ARE THE 'PAYOUTS' BEING HIJACKED IN REAL TIME?

WHY WOULD THE CRIMINAL OPERATIVES CEASE AND DESIST?

Sunday 27 January 2008 17:35

UPDATE, 30TH JANUARY 2007:

NOW BROWN COSIES UP TO SARKOZY, TOO

The British press has a large photograph of Gordon Brown, the Prime Minister, greeting Nicolas Sarkozy, the President of France, outside Number 10 Downing Strasse. Sarkozy has been reliably fingered by our very best sources as having interfered of late in the payouts, and is in league with his fellow specialist in High Crimes and Misdemeanours, President George W. Bushfraud, Jr. We are repeatedly assured that what we published recently on this subject is, in fact, accurate.

Gordon Brown has all of a sudden taken to being frightfully nice to the European Union Collective, which is a long-range anti-nation state entrapment counterintelligence operation based upon the Nazi blueprint promulgated in Europäische Wirtschaftsgemeinschaft, the compendium of papers given by Nazi intellectuals and then published by Haude & Spenersche Verlagsbuchhandlung Max Paschke in Berlin in 1942. Copies of this crucial document exist in the British Library and in the Staatsbibliothek (Preussische Staatsbibliothek), Berlin. Or you can read all about this in the Editor's book [The New Underworld Order](#) [see the books section of this website, to order].

No doubt the copy of Europäische Wirtschaftsgemeinschaft which should be in the US Library of Congress has long since been suppressed, because it would reveal that Nazi strategy against the 'Main Enemy', of which Great Britain is a key component, has been successful, wouldn't it.

Europäische Wirtschaftsgemeinschaft means 'European Economic Community', and the chapter headings of this wartime Nazi tome are almost identical to that of the Maastricht Treaty (1992).

BROWN, SARKOZY INTERVENE TO PREVENT PORTUGUESE REFERENDUM ON E.U. TREATY

On 9th January, The Times, London, revealed that Gordon Brown had telephoned the Portuguese Prime Minister, Jose Socrates, to 'insist' that there was no need for a referendum on the European Constitution (now called 'Reform') Treaty in Portugal. Like Brown, Socrates had promised a popular ballot in the issue during an election campaign.

Following Brown's telephone call to the Portuguese Prime Minister, who should then call Socrates but our dear friend M. Nicolas Sarkozy, the President of France, who delivered precisely the same message. Following the telephone calls from Brown and Sarkozy, Herr Socrates stood on his head and told bewildered Portuguese MPs:

'A referendum in Portugal would jeopardise, without any reason to do so, the full legitimacy of the ratification by national parliaments that is taking place in all the other European countries'.

HAS GORDON BROWN TAKEN THE STANDARD SECRET NAZI PAYOLA BRIBE?

From all of which it may be deduced that Gordon Brown, a British intelligence operative who knows everything there is to know about the issues we discuss in these reports (and much more), is on the same page as President Sarkozy: which means that President Sarkozy's intervention to impede the settlements is known at Number 10 Downing Strasse, leaving a BIG question mark over what Mr Brown's role in all this may be.

E.U. TREATIES PROCURED BY PAYOLA CORRUPTION

In that connection, we would like to draw your attention to the very first report that we published on this website, dated 12th October 2005 [see the Archive], entitled 'EU Treaties procured by Payola Corruption', in which we stated that European leaders and 'facilitators' were paid \$100 million each (totalling \$2.5 billion) for procuring the European Constitution Treaty, with a further \$100 million each (totalling a further \$2.5 billion) payable when the Treaty was ratified.

We further identified the secret Nazi slush fund located in Switzerland from which these corrupt payments were distributed. There remained some confusion over whether the second tranche of corrupt payments was remitted, since the European Constitution Treaty document was not ratified after the Dutch and French electorates rejected it at their referenda. Gordon

Brown is now overtly collaborating with Sarkozy to prevent a repetition of any such setback this time round.

- FACT: Our exposure on 12th October 2005, and in [International Currency Review](#), of the details of the corrupt payments made to European leaders and their henchmen to sign and obtain ratification of each successive version of the rolling EU 'stitch-up' Treaty, has never been denied, and neither have ANY of the extraordinary events, including recent shootings, published on this website, been officially denied. It would be much too dangerous for the corrupt official forces concerned to deny what we have exposed, so the course that has been adopted is to ignore our reports altogether.
- Which tells you all you need to know.

Since it has always been 'normal practice' for these EU slush fund payments to be distributed at the completion and ratification stages of each successive escalated version of the ongoing, rolling EU Collective's Treaty, which is a subversive, corrupt mechanism for the final suppression of national sovereignty and identity, the question naturally arises: Has Gordon Brown taken the German bribe?

If so, that would explain why, all of a sudden, his sullen indifference to the European Union and all its corrupt and nefarious works, has dissipated with the emergence of the bright winter sunshine.

And it would explain why he appears to believe that being nice to the President of France, a high-level crook who has already been exposed as being engaged in corrupt financial operations, is liable to reap dividends. For him personally, not for the future of Britain as an independent state.

The report posted on 27th January is as follows:

EVA TELEKI AND MARC RICH RE-OUTED AS STASI [= DVD] OPERATIVES

GORDON THOMAS AND THE ABORTED MI6 ATTEMPT TO DISCREDIT THIS EDITOR

WHY WOULD THE THEFTS CEASE WITH THE ACTUAL PAYOUTS?

What is the basis for the unspoken assumption that the criminal thefts would be liable to cease once the actual payouts have begun – assuming that is the case, which is not confirmed and which may itself be disinformation? It has no basis in common sense, surely. On the contrary, using the street bank raid model, what is the moment of the high street branch's greatest vulnerability?

Why, it must be when the armoured cash transportation vehicle draws up outside the bank, and two helmeted couriers jump out, enter the bank and engage with the bank staff for the transfer of the funds. Is that not when the bank is most vulnerable to being robbed?

And may that not well be the situation prevailing 'as we speak'?

