroccans and the naming of corrupt government officials known to be taking bribes for many years.

None of this and the following can be ignored in the search for truth and justice in this matter:

- > Names of American women used by Islamic Muslim Moroccans [these women are knowledgeable that these Moroccans used their joint bank accounts to bribe corrupt INS officials]
- > American woman blackmailed by an attorney in the Assistant U.S. Attorney's office in exchange for a "no prosecution" for her culpability in felony fraud Moroccan sham marriages
- > Money orders to bribe my supervisors and the Tampa bank these were drawn on
- > Moroccan Abad in possession of INS OIC Stella Jarina's private home phone number
- > INS SDAO Susan Dugas personally phoning to notify and warn Abad the very day his in-laws met with me in my office in June of 1998
- > Tape recording of INS inspector impersonating me in harassing phone calls
- > INS Office of Internal Audit investigator Dalton McIntosh's collusion in their conspiracy, his threats to the informants and threats of terminating me from federal service and his arranging to meet with the informants in July of 1998 at his hotel, his failure to show or notify them of cancellation or postponement; or his collusion with OIC Stella Jarina and SDAO Susan Dugas to illegally harass and attempt to intimidate me as a whistleblower over bogus complaints
- > INS Examiner George Chandler in collusion with Jarina and Dugas phoning and threatening the informants and their family regarding their former son-in-law Abad
- > The counterfeit search warrant and the U.S. District Judge purportedly calling for an investigation into the forging of his signature on the counterfeit search warrant

- Conspirators Rob and Ron (homosexuals) arranging sham marriages with their gay and lesbian friends, bribing INS supervisors
- Congressional Subcommittee on Civil Service Reform staff member, Ned Lynch, aware of the monitoring of suspicious activities by Orlando congressional staff and Orlando INS OIC Stella Jarina
- Landed permanent resident, Marcien Jean, aware of marriage ring conspirators having someone inside the INS office helping them
- Respected Orlando Cardiologist whose illegal Mexican patient informed him that Mexicans were bribing inspector(s) at the Orlando International Airport for illegal admission
- The modus operandi of Islamic, Muslim Moroccans engaging in felony fraud sham marriages: consistently filing bogus complaints against me with Congressman McCollum's Orlando staff assistant Nancy Abernathy in order to justify removing the case from my office and assured approved
- Security Officer Boyd Lester aware of INS SDAO Susan Dugas surreptitiously re-interviewing felony fraud cases I did not approve.
- The large quantity of felony fraud cases in which I have obtained video taped confessions, the six marriage fraud rings I have detected and the illegal dereliction of duty to allow the conspirators and arrangers to leave the INS premises without question or consequence
- The large quantity of felony fraud cases surreptitiously removed from my office and approved, include some 50 Islamic, Muslim Moroccans (said list previously transmitted to you by my letter of February 24th [copy attached])

Corruption is pervasive throughout our government at every level. During my 28 years in federal service I have never seen so much arrogance, insolence and blatant gross, criminal abuse of the public trust.

Mr. Freeh, I have written to you on September 23rd and December 20th of 1999, and again on February 18th and 24th of 2000 [copies attached], without response.

I respectfully request that you provide a written response to the multitude of information I have provided. This corruption and criminal activity threatening our national security can not continue.

Sincerely,

Mary Schneider
