

# ***Ambassador Lee E. Wanta to reduce the National Debt***

December 17<sup>th</sup> 2015

## **For Immediate Release**

Thursday December 10<sup>th</sup> the United States Senate voted to accept the National Debt bill being funded by a private investor. Friday December 11<sup>th</sup> the U.S. House of Representatives put off voting on that bill until this week. Within this U.S. Congressional Bill there is an unnamed private investor that is disclosed that will pay the needed funds in the form of paying his personal taxes on repatriation of personal funds illegally taken from him and now restored. The referenced private investor has been ordered to pay civil income taxes out of his private repatriated funds by two US District Court Judges. The private citizen investor mentioned in the Senate and House bill is Ambassador Lee Wanta. The recently released biography of Ambassador Lee E. Wanta explains this matter completely. It is available to the public on **Amazon, Barnes & Noble and Apple IBook's**. This is the only authorized biography of the Personal Intelligence Coordinator and Secret Agent who was mandated under President Ronald Wilson Reagan. The 350 page biography is backed up with hundreds of accessible documents to provide evidence and verification of the biography of Lee Wanta's life. The content released in this biography is sensitive, controversial and timely. Much of it has never before been shared with the American public. The subject matter it addresses has its historical foundation in Lee Wanta's secret work under President Reagan to de-stabilize the Soviet Union, financially ending the Cold War without firing a single shot. This was accomplished with the help of Lee Wanta a private citizen operating under the **Totten Doctrine 92 U.S.105,107**, all explained in detail in the biography. The biography reveals how Lee Wanta privately amassed trillions of USDollars in personal monetary funds. It clearly explains his Presidential Mandate where his personal funds will be lawfully disbursed including the Reagan-Mitterrand Protocol. The repatriation of his personal funds and the resulting personal income taxes being paid will enable our nation to continue funding and reducing its debt. The Senate approved this debt reduction plan and this week the House will vote on it. Lee Wanta is also in the process of assisting the Hellenic Republic of Greece with a reliable financial assistance program to help them with their National debt obligations.

The biography provides in-depth information about how the lawless and non-governmental Federal Reserve System and the Corporation State of Wisconsin seized his personal funds (Alford Plea June 10<sup>th</sup> 1994 Exhibit K see below), through criminal and corrupt activities operated by a sophisticated system of Puppet Masters. It shows how articles published by well-known Wall Street Journal Editorial Board member Holman W. Jenkins were inaccurate regarding Lee Wanta, who at the time was serving as a Sheriff's Department "deep cover investigator" of Falls Vending Services, Inc. a Wisconsin corporation owned and operated by Jerome Engle, also AKA Jerry S. Engel, who was linked in with the assassination of JFK and Bobby Kennedy under an operation secretly called Elm Street. Also the biography addresses the false accusations written about Lee in the book "Thieves World" influenced by Assistant FBI Director Jim Moody published by Simon and Schuster, New York.

Page 2.

Lee Wanta's biography contains new never-released Intel information regarding White House Deputy Counsel Vince Foster and Hillary Clinton receiving 250 million USDollars from Lee Wanta in favor of the Children's Defense Fund which has never been accounted for. The same day these funds were transferred Lee Wanta was put in a Swiss/Suisse Prison and shortly after White House Deputy Counsel Vince Foster mysteriously died. This biography asks hard questions that need to be addressed by many well-known politicians, business and banking officials. It explains how the Corporate State of Wisconsin operates well outside the U.S. Constitution and how they continue to operate this way under the administration of Governor Scott Walker as a Corporation and not a State. It exposes current activities in the Ukraine and corrupt destabilization efforts happening throughout our Sovereign Nation and throughout the world and who is behind it. It also helps the public understand how the "Puppet Masters" are controlling ISIS / DAESH/ ISOL. (Why we do have three confusing names for the same group?)

Learn how The United States Congress has censored and suppressed vital information that should have been disclosed under Title 18, Section 4 and Section 201 and how some elected officials have been using bribery and extortion to obtain Lee's funds. Because of the sensitive nature of the content and some of the new information regarding Presidential candidates from both parties, it could have possible implications on the upcoming Presidential election.

The biography helps dispel any doubts as to who Lee Wanta really is, about the \$31.2 trillion he controls now, and what his goals and Mandate is from President Reagan too help our country rid itself of continuing political corruption and return us back to a strong financial footing again as a world leader. The author of the biography is Lee Wanta himself, and has been edited by Lon Gibby, and published by Viking International, LLC. To follow-up the biography, a feature film documentary entitled *Eagle One to Wanta* is in full production by Gibby Media Group, Inc. to be completed and released in 2016 in time well before the U.S Presidential election.

His authorized biography will shake the world and change history. President Reagan and his Secret Agent Ambassador Lee Emil Wanta masterminded a creative way to financially takedown the Economy of the Soviet Union (Evil Empire) without firing a shot.

The 32.1 trillion U.S. dollars he amassed in the process has finally been recovered and accounted for after it was hijacked by criminal non-Government organizations known as the Federal Reserve, and the Corporate State of Wisconsin.
