FAKED FBI - IAWO U.S. CUSTOMS SERVICE OFFICE OF INTERNAL AFFAIRS NEW ORLEANS, LA

SOURCE: RT (<https://www.rt.com/usa/414292-biden-tells-yanukovich-resign/>)

Joe Biden bluntly demanded that former Ukrainian President Viktor Yanukovich resign back in 2014, the former US vice president revealed. He also confirmed the US was deeply involved in Kiev's affairs during that year's crisis.

From the very beginning of the Ukrainian crisis, the US sought to direct Yanukovich in his handling of the riots on Maidan Square that eventually led to a coup in Ukraine, Biden says in his new book titled "Promise Me, Dad: A Year of Hope, Hardship And Purpose," which was published in November, but has now been brought into the media spotlight in connection with the US's role in the crisis. Biden reveals that he repeatedly called the then-Ukrainian president, telling him what he should or should not do.

At some point, Biden outright demanded that Yanukovich, a legitimately-elected leader of a sovereign nation, resign because he had "lost the confidence of the Ukrainian people" from Washington's point of view. "I was telling him [Yanukovich] it was over; time for him to call off his gunmen and walk away," Biden writes in his book, referring to "the last of [his] urgent calls to Yanukovich in late February of 2014."

The former US vice president also claims that it was Yanukovich and his loyal law enforcement forces who were responsible for the Kiev massacre back in 2014. In fact, the events, in which unknown snipers gunned down dozens of protesters and several police officers in central Kiev, remain largely unsolved years nearly four years on. The investigation (<https://www.rt.com/news/233071-maidan-sniper-massacre-anniversary/>) of the tragedy was de facto put on the back burner by the new Ukrainian authorities.

The probe initially managed to produce several suspects, with all of them being Berkut riot police members, even though it was known from the very beginning that sniper fire initially came from protester-controlled positions. Later, the head of an MP committee probing the mass killings mentioned "unidentified public organizations" as possible culprits, but no charges were known to have been placed. These facts, however, never stopped Biden from accusing Yanukovich of "loosing his riot police on the streets of Kiev... to murder demonstrators" and declaring the ousted president the main culprit behind the crisis.

### BIDEN ON POROSHENKO GOVT: 'BICKERING' LEADERS WITH 'PENCHANT FOR CORRUPTION'

Even though the new Ukrainian government, which came to power after the coup, was far more agreeable to US officials, it garnered no particular praise from the former US vice president. Biden calls former Ukrainian Prime Minister Arseny Yatsenyuk "a young patriot" and repeatedly draws attention to his efforts to support the "emerging Ukrainian democracy," but at the same time complains about "bickering" within the Ukrainian elites and their reluctance to put "loyalty to country" over their personal interests.

POTUS - V.P. BIDEN - VS - UKRAINE COUP D'ETAT

"I had spent months exchanging phone calls with both [President Petro] Poroshenko and Yatsenyuk, trying to convince them each, separately, to put loyalty to country over loyalty to political party," Biden writes, referring to Ukrainian President Poroshenko alongside Yatsenyuk, who was eventually dismissed from the government in 2016. He also repeatedly mentions the two politicians' "stubborn unwillingness to work together." Close X

Widespread corruption in Ukraine seems to be another issue that constantly irritated Biden. The former official admits that he had to be "hard on Poroshenko since his election" and to constantly urge him to "continue to fight the elements of corruption that were embedded in the political culture of Ukraine's Soviet and post-Soviet governance," particularly in the president's own party.

Biden claims he went as far as to direct almost each step of the Ukrainian authorities. "Now you've got to put people in jail," Biden says he told Yatsenyuk when the Ukrainian official came to the US. He also admits that he "had been on phone with either Poroshenko or... Yatsenyuk, or both, almost every week" for months.

However, Biden believes the present Ukrainian government "had exhibited a penchant for corruption, self-dealing and self-destructive behavior." He also points out that Europe was in fact reluctant to support the idea of anti-Russian sanctions and he had to repeatedly remind Poroshenko "not to give the Europeans any excuse for walking away from the sanctions regime against Russia." Indeed, anti-Russian sanctions appear to have been of particular importance for Biden, as he seemed much more concerned about keeping them in place than about Washington's European allies.

Biden also admits that he had a low opinion of the Minsk Accords aimed at bringing about peace in Ukraine. However, he seemingly fails to understand their purpose, describing the initial 2014 deal as something that "did little to hold [Russian President Vladimir Putin] back."

Biden believes that Russia – which is not even a party to the treaty – is not fulfilling its commitments under the agreements. The OSCE-brokered Minsk Agreements between representatives of Kiev and the breakaway rebel regions of eastern Ukraine were hammered out by Ukraine, Russia, France and Germany, and formed the basis for a lasting ceasefire. However, the deal's implementation has been largely stalled by Kiev's refusal to uphold its part, including amnesty for rebel fighters and special autonomous status for the regions they control.

