GREENSPAN REPORTEDLY BRIBES AND AIDS BUSH IN GOLD SWINDLES, Part One

by Sherman H. Skolnick

More than three hundred reportedly authentic secret Federal Reserve wire transfer records show how the Chairman of America's private central bank has apparently bribed and aided in corrupt deeds George Herbert Walker Bush and his family, all over a period of time. Later, Greenspan reportedly jointly with Bush and a swarm of major financial entities, derived a horrific benefit in a major gold swindle.

In clandestine meetings, over a period of months, the reportedly genuine documents were turned over to our research and investigation group by government officials clearly in an inside position to possess and confirm such data.

A conversation at one such meeting, "Tell Sherman, if you or he ever reveals our identity, we are all dead, everyone one of us. Also in jeopardy of life and limb would be more than eight others in key government and financial positions." Some of the records purport to have the wire transfer signature of A. Greenspan whose term as Commissar of the Federal Reserve was renewed in the new century. Because he is like a corrupt Soviet dictator, answerable to no one, we coined the term, "Alan Redspan".

The document delivery team were assured of confidentiality by our past record. As the founder/chairman of our group, Citizen's Committee to Clean Up the Courts, since 1963, I have been imprisoned some eight times in four decades, not for committing

crimes, but for so-called "contempt of court", for refusing to reveal the identity of long-reliable sources of high-level corruption data turned over to us on the sly. Our sources, cross-checked with others, and backed up by over one million documents already in our possession, have enabled us, over a period of decades, to set off, what some describe, as the biggest judicial bribery scandals in U.S. history.

Briefly stated, this includes the downfall we caused in 1969, of Illinois' highest tribunal, the Illinois Supreme Court, with half the high court being put to the wall. In the 1970s, our work led to the jailing for bribery of the highest level sitting federal judge in U.S. history, a federal appeals judge in Chicago who had also been former State Governor and his aide, former head of the Illinois Department of Revenue, the tax collectors. 7th Circuit Federal Appeals Judge Otto Kerner, Jr., went on all the media and said "Skolnick is a liar". Kerner died an ex-convict, convicted as I accused him to his face, as is our long-time policy. From 1983 to 1993, our work set off a series of scandals, by which 20 local judges and 40 lawyers were sent to prison for bribery, including the Chief Judge of the Traffic Court, who in a taped interview said, "Mr. Skolnick, you are imagining things, there is no corruption in this courthouse."

The Federal Reserve wire transfer data, which is also corroborated by matters already in our possession, among other things, confirms the following:

[1] That George Herbert Walker Bush, starting back at the time he was Vice President and continuing long thereafter, reportedly corruptly benefitted from Billions and Billions of dollars transferred at the behest, of among others, Alan Greenspan, to private corporations worldwide, in which the Elder Bush apparently has a beneficial interest, and/or is a major stock or bond holder, and/or is a kingpin therein, in other capacities. Included are enterprises in Saudi Arabia, North Korea, Hong Kong, Denmark, England, Red China, Taiwan, Japan, and Germany, among others. Some of the purported secret wire transfers of massive amounts were jointly for the Elder Bush and his brother Prescott, a financial broker in New England. According to published accounts, Prescott Bush arranged vast, unsavory deals with the Japanese mafia, the Yakuza, as well as dictator-types in Red China including reportedly with the top officials of the Red Chinese Secret Police [who also operate greatly in North America].

[2] Holding as well a large beneficial interest, and/or as major stock or bond holder in those accounts has been Jackson Stephens, the Little Rock-based bond broker, largest such operation outside of Wall Street. Stephens, tied reportedly to the ethnic Chinese gangsters like the Riady family interwoven with Clinton and Ollie North and the dope traffic, has been a major backer of Sludge Willie. The nefarious worldwide reputed corrupt deals of the Stephens family have been covered up by Alan Redspan and what some call the highly secretive, conspiratorial Federal Reserve.

[3] Some of the firms and enterprises to which the massive wire transfer assets were sent, are reportedly CIA proprietary operations set up by Bush as the head and former head of America's secret political police. [Now a Chicago-based bankruptcy expert, William A. Brandt, Jr., has been a worldwide expert in quietly terminating CIA proprietaries once their espionage function is completed, as shown by documents released under Freedom of Information by the U.S. Justice Department. Brandt's activities overlapped those of the Elder Bush.]

