Re: DOJ/INS/OIG/FBI/OSC/CONGRESS: Briberies, Pay Offs, Extensive Scandalous Cover  
Up Conspiracies in the Aiding and Abetting of **illegal MUSLIMS**, other nationals and  
Aggravated Felons for Green Cards/Citizenship/NO Deportation and Felony Grand  
Thefts

Honorable Members:

On October 20, 2002, I sent your office a large quantity of documents and information relevant to the above named issues. Again on November 1<sup>st</sup>, 3<sup>rd</sup>, and 15<sup>th</sup>, 2002, I faxed letters with additional information, without response or any known action.

At a time in the history of these United States, when we are on the doorstep of war, against seditious MUSLIMS whose focused goal and objective is to murder We Americans and to destroy our American way of life, when confidence of the American People in their government officials to protect and defend their personal, home and national security is of the utmost, supreme importance, who in our government is going to expose and stop these extensive treasonous activities of our own government officials selling us out to **illegal MUSLIMS**?

Six months prior to 9/11, I sent U.S. Attorney General Ashcroft much of the following information, some additional details are herein added:

Out of a very deep love and concern for my beautiful America and for my fellow Americans, I became a quintessential Whistleblower, and have been designated as such by the MSPB.

How bizarre that I have been so severely punished and subjected to an abusive daily Hostile Work Environment detrimental to my health, brought to near bankruptcy, my professional competence and reputation impugned, maligned and destroyed and career advancement and increased salary denied, because I had the fortitude and love of country to stand up against this corruption and complied with this very same statute and Presidential directive!

The law provides for criminal Aggravated Felons, Drug traffickers, to be rewarded with a monetary percent of the value of the drugs seized when they become informants, one of whom was given close to \$5 million!!

YET, as a non-criminal, as an ideal, quintessential government employee, for THREE years, I have been continuously forced to fight alone, without support or protection, to expose and stop treasonous acts by corrupt government officials to protect my country and fellow Americans and, instead of \$5 or even \$3 million reward as the Aggravated Felon Drug Trafficker receives I, instead, am punished with endless illegal Prohibited Personnel Practices of Retaliation and Reprisals?! Where is the Justice in the Justice Department?

Either the statutes and directives have merit and meaning, or they don't. Either Congress did or did not mean what they said when they passed the 1989 Whistleblower Protection Act. Either you Sir, and President W. Bush, do or do not mean what you say when you speak out against corruption, when you direct government employees to disclose corruption. This must be taken beyond rhetoric, beyond the written word and brought into a proactive reality.

We **must** stop Agencies from immediately using OUR tax dollars to defend, protect and sanction activities of corrupt officials. Even the OIA IB and OIG have become nothing more than how to Cover Up and protect corrupt management. They have lost sight of seeking and finding the TRUTH! This modus operandi is frequently discussed amongst the rank and file.

Myself, the quintessential Whistleblower, have been subjected to more trumped up, fabricated allegations and harassing interrogations and investigations to justify terminating me from Federal service, than the one 15 minute inquiry and non-investigation of these corrupt, criminal government officials. My Government used OUR tax dollars to come after me to silence me as a Whistleblower than to perform the duties of their oath and go after and eradicate the corrupt, criminal activity.

For any of this to be effective, to sincerely encourage compliance with these statutes and directives to disclose corruption, **courageous Whistleblowers must be given appreciation, protection, respect and reward**, NOT stomped on into the ground until there is nothing left, no pursuit of happiness, no meaningful life to live, no home, no reputation, no career.

At the very least, this criminal activity in Orlando, has been extensive and on-going since 1994 involving immense amounts of money in bribery pay offs to corrupt DOJ officials at INS and a congressional assistant to former Congressman Bill McCollum, and reportedly an Attorney at the U.S. Attorney's Office, as well as similar activity at the Jacksonville office.

I recently learned of a very revealing statement made by Orlando examiner Terry Frye to an Orlando inspector:

**"If I go down I am not going alone, I will take many others  
with me, including Juan and Joe"**

(Assistant Port Director Juan Hernandez and Port Director Joe Lawrence).

For many years I was literally the sole examiner in Orlando who diligently pursued Felony activity engaged in by aliens. Examiners listed below have approved Felony Fraud Sham Marriage cases surreptitiously removed from my office. Aside from suspected cash bribery pay offs they have received pay offs in the form of salary increases (QSIs) and cash awards year after year for no known or observable sustained superior performance other than approving Felony Fraud.

There are considerable amounts of bribery payoffs to suppress material evidence and information at the DOJ INS OIA IB, OIG and FBI. ALL of these offices have been apprised of this criminal activity since June of 1998, if not earlier, and have NOT exposed or stopped this criminal activity threatening our personal, home and national security.

These corrupt government officials are quite bold, cocky and self assured, secure in the effectiveness of their **bribery pays off to SUPPRESS and COVER UP** which have worked soooo well for soooo long and firmly believe, in their arrogance and pride, that they are home free and will never be held accountable.