Why would the most ruthless and reckless world-class Fascist-global dictatorship criminals stop their stealing and wholesale, open-ended criminality, which has been funding their grab for total global power, just because the actual payout processes, triggered by Wantagate, have begun?

Surely, they would have prepared for precisely this eventuality, and would now have switched (in accordance with their standard 'bait and switch' formula) to Plan B – namely the daylight robbery of the funds as they are being transferred?

All sorts of devices and 'solutions' to their predicament present themselves. For starters, how about the sudden discovery of vast 'Black holes' at banks infested with rats, such as the Societe Generale? Begin by revealing that a 'lone' rogue trader had been 'caught' in the act of trying to cover up

unauthorised trades that had generated losses, initially 'estimated' at \$7 billion.

Then add a nought onto the \$7 billion, pending an imminent decision to add a further nought – so that before you can say 'Merde' more than once, the 'Black hole' has expanded to \$700 billion.

Awfully convenient device, this.

TIMELY SUDDEN 'BLACK HOLES' EMERGE FROM NOWHERE

Note that in the above model, the B of 'Black' is capitalised here. Right. Because it's probably yet another 'Black Operation' – designed to 'vanish' in this case, \$700 billion, from scrutiny.

Mind you, a rogue trader can't do stuff like that on his tod.

Nope, there are certainly lots of rats behind the 'Black hole' in question.

And behind the others that will surface over the next days and weeks, you bet.

Now in any contrived 'Black hole' criminal financial environment, opportunities for the standard Luciferian criminal practice of DUPLICATION abound. So what, then, is going on? Well, the payout funds may have been ransacked or are being ransacked or are targeted for ransacking, have been duplicated, are being duplicated or are targeted for duplication right now.

That's what may be going on.

So we shouldn't just sit here complacently and think: 'Great, this crisis is nearly over. The payouts are proceeding', without contemplating the strong probability that the unrepentant criminal cadres have switched to Plan B and are raiding the payouts in 'real time'.

Now, it is true that there are FOUR teams using enhanced PROMIS-based software 24/7, so that each and every illegal transaction can be and is being traced, as it occurs. Fine. But when did that knowledge prevent the crims from carrying on stealing, in any way, shape or form? It has not done so in the recent past: why would such surveillance be liable to stop the thefts at this late stage?

THE CRIMINAL CADRES ARE DESPERATE

These people are desperate. Their bank accounts have been largely frozen. Many have fled since Wantagate became public knowledge. Others have

been arrested en masse and are languishing today in such delightful locations as Belmarsh Prison at her Majesty's Pleasure, as terrorists.

Others are on the brink of being arrested under European terrorism laws – in a delightful contra-use of the very weapon that these criminal minds invented to suppress the Rest of Us.

Senior and lesser US officials have been shot in the chest at point blank range, and others will certainly, we are led to believe, suffer a similar dreadful fate. The bloodletting that started some time ago is believed to be continuing, both figuratively and literally. So why, we must ask, should we assume that the actual payout process would not be hijacked, as well?

Doesn't the world YET UNDERSTAND that the Germanic/Zionist Luciferian mentality we are dealing with, NEVER KNOWS WHEN THE GAME IS UP?

At Dachau, the Nazis and the Zionazis collaborate. That's the big secret, the essence of the classic 'sib' operation, whereby the assumed victim is the perpetrator.

This does not implicate the Jewish and German peoples generally: only a tiny proportion of them. Unfortunately for the rest of their communities, Wantagate has compelled the Rest of the World to become more keenly aware of how far these criminal operatives are prepared to go to get their way.

'For us the war has never stopped and, as is well known, in war every ruse is possible' – From the Madrid Circular Letter, dated September 1950, intercepted by the Western Allies while en route to Bonn, Rome, Barcelona, Buenos Aires and South Africa. See our report dated 22nd January 2008.

So, it would be entirely in character with the nature of this unprecedented, millennial, crisis and with the Luciferian mentality of the Black perpetrators involved, for the stealing, the deception, the double-cross, the diversionary claptrap and all the other filthy devices that these people routinely use to blow smoke in our faces, to be continuing, given that they have their backs to the wall.

The Editor recalls a metaphor he used quite recently, that can be summarised as follows:

I stamp on your foot. There is no response. I stamp on your foot again. There is no response. As I stamp on your foot for the third time, I shout in your face; 'I have just stamped on your foot'. There is no response. No, because we are dealing de facto with the 'possessed'.

It is a fact that the possessed POSSESS great and horrifying physical strength.

They may not even know when they are being confronted, because they live in a parallel world that is 100% conditioned by their criminal mentality. It is quite possible that some of these odious people haven't even yet realised that they are being faced down, as this has never happened before.

And because it has never happened before, and they have got away for decades with their bank raids – starting in earnest with the stealing of Ambassador Wanta's \$27.5 trillion, with which the Black Forces have been financing their global Fascist takeover offensive – they may still imagine that what they face right now is just a blip in their plans, which will be smoothed over as soon as they gain the upper hand – like when Hillary Clinton has been installed in the White House, possibly with Bill Clinton as her Veep. That's the macro-plan, and they are sticking to it.

UNRELIABLE ENFORCEMENT ARMS: INTERPOL AND MI6

In the preceding report [25th January 2008], we stated that the two enforcement arms deployed to ensure that the payouts are implemented without any further stealing, are Interpol and MI6.

This hardly encourages one to have confidence in a satisfactory outcome. Interpol is believed, like all New World Order collectivist international organisations, to be thoroughly corrupt and capable of being manipulated. As for MI6, it is penetrated and divided, just like the CIA.

Furthermore, MI6 attempted, in 2004, to discredit the Editor of this service. Full details of that operation were published in [International Currency Review](#), Volume 30, Numbers 20 and 3, on pages 27-39, dated January 2005.

What happened was as follows. The Editor visited the well-known veteran journalist and author Gordon Thomas in Bath, Somerset, on 18th November that year, for a general discussion about geopolitical developments. Instead of enjoying such a chat, the veteran journalist, who has close MI6 contacts, proceeded to divulge to the Editor that MI6 had recently distributed to the gullible British 'mainstream' media two packages of disinformation fairytales about the Editor.