[4] Some of the billions and billions of dollars of reputed wire transfers went for the beneficial interest of the Elder Bush, and his son Neil, an official of a CIA proprietary, disguised as Denver-based Silverado Savings & Loan Association. The S & L went under and Neil Bush should have been sent to prison for causing the downfall by reportedly misusing large amounts of federal-insured thrift agency funds. On the other hand, as accused in stories in the press in Spain, the Elder Bush and his sons George W. Bush [Texas Governor] and Jeb Bush [Florida] Governor and Jeb's wife, a native of Columbia, are reportedly incriminated through huge money laundering of dope proceeds through banks owned by criminals in Spain. Dope proceeds reportedly from Columbia, Morocco, Portugal, and Italy. We publicized the quiet arrest in Chicago in January, 2000, of the reputed Bush family cocaine bank money laundry wizard, Giorgio Pelossi, a prominent Swiss accountant. Visit our website: <http://www.skolnicksreport.com> for the details.

The Elder Bush has been with the CIA since at least 1959, when he helped set up Zapata Petroleum Co., later called Zapata Offshore, with upwards of 600 branches worldwide in international hotspots for the reported purpose of gathering intelligence for the spy agency. Some

news sources have contended that Zapata's offshore drilling rigs, located beyond the U.S. jurisdiction limit, are reported centers for transferring large quantities of illicit drugs and other contraband.

[5] Some of the reportedly huge secret wire transfers were for, or with the Elder Bush jointly with the Queen of England, through her accounts in the British Monarchy's Coutts Bank, London. The secret account numbers are contained in some of the more than 300 apparently authentic Federal Reserve wire transfer records. The British Monarchy has long been accused as being worldwide kingpins in the narcotics traffic, going back 150 years starting with the Opium Wars in China.

[6] Others of the more than 300 documents, relate to a situation started in the 1970s, when the Elder Bush arranged to overthrow the Iraqi government by political assassination. Bush helped install Saddam Hussein. Others of those and other documents relate to the decade, 1980 to 1990, when the Elder Bush was a secret private business partner of Saddam Hussein in extorting billions of dollars per year from the weak sheikdoms in the Persian Gulf---oil industry kick-backs, to supposedly assure security. A little-known Federal lawsuit in Chicago dealt with the secret partner of Saddam Hussein, namely George Herbert Walker Bush. I and my associates were the only journalists attending the federal appeals court hearing. I later did an exclusive group of interviews with the participants, confirming that Bush and Saddam were private business partners in extortion of the sheikdoms. Only one populist paper dared publish the details in 1991 of my interviews on the federal case.

In a typical sort of falling out of business partners, Bush suckered Saddam Hussein into seizing a portion of Kuwait long challenged by Saddam as being a Iraqi province and part of Saddam's oilfields. Bush used a top U.S. official to mislead Saddam into thinking the U.S. would not intervene in this local quarrel with the former British colony. Bush was the one, on behalf of U.S. oil drilling interests, that helped develop the Kuwaiti oilfields, following the 1961 relinquishing of British sovereignty. In its simplest form, the 1990-91, Persian Gulf conflict was a falling out of private business partners.

The result of this treachery? Great loss of life of ordinary soldiers. Upwards of 150 thousand young Iraqis died in the conflict, some buried alive by U.S. war bulldozers.

President Bush ordered U.S. warplanes to shoot in the back, the retreating Iraqi soldiers proceeding under a white flag of surrender. It was the most horrendous murder of surrendering troops in world history. The German massacre of some 80 U.S. troops surrendering in World War 2 during the Battle of the Bulge, was a small matter by comparison. [Our public access Cable TV Program in 1991 was about the only TV Show in America that dared discuss this matter.]

Following the Persian Gulf War, some 15,000 U.S. troops died from the mysterious malady, called Gulf War Syndrome, which the Pentagon denies is happening. Ex-GIs continue to die from the strange ailments, and the total deaths and debilitating diseases amount to more than 20 per cent as casualties of all the Americans serving in the military in the Persian Gulf 1990-91, more than 100 thousand American soldiers as casualties.

Having been apparently massively bribed and aided in corrupt deeds over a period of years, the Elder Bush owed Alan Redspan and others important favors. Bush has been a potentate in one form or another, with Canadian Barrick Gold. The Bank of England, jointly with the Queen of England who reportedly shared accounts with the Elder Bush at Coutts Bank, London, and three or more major financial entities, orchestrated a vicious attack on gold in 1999. Together, they drove down the price of gold to about 252 dollars per ounce, more than 30 dollars per ounce BELOW THE COST OF PRODUCTION of the most efficient gold mines, such as in Canada.

