CONFIRMING

Washington, D.C. — Leo Wanta, whose purchase of huge sums in Russian rubles is credited with bringing down the Soviet Union in the Cold War, will be put through a third party lunacy test in Madison, Wisconsin circuit court on Tuesday. He has successfully been declared of sound mind in two previous lunacy tests under the Wisconsin state attorney general's office. His own attorney, James Shellow of Madison, Wis., is instituting this test. Shellow says that under the rules for attorneys in Wisconsin he has to notify the court that he thinks the lunacy test should be given. Shellow admits to being a former attorney for a deceased Mafia chief in Wisconsin named Belistiari. Shellow thinks Wanta will be declared sane in the upcoming hearing on Tuesday, but Shellow claims to know nothing as to how Wisconsin was able to extradite Wanta in chains and shackles from Switzerland, where he was doing business with Swiss banks after having given up his citizenship in Wisconsin. Wanta claims that he had just been made ambassador to Switzerland and Canada when Wisconsin state officials seized him bodily in Switzerland. Wanta claims that they took his briefcase from him at that time which contained billions in Treasury bills and Promise software technical equipment which the U.S. was using to get inside information about foreign treasuries.

Although the briefcase was taken by Wisconsin authorities in 1993, it has never been returned to Wanta nor has he any knowledge of what happened to its contents.

The charge is that he owed Wisconsin originally approximately \$14,000. He claims to have paid back that amount in 1992. The state attorney general's office seized his house worth \$120,000 and sold it for \$60,000, but there is no record of this in the Department of Revenue in Wisconsin nor is there any trace of the proceeds from the sale.

Wanta was buying rubles from Russia at the request of the President, Ronald Reagan. Wanta had worked at the White House, the National Security Council, the Central Intelligence Agency and six other government agencies during his career.

He and President George Bush set up the Ameritrust account in the Credite Suisse bank for the U.S. government to use in case it needed to counter terrorists from overseas, according to Pat Cameron, Los Angeles attorney for Wanta. Wanta says that when former president George Bush sought to withdraw funds from the \$210 billion on deposit that Wanta, a co-signer of the account, refused to give his signature for the withdrawal because the funds, he said, belonged to the U.S. government, not to an individual.

Ambassador Lee Wanta. Lee was mandated by President Reagan under the Toller Doctrine **192 U.S. 105, 107 (1875), National Security Decision – Directive Number 166, dated March 27, 1985, inter alia** as a secret agent to be in charge of this effort. In this process Lee Wanta did amass trillions of dollars that were designated to go back to the American people by President Reagan. In his effort to carry out his mandate, Lee Wanta was imprisoned and the monetary funds that were his to distribute as planned were stolen or converted illegally by an organization known as the Federal Reserve System and used by them to this day.

Later in 2006 a US District Court Judge mandated and ordered that these converted funds be returned back to Lee with interest accruals. It's hard to understand why, after eight years since this order was given by a US Judge, that these funds are still retained. When Lee Wanta receives his funds back it will be in the amount of 32.8 trillion dollars. He promised under an oath to President Reagan that after he pays his repatriation taxes on this money he earned as director general in his Austrian based company, Lee has pledged to eliminate overnight our national debt (approximately 18 trillion); and our 1.8 trillion international trade deficit at once. He also will pay certain sovereign nations what they were promised in the Reagan-Mitterand protocols. This includes the French, Chinese, English and Russian Governments, where billions were promised. With the remaining funds left over he plans to develop and create a high speed rail system for our country and develop new innovative businesses that could employ over 2 million people in the USA alone.

Re: US Treasury payouts and Federal Tax payments

Dear Mr. Wilcox:

Please use this information in your discussions with the US Senators. As discussed and agreed by the parties, below is the approximate amount of funds for payout per the US Treasury:

Leo Wanta	4.5 Trillion	35% = 1.575	Trillion Fed Tax
Bonney	14.0 Trillion	35% = 4.900+	Trillion Fed Tax
Tropes	13.2 Trillion	35% = 4.620	Trillion Fed Tax
Falcone	24.0 Billion	10% = 2.400	Billion Fed Tax

The above payments will generate over 11 Trillion Dollars in US Federal Taxes, which could almost payoff the US National Debt. I am happy to discuss this information and its importance to the national debt with anyone at anytime. You can reach me on my cell 216-225-6239 or 440-823-4826.

RE: High Speed Rail, Ambassador Leo Wanta

Dear President Trump:

Please be advised that I, Jan M. Heger Esq., am former Counsel to Ambassador Leo Wanta for many years and am now retired. I have never in the history of practicing law for over 40 years met an individual who I admire, respect and trust more than Ambassador Wanta, who an officer of the United States as was appointed by President Reagan. He has honorably served the United States of America during our time of need and in my opinion should receive the Medal of Honor for his service during the cold war. Instead he has been abused by the legal system and/or the Deep State for doing his best and succeeded admirably to protect and defend the United States of America during the cold war, a specific secret task and treaty awarded to him by President Reagan in order to destabilize the Soviet Union. As you may be aware he has written a book which provides much of the proof and information you may need.

Trillions of US Dollars were made during this operation which were to be returned to the US to pay off the debts of United States less a percentage of earnings that were agreed to be paid to him personally. Instead he was unlawfully incarcerated and prosecuted here in the United States for crimes he never committed ie Tax Evasion by the State of Wisconsin most likely caused by the so called Deep State. I personally was in possession of two copies of cancelled checks made payable to the State of Wisconsin noting the payment of taxes which were cashed by the State of Wisconsin. As such, it was absolutely impossible for that tax crime to have been committed or to have occurred.

I believe you have heard of Heger Realty or JW Heger Company one of the largest Industrial Real Estate Companies in Southern California solely owned and operated by my father Jack W. Heger, now deceased. He was the President of the US Industrial Real Estate Association for many years and his clients included Southern Pacific Railroad and many Fortune 500 Companies. The high speed rail Ambassador Wanta is proposing would be a tremendous infrastructure project for the United States and would necessarily employ many US citizens. It is about time that this country have what other countries have ie a High Speed Rail. I cannot recommend more highly Ambassador Lee Wanta who is willing, once again, to serve the United States and to use his own hard earned funds in the process. Should you need further information, please do not hesitate contacting me at 949-295-2444 or by email at hegerlaw@outlook.com. Thank you for your kind attention to this matter.

What does Wanta think?