HOW MI6 TRIED TO DISCREDIT THIS EDITOR IN 2004

The first concerned some farrago about a figure called Bernie Eccleston, and some motor racing venture of his in Monaco, with which the Editor was supposed to have been involved. The Editor has never participated in any

venture other than his own businesses, which are self-supporting and have never accepted funding from any outside source.

The second piece of invented MI6 claptrap concerned a concocted lie about the Editor's alleged involvement with Mark Thatcher in the aborted Equatorial Guinea scandal, the suggestion being that the Editor was among sources that had helped to finance the operation. The Editor has done NOTHING since the early 1970s, when he acquired ownership of [International Currency Review](#), but write and produce the publications advertised on our website. He has never funded or contributed to anything other than his own wholly-owned publishing businesses.

He is not interested in any other ventures, and never has been.

The following conversation ensued with Gordon Thomas [see page 33 of [International Currency Review](#), Volume 30, #'s 2 & 3. Date of the conversation: 18th November 2004:

Editor: 'It's obvious that this mad fantasy about our supposed links with Mark Thatcher and the Equatorial Guinea botch and scandal comes from the same source [as the drivel about Bernie Ecclestone], namely MI6'.

Gordon Thomas: 'That's right'.

Editor: 'Who did you obtain this [Mark Thatcher libel] from: were they high-up sources?'

Gordon Thomas: 'I heard this very recently... yes, one of them is [a high-up source]. I would describe the other as middle management'.

Editor: 'So what makes them do something like this? What drives them to make up such ludicrous stories and lies, when they know that they can't make anything stick' (since the whole pack of lies is a crude and clumsy, ignorant invention. The Editor has done nothing else since 1963 but editing and publishing, which takes up 150% of his time).

Gordon Thomas: 'It's not necessary for them to prove anything. All they need to do is to make allegations. That's all they need to do'.

Editor: 'So what have they done with these lies? Have they put them out there to the press?'

Editor: 'Yes, it's with the press, we understand'.

Gordon Thomas was nefariously used as the messenger for these lies. The Editor recalls asking him further: 'What was the purpose of these lies?'

Gordon Thomas: 'To make you sit up and think'.

Now, in the light of Wantagate et seq., what could this POSSIBLY mean? It was of course a threat. If you proceed along the lines of your current investigations, we will discredit you and block off your access to the press.

Far from being intimidated, the Editor chose to expose this discrediting operation in [International Currency Review](#), the relevant issue of which sits in offices, libraries and government departments around the world, for the record.

WHY THE EDITOR IS EXPOSING THIS NOW

There are several reasons why the above matter is being exposed at this juncture. The Editor was indirectly threatened by MI6, the message being 'cease and desist from your research into Wanta and your attempts to help him', and 'just for your information, we have distributed lies about you to the press so that you will never be able to access the press again' (the Editor used to write huge Op-Ed reports for The Daily Telegraph). Gordon Thomas actually cited a case of someone to whom MI6 had earlier taken a disliking, whom they had destroyed by feeding odious information about him to one or more of the trashy newspapers. In other words, Gordon Thomas was used by MI6 to try to MAKE THE EDITOR STOP RESEARCHING WANTA. Instead of being his own man, able to make up his own mind, he allowed himself to be used for a nefarious purpose.

As is now well known, the Editor's admittedly reckless action in paying for the Ambassador's exit from his illegal probation in July 2005, is the precise development which triggered the events that culminated in Wantagate and which have in turn precipitated the prevailing international financial situation arising from the perverse ongoing criminality of highest-level US Government officials, all of which represent 'unintended consequences' arising from the Editor's action in July 2005.

We now understand that MI6 are being, and have been, most helpful behind the scenes in certain ways towards the Ambassador and his colleagues. But the Editor would like it to be known that this was NOT PREVIOUSLY THE CASE. On the contrary, MI6 went out of its way to PREVENT THE EDITOR

FROM DOING WHAT HE WOUND UP DOING IN ORDER TO ASSIST THE AMBASSADOR.

MI6 would have been aware that the Editor had visited Ambassador Wanta privately in May 2004. For the record, therefore, while one is naturally grateful that this intel organisation has finally come to its senses on this score, the historical fact is that by irresponsibly and criminally feeding empty and groundless tripe and disinformation about the Editor of this service to the British press (all of which was unfounded garbage), MI6 sought to damage this Editor's reputation, in order to try to prevent him from attempting to assist Ambassador Wanta, whom it is now said to be helping.

It is this kind of double-mindedness, duplicity and fecklessness that has got the world into the unprecedented mess it is in, due to the mindless intelligence warfare that has been raging behind the scenes. To be frank, the Editor strongly objects to having been threatened by MI6, when later on, as a direct consequence of his intervention, they appear to be pleased with the outcome.

Not good enough.

KNEE-JERK, UNINFORMED DISINFORMATION EXPOSED

After the Editor exposed this crass MI6 stupidity in meticulous detail in our financial journal, the operation appears to have been 'pulled'. Of course the gullible and brainwashed UK 'mainstream media' retained the false information and have refused the Editor all access ever since.

But now that we have a readership up to 50 times larger than that of The Daily Telegraph, it may be an appropriate time to reveal this background to a wider public – not least since a US operative using the initials applicable also to the phrase Virtual Keyboard Device may finally understand that this Editor is precisely what he says he is (see the final paragraph at the foot of each report), is not an instrument of any intelligence or other organisation, and is not an agent for a foreign power or for anyone at all. There are vague, unsourced references 'out there' to 'Story and his people': what people, exactly? We have no 'people'.

This is an arms'-length exposure operation that needed doing: and as this Editor is the longest-serving independent editor of a financial journal in the

world, it fell, unfortunately, to him, to be faced with the task of ongoing exposure of this corruption, which is the origin of Wantagate.

This digression aside, the message of the foregoing is that we must not assume that the actual payouts represent the 'end of the matter'. The enforcement entities, Interpol and MI6, seem to be woefully inadequate for the task, and in any case are themselves internationalist organisations working for [The New Underworld Order](#). On the contrary, as an extremely well-informed source pointed out to the Editor overnight, 'it's not over yet'. No, it isn't. It is precisely when the payouts are supposed to be taking place, that the whole lot is most vulnerable to being stolen.

