Osama bin Laden Aided and Abetted
in these United States by Islamic Muslim
Moroccan Subversive Associates
Bribing Corrupt U.S. Government Officials

Mr. Louis Freeh, Director
Federal Bureau of Investigation
935 Pennsylvania Avenue
Washington D.C. 20535

Dear Mr. Freeh:

I wrote to you by fax and mail on September 23rd and December 20, 1999, on February 18th, February 24th and April 6, 2000, to the NYC FBI Joint Terrorism Task Force on May 27, 1999, and to the Department of Justice OIG with copy to NYC FBI Joint Terrorism Task Force on June 12, 1999.

I first notified the Orlando FBI almost two and a half years ago, in June of 1998, of my grave concerns for our national security and the probability that corrupt government officials were placing our national security at risk taking bribes in Orlando from Islamic Muslim Moroccans to assure illegal permanent residence.

I also related my concerns that these corrupt government officials could easily stamp mala fide aliens passports with an official, authentic ADIT stamp and officially create a phony INS file number in the INS computer system utilized by Customs/Immigration inspectors at our borders when accessing TECS.

One and a half years ago I forwarded confirmation of my grave concerns in the form of a copy of the May 23, 1999 New York Times article on the arrest of Egyptian terrorist Ihab Ali (Orlando resident) and the related Orlando AOL chat room to the NYC FBI Joint Terrorism Task Force; and over one year ago, in September of 1999, directly to you.

The only response I received was eleven months after I first contacted you, in August of 2000, in the form of a "receipt" letter from your Washington office, generated the day after I accessed Judicial Watch's confidential witness web site.

There has been NO observable action, the corrupt government officials whose criminal activity is threatening our national security by directly or indirectly aiding and abetting these terrorist subversives, are still in positions of power and authority.

These corrupt officials were even provided advance notice and opportunity to shred official government records, thus destroying critical evidence.

There was NO apparent "genuine" investigation conducted and these corrupt government officials were even issued letters of exoneration by the OIG.

Islamic Muslims in Orlando continue to have their felony fraud sham marriages liberally approved; even though I provided both the FBI and OIG with a list of some fifty felony fraud cases, many surreptitiously removed from my office and approved, often my official case notes removed from the case file; and even though several informants have information on bank accounts, phone records, money orders and names of conspirators.

These corrupt government officials have broadcast to the alien community and given Orlando INS the reputation that felony fraud is liberally approved - there being a minute, few discretionary felony fraud denials in the past four years; thus encouraging illegal aliens residing in other states to engage in their felony fraud activities at Orlando INS where there is a 99.99% guaranteed approval; most all Islamic felony fraud marriages have been approved.

The only results I am aware of are for myself and informants to be treated with disdain, mocked and ridiculed, and for the Sharitt informants to be harassed by federal agents; and myself, a federal whistleblower, making every effort to protect my country and fellow Americans, being forced into battling severe retaliation.

The only possible action was a reported Orlando AOL chat room discussing that, after I had contacted the NYC Joint Terrorism Task Force, the Orlando AOL chat room participant, Islamic Muslim Moroccan "the manoman" {who had inside information on the bribing of federal immigration officers and a congressional staff assistant by Islamic Muslims in Orlando and their subversive criminal activities aiding and abetting Osama bin Laden subversives in Orlando and Miami}, had been arrested prior to his intended departure to Morocco.

There was almost no terrorist activity publicly reported in Canada or the United States last December 31, 1999, other than the arrest in Seattle of Algerian Ressam, and later the taking into custody in Seattle of a "Moroccan" connected to Ressam.

Many individuals around the world consider this coming December 31, 2000 to be the real, true "Millennium". With the recent terrorist murders of our soldiers in Yemen, you are, of course, much more aware than I that this terrorism is coming in the very near future to America, ON OUR SOIL.

The seditious activity by corrupt government officials, of which I notified the FBI some two and a half years ago, is much too critical to our national security to be taken lightly and ignored.

Sincerely,

Mary Schneider
Orlando INS Examiner (DAO)