Reportedly helping this unlawful attack on gold, gold mines, and gold mine workers, forbidden by U.S. Anti-Trust Laws, have been the following among others:

==Goldman Sachs, one of the world's largest bond and gold trading houses. Cynics, knowing these facts, call them "Goldman Sucks". Goldman Sachs has been so much into short selling deals of gold, that in the October, 1999 gold crisis, they were reportedly considering invoking the contract provision called "Force Majeure", used to avoid complying with a contract because of wars, hurricanes, revolutions, and such. The Federal Reserve has through various dirty tricks bailed out Goldman Sachs repeatedly.

==Bank of America, big in foreign exchange trading, called ForEx, [long ago called Bank of Italy, in America]

they were reportedly part of the "knock down the price of gold" group.

==Bank of England, jointly with the Queen of England, offering for auction or sale gold that neither one apparently really owns, but is actually a huge gold horde stolen upon the downfall of the Soviet regime and whisked away to Dutch custody at a Swiss airport for speedy transport wheresoever requested. Bank of America is owned jointly by the Vatican, the Jesuits, and the Rothschilds. Joining them in recent years as major owners have reportedly been the Japanese mafia, the Yakuza, big in the U.S. dope traffic, and owning most every bank in California.

The purpose of the gold attack was to drive down the price of gold, among other things, to help bail out six hedge funds that have been more than a trillion dollars underwater in derivatives gambling, that is asset swaps. The bankrupt hedge funds, when gold is low-priced, can obtain gold loans for as little as one per cent interest. Were the hedge funds disaster scenario to be more public, it might set off a melt-down of the financial system of the Western world.

Reportedly at the behest of Bush, Barrick became part of a complicated trick of forward leasing of gold. A sort of short selling of gold. Thus sold short has been more than ten thousand tons of gold, more than four years of total world gold production. Gold has been called by some, "The Killer Yellow Metal", for the type of situations it can cause. In February, 2000, Barrick, Bush, and the anti-gold gang, reportedly again sought to stop the precious metal from going up to a more fair market price, such as 600 dollars per ounce.

The disclosures of the reputed secret Federal Reserve wire transfer records could torpedo the pirate ship of which Alan Redspan is a treasonous Captain joined by reputed super-crook the Elder Bush and his family and others in their gang. All together, they are part of the big gold swindle of the new century.

Sorcha, the Fear!!

Obama Secret Meeting With Mormon Leaders Spark End Time Fears

By: Sorcha Faal, and as reported to her Western Subscribers

A startling report prepared by the Federal Security Service (FSB) circulating in the Kremlin today is describing the text of a recently "*translated*" communiqué between the Russian and Chinese branches of The Church of Jesus Christ of Latter-day Saints (LDS Church or, informally, the Mormon Church) as "*chilling*" in that it describes last weeks sudden and unannounced visit by President Barack Obama to Salt Lake City, Utah, to meet with top church officials as a "*warning*" that the end of times may be here.

According to this report, President Obama, who was previously scheduled to be in Utah on Friday (3 April) for his first ever visit to that State to participate in a new program aimed at employing US veterans in the solar energy industry, instead arrived with no notice Thursday evening (2 April) at Hill Air Force Base (HAFB) whereupon he was then spirited in a high speed convoy to the Sheraton Hotel in Salt Lake City, 48 kilometers (30 miles) south of HAFB, where he met in secret with top Mormon church leaders including President Henry B. Eyring, President Dieter F. Uchtdorf of First Presidency, Elder L. Tom Perry and Elder D. Todd Christofferson of the Quorum of the Twelve Apostles.

So sudden and secretive was this unscheduled meeting between President Obama and Mormon Church leaders, this report continues, US reporters erupted in anger over it, and as evidenced by this article in the Daily Caller News Service which, in part, says:

"The White House Correspondents' Association is reportedly crafting a list of demands to be sent to the White House, after an incident last week in which a pool of reporters covering the president's visit to Salt Lake City were turned away from a meeting between Obama and Mormon leaders."

As to why these reporters were not allowed to be near President Obama when he met with Mormon Church leaders, FSB experts in this report state, was due to the documents they were all viewing relating to what is commonly called 'The White Horse Prophecy'.