That may be happening. Don't know, but keep the possibility firmly in mind, please.

THE ONGOING 'REDEFINITION OF TERMS' OFFENSIVE

One other point before we comment upon some valuable new leakified information about DVD, Dachau (below). For some time, there has been a concerted operation to amend definitions of terms. The coffee you are drinking at Starbucks isn't really coffee. You think it's coffee, but really it's a chemical mixture that tastes like coffee. Also, the mug that you're drinking it from isn't really a mug. It looks like a mug, but you are a mug for thinking it's a mug, because it's not. It's a container. And the Starbucks you're sitting in isn't really Starbucks at all. It's a Virtual Starbucks franchise, and the owners aren't Starbucks but rather Buck Star Limited, registered in the Cayman Islands.

The US Treasury isn't really the US Treasury at all: it's United States New Treasury Operations, Inc. Washington DC is a corporation. The Hotel Washington, from which I am dreamily looking out at the Treasury, isn't that same Hotel Washington which doubles its prices during IMF/World Bank Annual Meetings weekend, and where you can get the best breakfast in town: it's New Hotel Washington Enterprises, Inc, a proprietary CIA corporation.

The Internal Revenue Service is really a private corporation which is collecting taxes illegally and has no authority whatsoever to do so. The United States Supreme Court is a subsidiary of Model Luciferian Enterprises Incorporated, and the Congress is an operation of Capitol Hill Ventures Pty,

Inc., registered in Alice Springs, Australia. The Editor of this service is really Father Christmas.

The rabbit-hole we have just entered broadens out into a Black warren of illusion like the familiar tunnel with no end, in a typical bad dream. Everything inside the rabbit warren is back to front and inside out, as Alice discovered when she walked through the looking glass.

It's called 'redefining of terms'. Counterintelligence obfuscation par excellence.

HOW TO HANDLE THIS OBFUSCATION OPERATION

Here's how to deal with this offensive. Whether the Black Forces like it or not, they are stuck in the 'real world', as presented for public consumption, and as perceived by the general public.

Sure, they are double-minded, and live in a duplicitous parallel, virtual universe of their own crass invention. And sure, the reality as THEY perceive it is the duplicated construct that bedevils their rancid, Fascist minds. They operate on the basis of what is in THEIR minds, not ours.

And they are out of their minds, and in Lenin's and Schicklgruber's and Satan's minds.

And sure, DUPLICATION HAS INDEED TAKEN PLACE and some of these false Fascist constructs exist (a huge volume of them, in fact).

- BUT IT MAKES NO PRACTICAL DIFFERENCE TO THE SITUATION.

Apologists for the 'duplicated', virtual Fascist world overlook this reality.

The fallacy underlying all this is that the purported fact of Fascist corporate duplication does not mean that the perceived world is not real. It simply means that the criminalists are double-minded and that it suits them, when the going gets tough, to try to persuade us that what we see is not the real world, that the organisations we think we are dealing with are not really what they seem but are something else entirely, and that the real world is their mad world of deception, intrigue, hatred, lies, double-dealing, 'bait and switch', stealing, murder and redefined terms. Welcome to MK-Ultra.

Sorry mate. The weakness of this Black MK-Ultra mind-controlled world is that it has to work within the ACTUAL world in which we live, and which it despises – the world in which the US Rule of Law is still purported to exist, even though the Black Forces have all but destroyed it; the real world in which Congress piles more and more legislation upon the multiple layers of legal gobbledegook that it has generated for decades, a world inhabited by a MAJORITY of awakened, thinking people and military personnel who WILL NOT PUT UP WITH THIS GARBAGE ANY LONGER and who will see to it that these criminal forces and the foreign powers manipulating them, are soon brought to justice, however long it may take.

- The 'virtual world' of criminalist, underworld 'intelligence' is constantly banging its dead head against the ceiling of the real world, and having to take its despised existence into account.

Let the Black Forces get this reality into their thick Black skulls before something really unpleasant happens to the skulls in question.

LONG-RANGE STASI/DVD OPERATIVES WORKING FOR BUSH

Now for an interesting new insight on Deutsche Verteidigungs Dienst (DVD), Dachau [please see our report dated 22nd January 2008]. **It surfaces on a Black (literally) CIA website, where, on 25th January, the well-known operative Tom Heneghan dropped some information which connects with something that this Editor knows about.**

Some considerable time ago, the Editor was explaining to Ambassador Wanta on the transatlantic telephone line that the known STASI operative Eva Teleki is actually a DVD operative, reporting to Dachau, and that STASI was a convenient cover for the DVD (actually, under Communism, it was really the old Nazi Gestapo in Communist clothing). As the Editor has reported several times, the multitude of intelligence community eavesdroppers who were insulting us with their presence on the line on that occasion GASPED LOUDLY AND OPENLY.

There were THREE such loud gasps. Ambassador Wanta is witness to this fact. Why the gasps?

Two possibilities. Either the illegal listeners-in couldn't believe that an 'outsider' had worked this out for himself. Or else, they didn't actually know this.

Now for Tom Heneghan's latest leak. Normally one has to take what these people leak on Agency-controlled sites with a large packet of salt. But since the Editor has background information on this matter, he believes that the leak is accurate, or ballpark.

Tom Heneghan referenced the fact that the proprietary Marvelous Investments Limited (MIL) (a corporation owned and established by Ambassador Wanta and which held/holds massive funds of which Lee Wanta remains the sole principal – Editor), is today 'headed by a counterfeiter, check bouncer and alleged terrorist Eva Telege... Telege forged Ambassador Leo Wanta's signature to ILLEGALLY take control of MIL while Wanta was FALSELY imprisoned in Sayre, Oklahoma, from 1997 to 1998.

[Note: Ambassador Wanta was shunted around the US GULAG in part so that his mail was always delayed and rarely caught up with him, before being dumped in the hideous Wisconsin State manifestation of the Stalinist US GULAG – Editor].

