Re: DOJ/INS/White House/OIG/FBI/OSC/DHS/Congress - TREASONOUS Conspiracies, Gross Criminal Malfeasance, Gross Dereliction of Duty in the Aiding and Abetting of **illegal MUSLIMS** and others, at minimum, three years prior to 9/11 and on going since 9/11, some of whom assisted Osama bin Laden lieutenant, Egyptian Ihab Ali and/or connected to Mohamed Atta

Members of the Commission:

I am a current 30-year federal career officer, in both Customs and Immigration, and a federal whistleblower, officially designated as such by the Merit Systems Protection Board (MSPB).

IF your commission is truly about seeking and revealing the truth to the American People, and not about cover up, you will want to contact me immediately, through my attorney.

There is an on-going, extensive cover up of treasonous conspiracies within the government of these United States, in both the Executive and Legislative branches, in both the present and past administrations.

This involves corrupt officials taking bribes to aid and abet *illegal* Muslims and other nationals with green cards and ensuing United States citizenship, at least one of whom was connected to Mohamed Atta, and others connected to Osama bin Laden's former pilot and lieutenant, Egyptian Ihab Ali.

More than two years prior to 9/11, on May 23, 1999, an Orlando AOL chat room discussed an Orlando Sentinel article, on this same date, relating to the arrest of Egyptian TERRORIST Ihab Ali (an Osama bin Laden lieutenant, training other terrorists, a taxi driver operating out of Orlando, Florida, who assisted in the Kenya and Tanzania Embassy bombings murdering over 230 innocents).

This AOL chat room revealed intelligence information that a number of *illegal* Muslim Moroccans were being assisted by a quantity of named corrupt DOJ officials in Orlando at the DOJ INS (now DHS CIS) and also by a staff member at a former Congressman's Orlando office, who were accepting bribes to assure approval of their "illegal and fraudulent" permanent residence with ensuing United States citizenship.

In turn, according to the participants in this Orlando AOL chat room, these Muslim Moroccans were using this illegally obtained permanent U.S. residence to aid and abet Osama bin Laden TERRORIST subversives operating out of Orlando and Miami.

Related to this AOL chat room information are more than 70 *illegal* MUSLIM felony fraud sham marriage cases, along with a minimum of 200 other felony fraud cases, surreptitiously removed from my office, at night after hours, and approved or never denied. The incriminating videotapes of the marriage interviews providing material evidence of felony fraud sham marriages illegally, criminally destroyed.

Two independent, outside informants personally informed me of these long running bribery conspiracies occurring in my office.

Even more alarming in these insidious treasonous conspiracies are the quantity of responsible and accountable federal officials who have been apprised of these long running conspiracies and are active "cover up conspirators", from the DOJ to the White House to the DHS to the OSC to the OIG to the Congress.

In the past six years, since April of 1998, I have repeatedly sent an aggregate total of hundreds of letters, memoranda, emails and official case notes to dozens and dozens of accountable officials, to INS Commissioners Ziglar, Garcia and Aguirre, DOJ OIG Glen Fine, DOJ Attorney General John Ashcroft, DOJ FBI Directors Louis Freeh and Robert Mueller, DOJ Criminal Division, OSC Elaine Kaplan, President George W. Bush, Senate Select Committee on Intelligence and dozens of other congressmen, only to have this sensitive information continually handed over to the known conspirators providing them unending opportunities to destroy incriminating material evidence, such as video tapes, and pay off or threaten informants and witnesses.