The White Horse Prophecy, this report explains, is a statement purported to have been made in 1843 by Joseph Smith, Jr., founder of the Latter Day Saint movement, regarding the future of the Mormons and the United States. The Mormons, according to the prophecy, would “*go to the Rocky Mountains and ... be a great and mighty people*”, identified figuratively with the White Horse described in the Revelation of John. The prophecy further predicts that the United States Constitution will one day “*hang like a thread*” and will be saved “*by the efforts of the White Horse*”.

As to how powerful the Mormon Church is, this report further notes, is shrouded in “*deep secrecy*”, but by some estimates may be as much as over \$17 trillion worldwide and includes an estimated over \$7 billion in yearly donations, plus their massive land holdings that property records show include land in all 2,825 counties in the United States. The church, also, holds title to land under a variety of different names, which it also refuses to disclose so it is virtually impossible to determine independently how much property the church owns, and where.

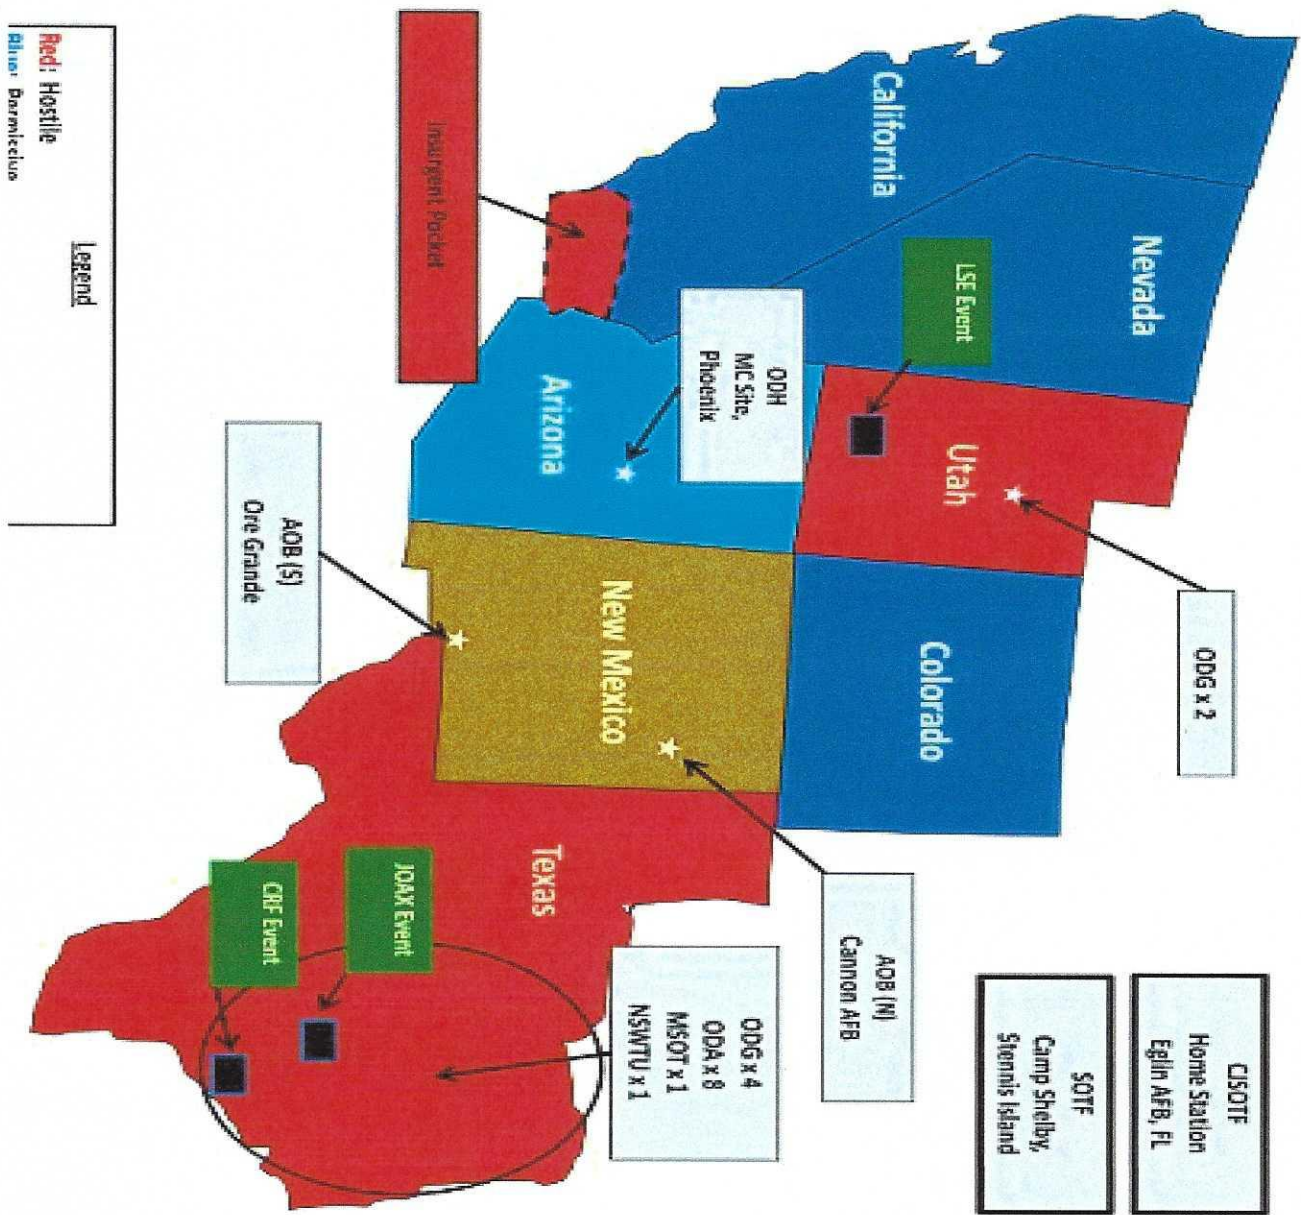

Under the Federation’s Law on Freedom of Conscience and Religious Associations, FSB experts in this report say, registration documents provided by the Mormon Church show it has a global membership of over 15 million, all of whom, under their religions “*tenants and structure*” hold what are called “*community property*” beliefs meaning, in essence, that the money and land owned by each individual member is, also, owned by the church.

So globally economically powerful has the Mormon Church become, in fact, this report continues, even the State Council of the Peoples Republic of China (China) was forced to recognize it and allow its growth in a nation not known to be a bastion of religious freedom.

Even more concerning, at least to the US, of the Mormon Church's association with China, this report states, has been its moves to transfer its tremendous wealth to China's long-awaited international payment system to process cross-border Yuan transactions that is now ready and may be launched as early as September or October.

