## China Orders “Demographic Genocide” Of Minority Races, Then Slaps Sanctions On US Officials

By: Sorcha Faal, and as reported to her Western Subscribers

A compelling new **Security Council (SC)** report circulating in the **Kremlin** today discussing the greatest foreign policy shift in modern **American** history since the **1930's**, when the **United States** ended its global isolation to confront both the **National Socialist Workers Party of Germany (Nazi Party)** and the **Empire of Japan**, says that after last weeks stunning developments that saw **US Secretary of State Mike Pompeo** addressing the **Copenhagen Democracy Summit** to declare to **European** leaders that **“your choice isn't between Communist China and the United States, it's between tyranny and freedom”**, who was followed by **US National Security Advisor Robert O'Brian** addressing the world to openly accuse **Communist China** of being like the **mass murdering regime** of the former **Soviet Union** with his stating: **“The Chinese Communist Party is Marxist-Leninist, and party General Secretary Xi Jinping sees himself as Josef Stalin's successor”**, the **Communist Chinese** regime has now viciously struck back—with its first ordering the **“demographic genocide”** of its **Muslim Uighurs** and other minority races as part of its sweeping campaign to curb its **Muslim** population, while it encourages its **Han** majority to have more children—and was followed a few hours ago by **Communist China introducing measures to slap travel sanctions on US officials**. ## Concentration Camps

- Definition
  - A camp in which people are detained or confined, usually under harsh conditions
- The first camps were established soon after Hitler's appointment to chancellor in 1933.
- In 1934, Hitler authorized Himmler to centralize the concentration camps into a formal system
- In 1938, authority to incarcerate persons in a concentration camp was given only to the German Security Police.
- Those imprisoned included
  - Persons considered a political danger
  - Habitual and professional criminals
  - Anyone with "asocial" behavior
- In 1939, new territory and large groups of prisoners led to rapid growth of the concentration camp system
- These camps increasingly became sites where people were murdered.

According to this report, knowing the grave threat being posed to them **President Trump**, the **Chinese Communist Party (CCP)** has created an entity labeled the "**United Front**" that's directed to ensure the leftist media in the **United States** is flattering towards **China** and its policies, which also supports socialist **Democrat Party** policies that benefit **China** and pushes the promotion of these policies—a "**United Front**" shockingly exposed this month by the **United States Department of Justice (DoJ)** when it forced **China Daily (the official publication of the CCP)** to disclose its hidden ties to **American** media outlets—which exposed how **Communist China** has paid millions-of-dollars to these leftist media outlets to publish propaganda against both **President Trump** and **America**—and whose **Communist China paid off American news outlets include the Washington Post, the New York Times, the Wall Street Journal, the Los Angeles Times, the Seattle Times, the Atlanta Journal-Constitution, the Chicago Tribune, the Houston Chronicle and the Boston Globe—all of whom today are pushing the Communist China make believe fantasy story absurdly claiming that Russia paid bounties to Taliban forces in Afghanistan to kill US troops.**

In **President Trump's** battle against his own nation's leftist mainstream media and political power structure to expose the genocidal crimes of **Communist China**, this report details, he stands nearly alone—as did **British Prime Minister Winston Churchill** in the **1930's** when he repeatedly tried to warn about the grave dangers posed to the world by **Nazi Germany**—the near exact historical comparisons of which have now been documented in the just released book titled **Trump and Churchill: Defenders of Western Civilization**—that aside from noting the fact that both **Trump** and **Churchill** were hated and despised by their nation's elites, and notes that "**Churchill was hated by his own party, opposition party, and press...feared by the King as reckless, and despised for his bluntness...but unlike Neville Chamberlain, he didn't retreat**"—shows how **Prime Minister Churchill** had to even "**resort to begging**" **President Franklin Roosevelt** to awaken to the **Nazi Germany** threat before the entire world was lost—and factually states the truth that:

**Trump and Churchill both fought valiantly to protect Western Civilization, and while fighting different**

**forms of tyranny, Trump could very well be to the twenty-first century what Churchill was to the twentieth.**

**Both leaders, with seemingly nothing in common, turned their day's prevailing politics on its head.**

**In doing so, they both endured shockingly similar battles instigated by the political establishment seeking their destruction.**

**Trump and Churchill's unorthodox approach to both domestic and international relations has **rescued Western Civilization from the brink.****

Knowing how "**close to the brink**" not only **Western Civilization** is, but the entire world, this report continues, is **United Nations Secretary General Antonio Guterres**, who this past week called for one "**Supreme Body of Global Governance**" to rule over the entire world "**having teeth with an appetite to bite**" all who oppose it—that's now been followed by **German Foreign Minister Heiko Maas** admitting a few hours ago that **his nation's relations with the United States are irretrievably broken with or without Trump being in power**---a shocking admission that itself was preceded by **German Chancellor Angela Merkel** stating that "**If Germany doesn't show**

*leadership in Europe, there won't be a Europe*", that she followed by then issuing a dire warning that: "*Europe should brace for a reality in which US is no longer a world power*".