Heneghan's leak continued:

'Telege is currently in Sweden under the protection of the corrupt Swedish Monarchy. She is wanted in France, Holland and Belgium for passing bad checks and counterfeit Euro currency.

Telege is also wanted for questioning in the 7/7 London subway bombing; in fact Scotland Yard has issued a warrant for her arrest'.

The reference to this operative being currently located in Sweden is interesting, first because another known 'STASI' operative, supposedly employing the dubious double-entendre name 'Shagwell', reportedly an opera singer of Hungarian extraction, has also been alleged to be resident in Scandinavia. One wonders whether the two are, by any chance, one and the same.

Secondly, the Sweden reference is also interesting because a huge amount of Bushfraudulent finance was directed through the Swedish Riksbank in the 1990s. Heneghan's designation of the Swedish Monarchy as corrupt (more specifically, Sweden's central bank) is accurate. But one should also bear firmly in mind that the corruption poison has been distributed worldwide by the Bush-linked underworld-focused George Bush Center for Global Corruption (Langley).

Now the Editor was well aware, both from documentation that he holds in safekeeping and from comments to him personally by Ambassador Wanta, that this STASI operative appeared out of the blue while he was illegally incarcerated, and that Wanta signed a document that she proffered to him in the jail, because he was ordered to do so (and implicitly had no choice, which is perfectly reasonable given his dreadful predicament at the time).

The Ambassador has also stated to the Editor that this woman has reneged on obligations towards him that arise from the document in question. The Editor is further aware that this operative stole a sum of money belonging to the Ambassador as sole principal, amounting to between \$56 billion and \$69 billion (the actual number being uncertain).

Heneghan deliberately spells this woman's name incorrectly. Of Hungarian origin, her name is spelt Teleki. By spelling the name incorrectly, Heneghan may well have intended that parties would get in touch so as to correct his spelling, while divulging further relevant information at the same time: an old intelligence community trick.

EVA TELEKI THOUGHT TO HAVE BEEN THE DVD'S 7/7 PAYMEISTERIN

The Editor was also aware in 2005 that Ms. Eva Teleki was resident for the time being somewhere in London, and informed certain authorities of this fact. As usual, they took the information, didn't say thank you and never elaborated further. When the 7/7 atrocities were staged in London, the Editor applied his lateral thinking skills to the situation and suggested to the same authorities that Teleki, being a STASI/DVD operative, may have been the paymaster behind the atrocities.

Heneghan has now revealed in his leak (and last November, as well) that Scotland Yard has issued a warrant for Eva Teleki's arrest. Isn't that interesting.

Uh, because that means that the British authorities know perfectly well that DVD was behind the 7/7 atrocities in London. Yet they are duplicitously continuing to cow-tow to the Germans by their facile adherence to and empty participation in the sterile, counterproductive European Union Collective, which is a long-range hegemony/control operation of the Nazi Abwehr (counterintelligence), a.k.a. Deutsche Verteidigungs Dienst, Dachau, the perpetrators of the 7/7 atrocities.

In a related note, Tom Heneghan repeated earlier information posted on 18th November 2007 that (incorrectly spelt) agent Telege is 'a Bush-Clinton Crime Family Syndicate fixer [who] takes orders from daddy Bush, (CIA operative), Mrs Hillary Clinton and the illegally pardoned fugitive Marc Rich'.

Heneghan also displayed a photograph captioned 'Bush-Clinton Crime Syndicate bagman East German DVD agent and Israeli Mossad agent fugitive Zionist Marc Rich'.

- FACT: On pages 83-96 and also on page 269 of [International Currency Review](#), Volume 31, #s 3 & 4 [Fourth Quarter 2006] the Editor proved, from documents, that Marc Rich may in fact be a long-term deep-cover Deutsche Verteidigungs Dienst (DVD), Dachau, operative born on 4th June 1934, who emigrated from Lelbach/Waldeck über Korbach, Germany, to Canada in 1954, and later received his Certificate of Canadian Citizenship #898013 in March 1966 under his real name, Hans Brand.

- FACT: Tom Heneghan now confirms on a CIA-owned website that Marc Rich is a DVD operative.

Heneghan's report dated 18th November stated that 'as far as Ms. Eva Telege is concerned, a European RED INTERPOL NOTICE has been issued for her arrest. The RED NOTICE mentions Telege as a suspect in the London subway bombing on 7/7 [2005]. Eva Telege is also wanted in France and Switzerland for passing bad checks...'

'If that is not enough, Ms Telege forged documents in order to ILLEGALLY transfer Power of Attorney for Marvelous Investments Ltd from Ambassador Leo Wanta to Ms. Telege'.

In his leak dated 25th January 2008, Heneghan, referencing a huge secret bank account allegedly held by the Clintons in the Cayman Islands, stated in his usual colourful language:

'Romney [is a] business partner with Daddy Bush. This dovetails to our previous intelligence briefing linking Romney, Hillary Clinton, former President Herbert Walker Bush and John Kerry Cohen (Bushfraud's third cousin)... all [of whom] are sitting on the Board of Directors of a CIA proprietary corporation called Marvelous Investments Ltd (MIL) [repeat: originally set up by Wanta, and of which he remains the sole owner and principal both of the corporation and of its assets to this day – Editor of this service).

No wonder the balloon went up when Ambassador Wanta 'ceased to be dead' after the Editor's private funds of \$35,000 (which should have been paid back to him with 7% annual interest by Escrow Trustee Attorney Steven Goodwin in June 2007, but haven't been) procured the ending of Lee Emil Wanta's illegal probationary confinement effective 14th November, five years earlier than stipulated. The Ambassador's probation would otherwise have ended on 28th November 2010.

And the background of Hillary Clinton's little visit in the 1990s to Crozier Bank in Grenada, which suddenly found itself with a 'Black hole' not unadjacent to \$500 million, has still to be related. While Mrs Rodomski Clinton was in the bank, the institution's video surveillance cameras miraculously failed. The stolen funds have not been declared for tax purposes. Er, no, we imagine not.

