DOJ SCANDAL AND COVER UP
**DOJ officials taking bribes to aid and abet Islamic Muslims
to obtain "illegal" permanent residence in
these United States who are, in turn,
using this illegal residence to assist
OSAMA BIN LADEN TERRORISTS**

September 11, 2001

Mr. Guy Lewis, U. S. Attorney
Southern District of Florida
99 NE 4th Street
Miami FL 33132

Dear U. S. Attorney Lewis:

Enclosed is a letter dated August 16, 2001, from the DOJ, Criminal Division, Executive Office, on behalf of U.S. Attorney General John Ashcroft which I received in response to my letter dated August 9, 2001 (copy enclosed) regarding the above entitled matter. I am writing to confirm the validity of this letter and to verify that your office has received the multitude of documents I submitted to Attorney General Ashcroft and former FBI Director Louis Freeh.

In light of the multiple terrorist attacks on OUR American soil today I am forwarding the enclosed documents in hope this material will finally be taken seriously and immediate action taken to reduce, or in some way minimize what will assuredly be future terrorist attacks in Our Beloved America on Our Beloved Americans. Is Disneyworld, the largest tourist attraction in the world, one of Our American icons next?

Enclosed are my letters to Attorney General Ashcroft dated February 20 and 26, 2001, March 28, 2001, and to FBI Director Louis Freeh dated January 6, 2001 relating information in the above entitled matter.

Also enclosed is the New York Times article dated May 23, 1999 regarding the arrest of Osama bin Laden lieutenant, **Orlando** cabbie Egyptian terrorist Ihab Ali and the related **AOL Orlando chat room** which took place later that day confirming my concerns of government officials taking bribes to assure "illegal" green cards from mala fide Islamic Muslim Moroccans engaged in aiding and abetting this Egyptian terrorist Ihab Ali and his subversive associates (**in Orlando and Miami**) who participated in the bombings of the Kenya/Tanzania Embassies.

It is despicably, blatantly apparent that there have been "pay offs" of select DOJ federal officials at the INS Office of Internal Audit, the FBI in Orlando and Tampa and the OIG in Ft. Lauderdale to suppress material evidence, coerce, harass and threaten outside informants and myself, and to keep the extensive bribery conspiracies and criminal activities at the Orlando office of former Congr. McCollum, the Assistant U.S. Attorney's office in Orlando, the INS Orlando Sub Office and Inspections at the Orlando airport covered up.

Sincerely,

Mary Schneider