Victoria Nuland: Ukrainians Deserve For Respect From Their Government

# Washington's Cloned Female Warmongers

By Finian Cunningham

February 09, 2014 "Information Clearing House - What is it about America's women diplomats? They seem so hard and cloned - bereft of any humanity or intelligence. Presumably, these women are supposed to represent social advance for the female gender. But, far from displaying female independence, they are just a pathetic copy of the worst traits in American male politicians - aggressive, arrogant and completely arrant in their views.

Take Victoria Nuland - the US Assistant Secretary of State - who was caught using obscene language in a phone call about the European Union and the political affairs of Ukraine. In her previous posting as a spokeswoman for the US State Department, Nuland had the demeanor of a robotic matron with a swivel eye.

Now in her new role of covertly rallying anti-government protesters in Ukraine, Nuland has emerged to sound like a bubblegum-chewing Mafia doll. In her leaked private conversation with the US ambassador to Kiev, the American female diplomat is heard laying down in imperious tones how a new government in Ukraine should be constituted. Nuland talks about "gluing together" a sovereign country as if it is a mere plaything, and she stipulates which members of the US-backed street rabble in Kiev should or should not be included in any Washington-approved new government in the former Soviet republic.

We don't know who actually tapped and leaked Nuland's private call to the US ambassador in Kiev, Geoffrey Pyatt. It could have been the Ukrainian or Russian secret services, but, regardless, it was an inspired move to reveal it. For the disclosure, which has been posted on the internet, lays bare the subversive meddling agenda of Washington in Ukrainian internal affairs. Up to now, the Americans have been piously pretending that their involvement is one of a bystander supporting democracy from afar.

But, thanks to the Nuland's foul-mouthed indiscretion, the truth is out. Washington, from her own admission, is acting like an agent provocateur in Ukraine's political turmoil. That is an illegal breach of international rules of sovereignty. Nuland finishes her phone call like a gangster ordering a hit on

a rival, referring to incompetent European interference in Ukraine with disdain - "F...k the EU."

What we are witnessing here is the real, ugly face of American government and its uncouth contempt for international law and norms.

Next up is Wendy Sherman, the Under Secretary for Political Affairs, who is also Washington's top negotiator in the P5+1 nuclear talks with Iran. Sherman is another flinty-eyed female specimen of the American political class, who, like Nuland, seems to have a block of ice for a heart and a frozen Popsicle for a brain.

Again, like Nuland, Sherman aims to excel in her political career by sounding even more macho, morose and moronic than her male American peers.

Last week, Sherman was giving testimony before the US Senate foreign affairs committee on the upcoming negotiations with Iran over the interim nuclear agreement. The panel was chaired by the warmongering Democrat Senator Robert Menendez, who wants to immediately ramp up more sanctions on Iran, as well as back the Israeli regime in any preemptive military strike on the Islamic Republic.

Sherman's performance was a craven display of someone who has been brainwashed to mouth a mantra of falsehoods with no apparent ability to think for herself. It's scary that such people comprise the government of the most nuclear-armed-and-dangerous state in the world.

Programmed Sherman accused Iran of harboring ambitions to build nuclear weapons. "We share the same goal [as the warmonger Menendez] to prevent Iran from obtaining a nuclear weapon." And she went on to repeat threadbare, risible allegations that Iran is supporting international terrorism. That is a disturbing indication of the low level of political intelligence possessed by the US chief negotiator.

"Iran also continues to arm and train militants in Lebanon, Gaza, Iraq, Afghanistan, Yemen, and Bahrain. And Iran and Lebanese Hezbollah continue," asserted Sherman without citing an iota of proof and instead relying on a stale-old propaganda narrative.

The number three in the US State Department went on to say of the interim nuclear deal with Iran: "What is also important to understand is that we remain in control over whether to accept the terms of a final deal or not. We have made it clear to Iran that, if it fails to live up to its commitments, or if we are unable to reach 6/ agreement on a comprehensive solution, we would ask the Congress to ramp up new

sanctions."

Remember that Sherman and her State Department boss John Kerry are considered "soft on Iran" by the likes of Menendez, John McCain, Lyndsey Graham, Mark Kirk, and the other political psychopaths in Washington. So, we can tell from Sherman's callous words and mean-minded logic that the scope for genuine rapprochement between the US and Iran is extremely limited.

Sherman finished her performance before the Senate panel with the obligatory illegal threat of war that Washington continually issues against Iran: "We retain all options to ensure that Iran cannot obtain a nuclear weapon."