On page 358 of International Currency Review, Volume 31, #s 3 & 4, we displayed a letter that had been made available to us, dated 17th December 1998 re Marvelous Investments Limited, from Bank Crozier which states:

'Please be advised that you currently have a balance of Five Hundred Million United States Dollars (\$500,000,000) in your account designated for the purchase of Medium-term Notes'.

Let the unravelling continue. And believe this independent Editor: IT WILL

NOTHING LESS THAN ECONOMIC RECEIPT IS ACCEPTABLE

Oh, and by the way: Michael C. Cottrell M.S. and the Ambassador require ECONOMIC RECEIPT of the funds overdue to them, plus interest.

Economic receipt is the only basis of payment that is or can be acceptable, and the only basis upon which US taxes are payable. Economic receipt is 'real world' receipt, not 'virtual' i.e. 'constructive' receipt. Period. The Ambassador has NOT so far taken economic receipt; and since the funds that are supposed to be being paid out belong to the Ambassador in the first place, no other party can be paid until such time as the Ambassador's hijacked 'compromise' \$4.5 trillion has been remitted from the US criminal enterprise called Citibank to the corporate securities account of AmeriTrust Groupe, Inc. within Morgan Stanley, and Michael C. Cottrell, M.S. has taken economic receipt of it. Whether the Tier One 'countries' have actually been paid cannot be confirmed, either.

Suggestions made to us on 24th January that key Tier One Trustees had been or were being paid, which we carefully contrasted in the preceding report with the verified FACT that the Ambassador had NOT been paid, have not been supported since by further reliable information from ANY of our multiple sources to that effect. Their purpose, as with earlier blishments, appears to have been to OBFUSCATE the reality, reiterated below, that no-one gets paid a red cent until the Ambassador has been paid, because Wanta retains his claim on the funds that belong to him. Period.

The possibility is that reports of payments may have been false. There were also suggestions that the payouts started, were then stopped at 2.00pm on Friday 25th January, and then started up again at 4.00pm that day. None of these suggestions have been capable of reliable confirmation. The only FACT that is verified is that the Ambassador has NOT been paid. We rely upon that FACT.

Until the Ambassador is paid, has taken economic receipt and has accordingly thereby relinquished his ongoing recognised and wholly legitimate claim to his underlying \$27.5 trillion, and to the entire layered edifice of illegally accrued fiat money funds illegally generated through multiple leveraging upon the back of his stolen/diverted funds, NO-ONE ELSE CAN RECEIVE A SINGLE RED CENT.

- AND THE SOONER THIS BASIC FACT IS REVISITED, THE BETTER.

This alone supports the argument contained in this Update report that the criminals have attacked, may be attacking or intend to attack the armoured vehicle that has arrived at the high street bank branch and is supposedly transferring the funds. ENDS

CITIBANK MUST PAY \$350 BILLION+ INTEREST UNDER U.C.C. REGULATIONS

Uniform Commercial Code: Article 4A – Funds Transfer: Section 4A-305: LIABILITY FOR LATE OR IMPROPER EXECUTION OR FAILURE TO EXECUTE PAYMENT ORDER:

(a) If a funds transfer is completed but execution of a payment order by the receiving bank... results in delay in payment to the beneficiary, the bank is obliged to pay interest... to the beneficiary of the funds transfer for the period of delay caused by the improper execution.

As stated in our report dated 4th October, we then calculated that the amount of interest payable to the beneficiary by Citibank, given its delay in paying out the diverted funds since June 2006, was around \$350 billion. This amount is rising BY THE DAY, and is now approaching \$400 billion.

- [As we revealed at the time] Citibank 'agreed' to pay \$352 billion by way of interest, following our publication of the above statements. However, the Editor, not being a banker, merely made a rough guestimate at the amount of interest payable by Citibank, consequent upon its criminal frustration and diversion of the Settlement funds since June 2006.
- The actual amount of interest payable by Citibank as an interest penalty, if calculated on the basis of overnight rates, might approximate well over \$1.0 trillion. So the institution, having been made aware of our posting dated 1st November, grabbed the Editor's rough estimate of \$350 billion, and added a couple of billion on to make the figure look different. ENDS.

LEGAL SECTION:

PLEASE READ THIS INFORMATION, AS IT INDICATES THE DEPTH OF THE DEPRAVITY THAT WANTAGATE HAS EXPOSED. REPETITION OF THIS BASIC DATA IS STILL NECESSARY...

- We now repeat, yet again, our familiar summary of the Statutes, securities regulations and fraud information that we have appended to these reports for many months. The reason we append this information is to remind everyone of their clear responsibilities under the US Misprision of Felony legislation, and of course to provide a legal basis for these reports.

LEGAL RECAPITULATION FROM REPORT DATED 30TH AUGUST 2007:

Reiteration of the fraudulent transactions involving Bank of New York Mellon – a bank so arrogant and conspicuously indifferent both to its tarnished reputation and to its grotesque breaches of US law and of N.A.S.D./S.E.C. Regulations, that it now takes first prize in the crowded competition for the title of 'Most arrogant and corrupt financial institution in America'. At least, this was the case until the perpetration of the 'Saturday scam' described above and on 13th November:

Step 1: Fraud in the Inducement: "... is intended to and which does cause one to execute an instrument, or make an agreement... Wicked Pedia Update dated 2nd December 2007:

WIKIPEDIA IS PART OF AN NSA DISCREDITING OPERATION

As previously reported, the Editor's attention was drawn, in the second half of November 2007, to a pack of old lies, diversionary claptrap and disinformation posted on Wikipedia under 'Leo Wanta'.

Although this posting appeared FOR THE FIRST TIME on 12th November 2007, it consisted almost entirely of ancient lies, including disinformation dredged out of 'Thieves' World', a hatchet job published in 1994 by Simon and Schuster by the late Claire Sterling, a CIA operative.

Mrs Sterling died suddenly after being summoned for her second meeting with the Federal Bureau of Investigation, under Clinton.