As the world is now set to enter the most chaotic and destructive economic depression in history, this report further warns, and with America's labor force alone soaring to an unprecedented 92.3 million unemployed, the Mormon's Church siding with China against the US has, indeed, been noted by the Obama regime as its home State of Utah has been "targeted" by the US Army Special Operations Command [see map below] as a "*hostile enemy State*" in the upcoming, and unprecedented "*war games*" against American civilians called "*Jade Helm*".

BROWN: Uncertain (leaning hostile)

Light Blue: Uncertain (leaning friendly)

As FSB analysts are still currently expanding on their “*translation*” of this Mormon communiqué, this report concludes, and its full implication for the Federation, further reports will be issued accordingly....

Re: US Treasury payouts and Federal Tax payments

Dear Mr. Wilcox:

Please use this information in your discussions with the US Senators. As discussed and agreed by the parties, below is the approximate amount of funds for payout per the US Treasury:

Leo Wanta	4.5 Trillion	35% = 1.575 Trillion Fed Tax
Bonney	14.0 Trillion	35% = 4.900+ Trillion Fed Tax
Tropos	13.2 Trillion	35% = 4.620 Trillion Fed Tax
Falcone	24.0 Billion	10% = 2.400 Billion Fed Tax

The above payments will generate over 11 Trillion Dollars in US Federal Taxes, which could almost payoff the US National Debt. I am happy to discuss this information and its importance to the national debt with anyone at anytime. You can reach me on my cell 216-225-6239 or 440-823-4826.

Respectfully,

US Special Forces In Yemen Take Over American Walmart Stores

CONFIRMING

An intriguing Foreign Intelligence Service (SVR) report circulating in the Kremlin today is expressing puzzlement as to why the United States top Special Forces command, that is currently directing the war in Yemen against Houthi rebel forces, has this past week taken over a number of Walmart stores in America and is now converting them to Command and Control (C2) Centres.

According to this report, SVR electronic intelligence analysts tasked with overseeing their American counterparts this past week identified a series of mysterious communications between the United States Special Operations Command (SOCOM), located at MacDill Air Force Base (MCF) in Tampa, Florida, their subservient counterpart located at the US Naval Expeditionary Base Camp Lemonnier in Djibouti (where the war in Yemen is being directed from), and... of all places... from a suddenly closed Walmart store in Brandon, Florida just 20 kilometers (13 miles) from their main headquarters.