In the goldfish-bowl environment of Washington politics, perhaps such female officials are to be even more feared. The uniform monopoly of America's political class is dictated by militarism – weapons manufacturers, oil companies and Zionist lobbyists. The only way to "succeed" in this cesspool is to be even more aggressive and imperialist than your peers.

Nuland and Sherman illustrate the cold-hearted logic at work in American robotic politics: it's a system programmed for imperialism and war, and it doesn't matter whether the officials are Democrat, Republic, male or female. They are all clones of a war criminal state.

You are right Finian about my female peers who made it into the ranks of politicians along with a Black president. Such is a society before it implodes. But this is happening all over the world, from Russia to Bangladash to Canada. The Human Race is self-destructing but the Planet is dying even faster. Our only option is to care for our Self and build trust with our neighbors. To plant vegetables and reduce hazardous waste from our own individual situations, and to invest in our capacity to live on much less. The War Machine is where the good paying jobs are, so learn something new every day, that is related to your own survival (or can be traded with neighbors).

I would suspect that the \$5 billion she admits to is just a fraction of what is really being spent on this particular atrocity. It likely is only money spent officially through the State department. It probably does not include CIA or other spy funds, more direct military expenditures through one of their intelligence services, nor the misdirected "aid" funds which are supposed to go to other really needy nations. It also does not include funds spent by both political parties on propaganda and more direct action; both parties have funds which "promote democracy" everywhere but within the US. And then there are the foundations, siphoning money from taxpayers through donations and using their tax-free money to interfere in other countries creating one of the rainbow of colored "revolutions."

It's SOP for neocon Zionists to use women as "front persons" to push their agenda.

You will find it on archaeological webpages, where women Jewish bloggers will push articles such as "Solomon-era' archaeological finds"...in other words, has nothing to do with any "Solomon" at all. I can give dozens of examples.

Word people: there was NEVER any "Kingdom of Solomon or David" in Urusalem. And the native people of Urusalem ("Jerusalem") worshiped a god. His name? Shalem. The Phoenician/Canaanites were the original occupants of Urushalem. Shalem means PEACE. IT IS THE ORIGIN OF "Solomon."

Likewise, they use attractive MSM Talking Heads to lure the male citizens of Dumfukistan into listening to their craven Neocon policy propaganda.

Yes, these slimebag Neocon women (including Clinton) exhibit masculine tendencies.....but try to debate one of them "man to man" and you look like a bully.

THAT is ANOTHER reason Neocons use these women to spread their policy manure. Example: Janet Yellen. What is her ONLY "qualification?" You know and so do I.

I could give lessons on the way "certain Asiatics" manipulate the Dumfukistan masses.....and I usually do...for THOSE WITH EARS TO HEAR.

After studying US political foreign policy culture for decades, during which it;s sedition schemes have upended nation after nation and installed puppets and puppeteers in place of nationalist regimes, the patterns of such hegemon's abuses comes clearly into focus and the vision is as disconcerting as it is brash and ugly faced as spoken.

Finnian Cunningham and Marcus deliver the news this AM for ICH readers interested in seeing whom the flamethrowers of the aggressive US empire are. Nuland, Sherman, Rice, the other Rice Clinton Power etcetera, all have big blood on their hands and yet offer some mildly bleak excuses for their behavior with added promises that change is in the offing in their posts and POTUS admin going forward.

Nothing changes as much as it stays the same in the War Collegiate mindset inherent in US spokespersons foul mouthed epithets hurled at their many seething detractors and poned nations .

As has been stated before, the institutionalization of humiliation of those attempting to extricate their nations from US bankers nooses and tangled webs of deception is seen here by Nuland's attitude towards the EU. Bush the younger dragged the NATO contingent of the EU into the Afghanistan theater of war in a hubris filled explitive deleted fashion after his generals mocked and scourged the EU for watching on the sidelines as the US war machine supposedly did the EU's dirty work of protecting EU nations from Al Qaida terrorists, of course made in America.

Now, it seems as if it;s time to cast more epithets at the EU, At Russia, China, Palestinians, Iran, etcetera, and again, create the atmosphere where the US exhibits it;s ugliest rehtorics with it;s pretty faced denigrators of "others" read, "detractors of the hegemon's ambition to take over the world with Israel and it;s crown city legion in tow.

Cheap shots and recklessly led orchestrated riots against sitting regimes is what the ladies of hasbrat nation do it would seem, they are vicious attack dogs for women's rights supposedly while at the same time displaying a rather unladylike demeanor and demonstrative selfishness which in effect has ruined more womens lives by far than they have promoted womens rights in the nations in question.