ANCIENT DISCREDITED LIES POSTED IN NOVEMBER 2007

The fact that the OLD Wikipedia lies appeared for the first time as late as 12th November 2007, and consisted almost totally of old, discredited lies, omitting the Master Lie that the CIA retailed after the Ambassador had been

taken down, namely that he was DEAD, indicated quite clearly to the Editor and his advisers that this latest evil display of regurgitated disinformation represented a deliberate operation by the US intelligence community's disinformation and lie machine, to begin, all over again, the process of discrediting Ambassador Leo Wanta – so that they can relieve him of his funds by some false pretext or other after a 'gag order' has been signed.

The definitive up-to-date information on the Ambassador's affairs has been published on this website, and in several issues of [International Currency Review](#), [Economic Intelligence Review](#), [Soviet Analyst](#) and [Arab-Asian Affairs](#), all published by [World Reports Limited](#), for several years. Copies of these publications are in official, institutional and library hands all over the world. Therefore, any posting about Ambassador Wanta that relies upon ancient lies and fails to take account of the accurate information that we have published, can easily be demonstrated to represent yet another US intelligence community and NSA discrediting operation.

PRELUDE TO 'SETTING UP' WANTA ALL OVER AGAIN

We now understand that the Principals have been advised (for the past several weeks) that they will not be allowed to reveal that they have been paid. This loony state of affairs is designed to 'set them up' for a future discrediting operation whereby false witness will be deployed against them to the effect that they have stolen the money, or some such pack of lies, which they will be unable to refute because they will be bound by the 'prerequisite' gag order that is intended. Its purpose, of course, is to 'legitimise' the old and new lies that the US disinformation apparat will be preparing for future use. The likelihood is that the new discrediting operation will be extended to Michael C. Cottrell, M.S., as well. We are prepared for this intended onslaught.

EDITOR'S TRUE REPORT REPEATEDLY REPLACED BY OLD LIES

On 19th November, the Editor posted on Wikipedia the accurate text about Leo Wanta that is now reproduced below. The Editor's accurate text was then removed by Wikipedia, leaving the 'old lies' that had existed previously. When the Editor became aware of this, he reposted the accurate text below, and, given that his own copy had been deleted, he then deleted the pack of lies, leaving his own accurate text up on the Wikipedia site instead, without the lies.

On 2nd December, the Editor was advised by a monitor that the Editor's accurate text had been removed and that the old discrediting lies had been reposted on the page by Wikipedia. When the Editor checked, he found that the page could no longer be edited because of what the site managers described as 'vandalism'.

IT'S 'VANDALISM' TO POST THE TRUTH, NOT 'VANDALISM' TO POST LIES

It was not 'vandalism' to delete the truth and to replace the truth by old lies, but it was 'vandalism' to delete 'old lies' and replace them by the truth.

We are therefore able to conclude from this Wicked Pedia outrage, as follows:

1. Wikipedia, which purports to 'change the world', prefers lies to the truth.
 2. Wikipedia is therefore, by definition, a source of disinformation and lies, and cannot be trusted as a source of reliable information in any context.
 3. The only category of sick society that would have any interest in disseminating lies about Ambassador Wanta, the United States' greatest living patriot, rather than the truth, is the mentally disturbed US counterintelligence disinformation apparatus (a.k.a. the US STUPIDITY COMMUNITY) which, by its actions in deleting the Editor's ACCURATE information and replacing it with old lies, and by its illegal behaviour in 'snipping' our website texts as stated above, thereby reveals the desperation of its concerns, which all have to do with covering up official criminality.
 4. It is now far too late for the US stupidity community to repair the damage that it has done since June 2006, when the Ambassador's funds were first hijacked by the criminal financial operative Henry M. Paulson, US Treasury Secretary. So it is laying the groundwork for a renewed discrediting operation against Ambassador Wanta and his colleagues.
- We and others will see to it that this intention is defeated, and that such nefarious scheming is exposed for the amoral and disgusting Luciferian behaviour that it represents.

The ACCURATE text that the Editor posted on the Wikipedia site, follows.

(The Editor, after all, PAID FOR AMBASSADOR WANTA'S EXIT FROM PROBATION, FOR GOODNESS SAKE, SO HE CAN HARDLY BE A SOURCE OF DISINFORMATION, CAN HE?). This information will be very widely distributed by other means, in order to provide all concerned with the necessary 'heads-

up' as to what these US Dark Forces have in mind. They are out of their minds and in Satan's mind:

The disinformation about Leo Wanta (Lee Wanta) below was first posted on 12th November 2007. It contains ancient CIA disinformation and long since exposed lies going back to the early 1990s, and obfuscates the truth. The report appended immediately below was added on 19th November 2007, to correct the disinformation contained in the original stub.

It was subsequently removed and is hereby replaced. This sequence of events, which suggests that egregious lies are preferred to the truth, has been recorded on www.worldreports.org, which contains all the updated and breaking Wanta material, that was ignored and traduced in the stub at the foot of this report.

THE ACCURATE TEXT THAT WIKIPEDIA REPEATEDLY DELETED

This is the correct information that we posted on 19th November 2007:

The 'information' posted below represents a deliberately malevolent, false disinformation picture which has no bearing on reality. It is a travesty of the truth of the matter and cites [Christopher Story](#) as the author of some of the disinformation, which is libellous and implies that Story, the veteran Editor of [International Currency Review](#) of nearly 40 years' standing, is engaged in the egregious dissemination of lies, which is not the case.

This is such an egregiously malevolent stub of disinformation that readers should prudently dismiss it altogether; they should start afresh by accessing [Christopher Story](#)'s website, which is: www.worldreports.org, reading from the Archive.

www.worldreports.org is the authoritative source for all updated information on Ambassador Lee Emil Wanta. The source 'Thieves' World' was a CIA disinformation work prepared by the late CIA disinformation operative Claire Sterling, published in 1994.

This stub regurgitates ancient lies perpetrated by the CIA, which lied for many years that Lee (Leo being his intelligence community name) Wanta was dead. The CIA proclaimed that he was dead so that corrupt cadres could ransack his funds (see below).

