DOJ SCANDAL AND COVER UP OF CRIMINAL CORRUPTION

Dear Ms. Armstrong:

Attached is your letter to me, dated July 17, 2001, which I received on July 27th. You refer to my letter of March 28th to Attorney General John Ashcroft in which I enclosed materials to support my allegation that Department of Justice (DOJ) and Immigration and Naturalization Service (INS) officials are accepting bribes to aid and abet individuals with possible terrorist connections to obtain permanent resident status in the United States.

For the record, that was my third letter to Attorney General John Ashcroft, I also wrote him on February 20th and 26th, in which, as an INS District Adjudications Officer (DAO) [aka examiner], I forwarded considerable information on:

- over 200 felony fraud cases surreptitiously removed from my office, without my knowledge, and approved; including the removal of my official cases notes from numerous case files
- information obtained from five outside informants on long running, extensive felony bribery conspiracies engaged in by Orlando INS and staff at a former congressional office;
- bribery conspiracies involving over 50 Islamic Muslim Moroccans, an unknown number of whom had ties to Osama bin Laden's lieutenant, former Orlando taxi driver Egyptian Ihab Ali, and subversive comrades;
- at least three felony bribery rings involving Islamic Muslims, Caribbean nationals and Mexicans; information on mala fide Mexicans bribing inspector(s) for entry;
- multiple incidents of refused and/or detained mala fide aliens having their U.S. cash in amounts of \$2,000, \$3,000, plus and even gold jewelry stolen from them by INS officials;
- multiple incidents of Gross Dereliction of Duty and Gross Abuse of Authority;
- including the immediate "shredding" of related official records

All of this material evidence, involving at least five outside informants, has been suppressed and covered up, including the criminal coercion, intimidation and harassment of outside informants and myself, by *select officials* at the DOJ Federal Bureau of Investigation (FBI) in Florida, the DOJ Office of Inspector General (OIG) in Florida and by select official(s) at your own office at the DOJ INS HQ Office of Internal Audit (OIA) as far back as June of 1998.

In your letter of July 17th you state: "We note that the Federal Bureau of Investigation separately forwarded your materials in support of you allegations to us for action after you did not appear for an interview with them".

For the record, beginning in June of 1998, I first wrote and hand delivered a letter to the Orlando FBI, phoned and wrote the New York City FBI Anti Terrorism Joint Task Force in May of 1999, and during the past two years, I wrote seven letters to former FBI Director Louis Freeh, divulging information on extensive felony criminal activities engaged in by numerous corrupt DOJ officials, a portion of which is threatening our national security.

Never once in three years did I receive any verbal or written communication or response from the FBI other than two computer-generated receipt letters informing me that my information was forwarded to the FBI in Tampa. *Never* once in three years have I ever been contacted verbally or in writing by the FBI to arrange a meeting with me, and thus, I have *never* failed to keep any appointment as none were ever scheduled.

Therefore, the FBI's statement that I failed to appear for an interview with them is factually in correct.

Please contact and copy my attorney, Mr. Donald Appignani in all subsequent verbal and written communications and correspondence; with all written communication being sent to my home address listed above.
