**Corrupt INS Officials' Threatening United States National Security  
Osama bin Laden Subversive Associates Aided and Abetted By  
Islamic Muslim Moroccans Who Are  
Bribing Corrupt U.S. Government Officials**

On November 16, 2000, the MSPB (Merit Systems Protection Board) designated me as a Whistleblower and issued a finding of Retaliation by the Agency (U.S. Immigration and Naturalization Service [INS]) for my whistleblower activities.

Although I have written to you as Chairman, and to the House Sub Committee on Immigration and Claims on March 22, 1999, twice on June 9, 1999, June 22, 1999, August 15, 1999 and March 14, 2000, I have never received any response or observable action to my letters apprising you of INS Malfeasance, Dereliction of Duty, Documented Fraud and Criminal Felony Activity of taking Bribes which are threatening our national security. The following documents are attached:

- New York Times article, dated May 23, 1999, re arrest of Orlando resident Egyptian terrorist Ihab Ali
- AOL (America On Line) Orlando chat room, dated May 23, 1999, discussing this Ihab Ali and how Islamic Muslim Moroccans are aiding and abetting this terrorist and his subversive associates and how these Moroccans are Bribing Orlando INS officials and a staff assistant at Congressman Bill McCollum's office for *illegal*, legal green cards
- Orlando Sentinel, October 25, 2000, intelligence info on Ihab Ali confirming his base of operation in Orlando, Florida and that he is one of Osama bin Laden's lieutenants tasked with training other terrorists and directly involved with the Embassy bombings in Kenya and Tanzania.

After initially notifying the INS OIA IIB, whom it appears is deeply involved in the Cover Up, I took this information out of INS and directly to the Department of Justice OIG and FBI in June of 1998, whom it appears is also deeply involved in the COVER UP. The criminal FELONY activity threatening OUR personal, home and National Security has been sanctioned and allowed to continue.

Although several of the corrupt government officials *suddenly* SHREDDERED official government records, upon being informed the OIG was coming to question them, and bank, phone and email records exist; and there are three (3) different separate informants with knowledge of these bribery payoffs, the OIG took a 15 minute, hardly one paragraph statement from these corrupt government officials and issued letters of exoneration.

Two and one half years later, these corrupt government officials, engaging in criminal activity directly threatening our national security, continue to hold positions of power, authority and public trust with access to classified material while government officials in the DOJ OIG and FBI, who have taken an Oath to protect and defend our laws and WE Americans, are apparently actively aiding and abetting in the COVER UP of this treasonous activity.

The ONLY known action was for myself to suffer extreme Reprisal and Retaliation for making every attempt to protect my fellow Americans and OUR beloved America.

I have apprised the DOJ OIG and FBI, directly to Director Louis Freeh, of this seditious activity:

Department of Justice Office of Inspector General  
dated February 8<sup>th</sup>, February 16<sup>th</sup>, February 26<sup>th</sup>,  
May 25<sup>th</sup>, June 12<sup>th</sup> and July 22, 1999

FBI Joint Terrorism Task Force  
Dated May 27, 1999

FBI Director Louis Freeh  
Dated September 23<sup>rd</sup> and December 20, 1999  
February 18<sup>th</sup> and 24<sup>th</sup>, April 6<sup>th</sup>, October 13, 2000 and  
attached October 27<sup>th</sup>, 2000

The OIG refused to investigate illegal Mexicans bribing Orlando inspector(s) and turned the matter over to INS OIA who has designated the investigation of this FELONY activity down to a ***non-investigator*** Supervisor, to make a bogus "telephonic Cover Up inquiry". In other words, NO investigation--INS management is investigating itself!

Since January of this year, there have been a minimum three (3) known incidents where INS official(s) are committing FELONIES and stealing large sums of money (\$2,000, \$2,500, jewelry, etc). from aliens who are being refused entry.

Again the OIG has refused to investigate this criminal FELONY activity also and turned the matter over to INS OIA who has designated this down to a ***non-investigator*** Supervisor, to make a bogus "Cover Up inquiry". In other words, INS management is investigating itself! I have notified FBI Director Louis Freeh without response

I respectfully request that you direct your immediate attention to this very serious matter and that I receive a response and that I be notified of any efforts made in exposing and stopping this corruption.

Sincerely,

Mary Schneider