I have known, and still do, many staunchly pro fascist Israeli US zionists in my day and their divinity is never their strong suit nor have they much to offer in the way of constructive critique to their friends of Israel handlers, they obey on demend whatever they are nudged to accomplish for zionist mania driven aggressors and usually exhibit quite harsh persona's to those whom challenge their shallow narratives while at the same time, if nudging one in any certain direction for their cause, they can be quite charming exhibiting a sociopathic penchant for steering things and peoples their way.

Knowing the demeanor of the USA of late and it;s vast criminal atrocity laced recent history, atrocious pontifications from it's leading ladies should not surprise well studied analysts. Not everyone, and certainly not most working class citizens however see the slight of hand behind the scenes of US actions and concourse in several arenas of aggression. Hiding the sins of empire under the table of debate is what the US and other zionist supportive and cororate supportive press do and do well enough to fool most of the people most of the time, which is why the US and it;s menacing inseparable ally Israel get away with not only murder and ethnic cleansing but looking back to Rwanda and seeing the trajectory of Israeli land grabs , genocide and wars of aggression are swept so handily under the rug that blood and guts ooze from open sores created by such a blasphemously ignorant countenance for all to see, save of course the perpetrators, whose moral compass orients sayanim and corporate raiders to feel that ravaging other nations is good, not evil, because they say so.

Knowing that the crats preferred candidate for POTUS next is Hillary, the demon against Ghadaffi, it is nearly impossible to see this camel able to pass through the eye of a needle and enter into a grateful countenance to save itself from disgrace. Grace isnt what is asked of these despotic derelicts, their job is hubris, crotch kicking downed peoples and erasing human rights where they see fit to install their corporate police states where profitable.

It isnt conjecture that under Obama, many atrocious evils have ruined millions of human lives, just as occurred under Bush in the post 911 manic depression era of US foreign polity. What example of better ways forward do crats have after all, they are the child of AIPAC which agresses towards their counterparty now, the GOP while J street covers their Israel back and coporate America cements walls of indifference around these "gun emplacements" very similar to Sadaam Hussein;s rear guard republican guard which prohibit retreat from feckless aggressions under "heavy weapons" monitoring and threatening gauntlet.

Grover Norquist strangles common Americans for the one percent while AIPAC and J street hog tie our diplomats and elected reps from demonstrating any honest resolve to end this macabre charade of pro war pro Israeli anti Iran bloviating.

In other words, hefty bribes, paid at no cost by loan guarantees, which I can explain.

ALL our leaders are so paid in order to permit the vermin to inflict their 'democratic process' on us all, by which they lend arithmetic and fleece us of all our efforts.

To hell with them all.

Excuse the previous errors. I am under pressure

The US and Israel can have unlimited nuclear weapons. Israel doesn't have to report theirs. If I was in Iran I would want nuclear weapons as these are the only countries safe from Israel and the US. The US is the biggest hypocrite in history, supports terrorist in one country and kills them in another. Its never been about democracy, its power and resources. They would kill every citizen to get it and justify it with lies. The people in the US government are rich murders and all of them must go. We need representation for our taxation. I think we have all heard that before, its time.

Gosh, where do these senior civil servants with official jobs get their education, pom and cars magazines?

Imagine what they say about other countries who happen to be more

independent than the EU.

I think if we repeat what Nuland said, you know the "F" word, comment gets deleted even before it becomes visible. Let me remind you, another American female said "We came we saw he died"

O my Jesus, forgive us our sins, save us from the fires of hell, lead all souls to heaven, especially those most in need of Thy mercy.

## SCHEDULE FOR PRAYERS TO THE BLESSED VIRGIN MARY

### PRAYER TO ST. JUDE

To be said when problems arise or when one seems to be deprived of all visible help, or for cases almost despaired of.

Most holy apostle, St. Jude, faithful servant and friend of Jesus, the Church honors and invokes you universally, as the patron of hopeless cases, of things almost despaired of. Pray for Nick, he is so helpless and alone. Make use I implore you, of that particular privilege given to you, to bring visible and speedy help where help is almost despaired of. Come to Nick's assistance in this great need that he may receive the consolation and help of heaven in all his necessities, tribulations, and sufferings, particularly to receive the grace of God and that Nick may praise God with you and all the elect forever. I promise, O blessed St. Jude, to be ever mindful of this great favor, to always honor you as my special and powerful patron, and to gratefully encourage devotion to you.

I AM

The fact that I am  
Is amazing and wonderful.  
I can move about,  
I can think, love, and choose.  
I can grow —  
In wisdom.  
I am yours, God,  
Your beloved child.  
Gifted as you see fit,  
For sharing,  
For loving,  
For bearing.  
In utter reliance on You;  
In trust,  
Totally secure,  
Totally loved,  
Totally yours.
