All is Not Quiet on the Western Front New Emergency Update

by Tom Heneghan, International Intelligence Expert

UNITED STATES of America - Stay tuned to our intelligence briefings as we are preparing to bring you emergency briefings as events remain fluid.

Victor Bout (L), Lt. Vreeland

Vreeland explains he was assigned to courier this letter to Canadian intelligence, but he sensed that something was about to go awry, so he copied the documents he was given...

"The initial strike or attack, will be started at the WTC on 9-11-2001, by our brothers in faith...If everything goes as planned the attack will work.

After Americans, who undoubtedly will think that Osama is to be blamed and will start a war with his group..."

As you read *The Big Wedding 9/11, The Whistle-Blowers & the Cover-Up* it is important to remember that Viktor Bout's major source on 9/11 was none other than U.S. Naval Intelligence Officer Lt. Vreeland.

Other important developments that we are following include Umaru Mutallab aka Alhaji Umaru Abdul Mutallab, the father of NWA Flight 253 Christmas Day terror suspect, Umar Farouk Abdulmutallab, **had a major tie through his bank in Nigeria to the Israeli Mossad and an arms/ weapons company (DICON) that was involved in arms, weapons and narcotics trafficking through the nations of Georgia and Bulgaria.**

Richard Reid

We can now also divulge that the second passenger arrested at the Detroit Airport on Flight 253 was an Indian national that had ties to a British Intelligence Agency cell with links to attempted shoe bomber Richard Reid.

December 26, 2009 Intelligence Briefing ...The security company in charge of the Amsterdam airport where Umar Farouk Abdulmutallab transited on his way to Detroit was none other than **the Israeli-owned ICTS.**

Note: The ICTS angle is interesting since six months prior to accused shoe bomber Richard Reid's December 22, 2001 arrest, Reid attempted to board an Israeli airline El Al from Schiphol Airport in Amsterdam to Tel Aviv. Reid was taken by El Al security and identified as a terrorist suspect. However, rather than turning Reid over to Dutch security for further action he was allowed to board the El Al flight by Israeli Shin Bet (Israel Security Agency, counterintelligence and internal security service) and allowed to proceed to Tel Aviv.

Reference: ICTS, an arm of Shin Bet, is in charge of the overall Dutch airport security that the nation of Holland allowed to be outsourced.

Reid later divulged that both El Al and ICTS failed to detect that he had explosives in his shoes on his flight to Tel Aviv; an amazing revelation considering El Al's reputation for tight security.

The cross pollution between Israeli Airline El Al and ICTS and the Amsterdam, Holland airport has been well documented by foreign press as a major nest for "Black Op False Flag Terrorist" activity.

It is also important to remember that the security for the two airports in New York and Boston on the day of the 9/11 'BLACK OP' attacks on the United States was outsourced to none other than the Israeli security company ICTS.

We can also reveal that the financial support for what is state-sponsored terrorism in Yemen is none other than Ponzi Scheme headquarters in Marrakech, Morocco.

Note: Remember, it was former *illegal* White House occupant George W. Bush FRAUD that released the alleged Yemenese terrorists aka Israeli Mossad assets from Guantanamo back to Yemen where they can now engage in more state-sponsored terrorism.

Folks, there is NO war on terror - there NEVER has been!

Osama bin Laden has been dead for over eight (8) years. The war on terror is a war on the American People and their Constitution originally orchestrated by the Bush-Clinton Crime Family Syndicate using the UN-Constitutional Patriot Act as a disguise to LOOT the U.S. Treasury.

Roger L. Wollenberg UPI

As we are bringing you this latest intelligence briefing we are now hearing reports that the junta that occupies this country is threatening to use their state-sponsored terrorists equipped with nuclear suitcase bombs as a weapon against the American People if they can not continue to do as they please aka block the implementation of the Wanta-Reagan-Miterrand Protocols.

Of course, it is important to remember, folks, that the corporate-controlled, fascist, extortion friendly U.S. media aka idiots like gossip columnists Gloria Borger of CNN and puppet stooge David Gregory of NBC's Meet the Press continue to terrorize the American People by insisting that "we are at war, at war, at war, at war..."

Let us make this clear. We the American People are at war with the corporate-controlled, fascist, extortion-friendly media filth that have enabled the destruction of our Republic.

With
CORRUPTION
everyone pays.

Final note: Stay tuned for future intelligence briefings in which we will continue to focus on the college football sports scandal, including individuals attending universities to play football with IQs of 60 or less, graduation rates are 35% or less for major top ten college football teams.

We will continue to examine the latest on the aforementioned California University under NCAA investigation, including the use of university credit cards supplied to alleged student athletes by the insurance aka sports agent.

We can now divulge that emails now in possession of the Los Angeles State Attorney's office finger the athletic director for the aforementioned California University under NCAA investigation sending out messages stating the following "keep everyone quiet" "make sure they don't have a reason to talk".

Note: We can also divulge that a reporter working for the ESPN network is mentioned in the emails now in possession of the Los Angeles State Attorney.

We can report that the athletic director for this University is trying to strike a deal with corrupt NCAA investigators to use his basketball program as a throw away as to protect the more corrupt football program.

Believe us, folks, when the truth is known and all of the facts come out, what you will be looking at is a private University on the West Coast that has been turned into a warehouse.