# Europe should brace for a reality in which US is no longer a world power – Merkel

27 Jun, 2020 10:07

Fueling such dire warnings about the **United States**, like those being issued by **Chancellor Merkel**, this report explains, are socialist forces in **America** itself, best exemplified by **Obama's** former **Secretary of State John Kerry**—who at last week's **Copenhagen Democracy Summit** warned that "*there will be a revolution if Trump gets elected again*", and added "*that America can only become a world leader again if former Vice President Joe Biden wins in the November election*"—the same **John Kerry** whom **President Trump** has declared "*should be prosecuted for meetings with Iranian officials*"—and is the same **John Kerry** everyone knows egged **Iran** on to "*maybe or maybe not*" *issue a silly arrest warrant story earlier today against President Trump for the killing of General Soleimani*—the true and main purpose of which, like all socialist tactics, is intended to ignite outrage, hatred and anger against **President Trump**—which then feeds into the socialist narrative now being created by such leftist articles like "*The Coming 2020 Train Wreck*"—that begins with a solemn socialist pronouncement declaring: "*If there is one thing everyone can now agree on, it's our dubious ability to pull off a free and fair election*"—and then *terrifyingly warns*:

***There were protests in the streets after Trump won in 2016.***

***In the supercharged atmosphere of 2020, we shouldn't be surprised by riots.***

***After once again believing he'd inevitably lose and facing another intolerable four years of President Trump, the left's shock and despair would be unlike anything either side in our politics has experienced in memory.***

As to what is going to happen in the 2020 election, though, this report concludes, these socialist forces in America arrayed against President Trump appear to remain mired in their made-up fantasies and delusions not facing such realities as the evidence showing that "Sleepy Joe is nowhere close to President Trump as the 2020 vote approaches"—a reality astonishingly buttressed by the "really horrible news for Democrats" that after a month of leftist rioting, looting and arson "Trump's Approval with Black Voters Remains at 28%"—but whose best advice for these deranged socialists today is for them to look across the ocean at their comrades in Europe to see what has just taken place over the past 24-hours—and when viewing would see them looking at the radical socialist nation of France, whose vote yesterday caused President Emmanuel Macron to express his "concern for the low turnout" that hit an historical low of 41%, though when the final votes were tallied, it showed the participation rate was even lower at around 34.7%--and came at the same time of yesterday's vote in Russia, where its Christian conservative voter turnout at online voting on constitutional amendments reached 80%--as well as its coming at the same time as yesterday's vote in Poland, which 62.9% of its eligible Christian conservative voters took part in—thus proving that when civilization itself is at stake, sane peoples will always flock to vote for whomever is going to save them from crazed godless socialists—exactly like the British people did just six short months ago when, in December-2019, they rose up in anger to destroy in an historic wipeout election their socialist Labour Party and its leader Jeremy Corbyn, along with all of the insane polices these leftists had cooked up in their addled brains—and President Trump knows he will also do in an even shorter five months time—most particularly because of the headline that says everything one needs to know: "American Leftists Believed Corbyn's Inevitable Victory Would Be Their Model".

# REJOICE! BORIS SURGES TO LANDSLIDE WIN

**BORIS Johnson was last night on course for an emphatic election victory that will finally see Brexit delivered.**

The BBC predicted at 3.30am that the Conservatives would secure a majority of 64 – larger

than Margaret Thatcher's first victory in 1979.

The bombshell prediction forecast that the Tories would win 357 seats, with Labour on 201 and the Liberal Democrats on 13. The result would put Mr Johnson back in No 10 and pave the way for the UK to finally leave the EU

on January 31. Mr Johnson tweeted: 'Thank you to everyone across our great country who voted, who volunteered, who stood as candidates. We live in the greatest democracy in the world.'

He hailed the 'historic' victory, adding: 'We have been given a national mandate – to get Brexit done.'

The predicted Tory victory is the party's biggest since 1987. By contrast,

Labour's result would be its worst since 1935, eclipsing Michael Foot's disastrous 1983 result (209 seats), with voters delivering a humiliating verdict on Jeremy Corbyn's brand of socialism.

As results poured in, it became clear that Mr Johnson's pledge to 'Get Brexit Done' had smashed through the so-called Red Wall of traditional