He 'ceased to be dead' with effect from 21st July 2005 after [Christopher Story](#), a British private citizen, had paid \$35,000 from his scarce private funds pro bono publico by way of 'restitution' to an American lawyer for

onward payment to the Wisconsin State Department of Corrections, to procure Mr Wanta's release from his illegal probation.

Despite his Ambassadorial status, Wanta had been illegally 'taken down' in Switzerland on 7th July 1993 without a warrant on a trumped-up Wisconsin State charge of having failed to pay \$14,129 in falsely assessed Wisconsin State fabricated tax that he never owed because he had been resident in Vienna on US Presidential intelligence work since June 1988.

This data is all in the public domain, has been published for several years in [International Currency Review](#), the Journal of the World Financial Community, and can be read on Mr Story's website.

[International Currency Review](#) is a banking and financial journal with a worldwide circulation: ISSN 0020-6490. It is published by [World Reports Limited](#), London.

Notwithstanding that this fabricated tax demand (orchestrated by US criminal intelligence) had been paid twice under protest by Lee Emil Wanta from abroad (in May and June 1992), the funds were improperly allocated by the Wisconsin State Department of Revenue and were never credited to the false account maintained by them for the Ambassador. ([Christopher Story](#) holds documentary proof of both payments). They were paid a third time by [Christopher Story](#) in June 2005, which action duly procured Mr Wanta's release from illegal probation effective 14th November 2005.

As a consequence of Wanta thus ceasing to be dead, the CIA's lie that he was dead collapsed in chaos, and all the subsidiary old false witness lies that the CIA had perpetrated, including those assembled for disinformation purposes in the stub below (which, in line with the standard false witness used throughout by detractors, attempts to portray [Christopher Story](#) as a source of disinformation) were discredited as well.

Why was Wanta taken down? So that the criminal intelligence cadres running the US Government could ransack the \$27.5 trillion of funds assembled by Leo Wanta on President Reagan's orders, in the course of his Financial Warfare operations against the USSR.

Under Reagan's Executive Order 12333 of 1981, US intelligence officers were permitted to establish corporations which could thereafter contract with the CIA/DIA/DEA/NSA et al for the purpose of fulfilling allotted intelligence tasks allocated to them.

The financial proceeds of operations conducted by such corporations were consequently the property of the corporations and thus of their shareholders, a legal fact of life which has never been, and cannot be, disputed. This was not a good idea because almost all US intelligence operatives are liars and do not function on the basis of the Rule of Law at all, if they can help it.

Lee Wanta is the well-known patriotic exception to this rule: he operates solely in accordance with US law, in contrast to the behaviour of other US operatives, which is why the kakocracy* needed to remove him from the scene, as duly occurred July 1993.

Once Wanta had been illegally arrested (contrary to international law, as a diplomat) and then thrown into a stinking Swiss jail on 7th July 1993, the criminal cadres inside the US official structures immediately ransacked Mr Wanta's bank accounts according to plan.

The history of this matter is, and has been, elaborated in great depth on [Christopher Story's](http://www.worldreports.org) website www.worldreports.org and has been extensively published, as mentioned, in [International Currency Review](#) and other [World Reports Limited](#) intelligence publications.

Students are advised perhaps to begin with the 'Wisconsinagate' report dated 6th August 2007, which forensically dissects, with detailed documentary back-up, the Wisconsin Department of Revenue's tax fabrication operation against Wanta, stretching back for over 20 years, that has been exposed by [Christopher Story](#) in minute detail, and which formed the fabricated basis for Wanta's illegal takedown in 1993, despite the fact that Wisconsin has no jurisdiction beyond its borders.

The overall Wantagate crisis, which is the sole and continuing underlying cause of the prevailing global financial and economic day of reckoning that the world is now facing, has been triggered by the fact that the George W. Bush Jr. White House, aided and abetted by other senior office-holders, hijacked the compromise financial settlement of \$4.5 trillion that the White House itself agreed (in a classified accord that was finalised in May 2006) should be paid over to Ambassador Wanta, so that the stolen and diverted remaining \$23 trillion of his funds (and the many hundreds of trillions of dollars hypothecated upon them) could be released from a de facto lien arising from the collapse of the CIA's lie that Wanta was dead.

For clearly, since he had ceased to be dead, 100% of these funds (plus the hundreds of trillions of fiat 'funny' money generated by illegal leveraged operations from that base) belonged to Lee Wanta and to no-one else: a situation that the banks 'could not handle'.

The entire narrative of what has become the worst financial corruption crisis in world history (which this stub consisting of disinformation attempts to obfuscate) is set out in great detail on [Christopher Story's](http://www.worldreports.org) website www.worldreports.org, to which all readers are directed in order for the accurate state of affairs to be understood. As indicated, this stub below is a travesty and a disgrace, as it regurgitates long since discredited CIA lies, presents a diversionary, distorted and misleading picture, and because it malevolently incorporates [Christopher Story](http://www.worldreports.org) as a source for some of this disinformation.

It is a disgusting instance of ignorant and malevolent US counterintelligence disinformation and deceit at its very worst.

All the statements in the above commentary may be verified by reference to www.worldreports.org and [International Currency Review](http://www.worldreports.org). Another publication covering this matter in detail is [Economic Intelligence Review](http://www.worldreports.org), also published by [World Reports Limited](http://www.worldreports.org), London. Wanta students should access the Archive on the www.worldreports.org Home Page.

A book devoted to Ambassador Wanta and the Wantagate crisis is in preparation

The Wanta disinformation referred to above has been deleted from this page. ENDS.

DIPLOMATIC STATUS OF THE PRINCIPALS

The Ambassador and his colleagues now have special diplomatic status (conferred upon them by HM The Queen in 2007), which means that the Ambassador is now an Ambassador several times over. This factor greatly complicates the intended discrediting offensive that the mad US stupidity community's Dark Forces contemplate, their sole objective being of course to cover up their own criminality, in line with pending 'thought crime' legislation which has the same Nazi-style objective.

*Note: 'Kakocracy': Governance by a clique representing the worst elements of society, in their interests and to the exclusion of all other interests, from the Greek, kakos, meaning foul, or filthy.