In following these SOCOM communications, this report says, a further strangeness was discovered when C2 links were also found existing between the, likewise, suddenly closed Walmart store in Pico Rivera, California and the massive US Marine base Camp Pendleton located 119 kilometers (74.0 miles) apart... a suddenly closed Walmart store in Tulsa, Oklahoma, and the Tulsa Air National Guard Base (TANGB) located 16 kilometers (10 miles) apart... a suddenly closed Walmart store in North Midland, Texas, and Fort Bliss, El Paso, Texas, located 416 kilometers (259 miles) apart... a suddenly closed Walmart store in Livingston, Texas, and the highly secretive US Homeland Security base located at the Ellington Field Joint Reserve Base (EFJRB) in Houston, Texas, located 119 kilometers (74 miles) apart.

As to why all of these Walmart stores spanning the entire length of the United States were suddenly closed, this report continues, US news sources are reporting that they all mysteriously experienced the exact same plumbing problem... but which local news sources, from California to Florida, quickly discounted as being not true.

More ominous, however, of the sudden closing of these Walmart stores, this report states, is their location in what has been described as the “*main combat target zone*” of a massive SOCOM military exercise planned for the United States called “*Jade Helm*”, whose ending in September (coincidentally?) exactly coincides with the 6 month date all of these stores have stated they will remain closed for until they reopen.

JADE HELM 15***

UNCLASSIFIED//FOUO

US Army Special Operations Command

To the massive “Jade Helm” military exercise itself, this report continues, it is an 8-week US domestic battle plan scheduled to begin on 15 July, and last until 15 September, encompassing the US States of California (mostly friendly but with an “*insurgent pocket*”), Utah (enemy State), Arizona (friendly State), Nevada (friendly State), Colorado (friendly State), New Mexico (neutral State), Texas (enemy State), Mississippi (not designated) and Florida (not designated). [Note: Mississippi and Florida were late additions to this military exercise.]

And according to the unclassified Request to Conduct Realistic Training—JADE HELM 15 (RCRT-JH15) posted by SOCOM describing this massive domestic military exercise they further state about it:

“This is a *challenging eight-week joint military and interagency (IA) unconventional warfare (UW) exercise conducted throughout Texas, New Mexico, Arizona, California, Nevada, Utah and Colorado.*

The seven states and divided regions therein are designated as hostile, permissive, uncertain (leaning hostile) and uncertain (leaning friendly), with, for example, California designated as a largely blue (permissive) region with a small portion of the south in red (hostile)

based on insurgent activity in the area. Here is a graphic of the exercise's geographic layout.

Exercise participants come from across the Department of Defense and U.S. government, and include U.S. Army Special Forces Command (Green Berets), U.S. Navy SEALs, U.S. Air Force Special Operations Command, U.S. Marine Corps Special Operations Command, U.S. Marine Corps Expeditionary Units, 82nd Airborne Division and some interagency partners (likely, but not confirmed: FBI, CIA, DHS and others).

The RCRT states upfront the goals that the exercise hopes to accomplish: to improve the unconventional warfare capability of U.S. special operations forces as part of the national security strategy, and to determine the pros and cons associated with the exercise. "

Left unsaid/unanswered by SOCOM, or any other US authority, this report asks, is why the American militaries special forces and domestic intelligence/security agencies even need to conduct such an exercise as the United States (people/society/transportation/etc.) is so unique that the only information that could possibly be gained is in how to subjugate/suppress their own citizens as the knowledge gained could not possibly apply to any other nation on Earth?

Even more grimly to note about this "Jade Helm" "adventure", SVR intelligence analysts in this report state, are that SOCOM forces are apparently honing the tactics they will soon be using against their own citizens in America... including mass starvation... in Yemen.

The reason(s) for this being so, they continue explaining, is due to both Yemen and the United States having the largest per capita ratio of privately owned guns in the world, a situation which has enabled both of these nations to be deemed "unconquerable" by Federation war experts.

But to the greatest (potential) horror of what SOCOM's "Jade Helm" is really about, this report grimly concludes, can be heard in the words of the late US Army Veteran and FBI informant, Larry Grathwohl, who in 1982 described in chilling detail the Obama regimes "Yellow Travelers" logistical master plan to kill tens of millions of Americans... and by using these closed Walmart stores as C2 centres to weed them out would certainly be something they could do.
