LONDON, 6th June 2008: It has been reported to us that the World Court agreed to the terms of a petition, believed to have been lodged by the World Bank, providing for 25% to be sliced off the top of the aggregate Settlements figure for redirection to 'humanitarian' purposes\*.

According to sources, the last-minute demand was accompanied by what amounted to a threat that if this concession were not forthcoming, the Settlements would be aborted. (The latest information at posting was that they are moving forward, but such assertions, as we know, are meaningless).

Pragmatic arguments presented to the World Court may have focused on the 'urgent' requirement for additional finance to enable the World Bank to come to the assistance of developing countries that are being brought to the edge of destitution by rapidly rising food and fuel prices.

No doubt every kind of 'reasonable-sounding' pleading that can be imagined, including 'climate change' (previously known as global warming), will have been thrown into the petition, for good measure. Also presented, no doubt, was the argument that the global refinancing would be skewed if the World Bank were not to be refinanced on a scale commensurate with the global Settlements operation in parallel, given the importance of the World Bank per se. And so on and so forth.

**CONDITIONAL AGREEMENT TO THIS BLACKMAIL BY THE G-8**  
Our several sources inform us that, faced with this last-minute demand, immense pressures (see below) were brought to bear, with the end-result that the Group of Eight (G-8) financial powers finally AGREED to 25% of the Settlements aggregate being creamed off the top, as requested. HOWEVER, this concession was made contingent upon the following two conditions:

- The releases must have been completed by Monday 9th June 2008.
- In the event that there are any further delays, the 25% concession will cease to apply and certain major countries will take matters into their own hands. We have been requested not to elaborate on what this means, at least at this juncture.

## **'HUMANITARIAN PURPOSES' IS CODE FOR PAYOFFS TO CRONIES**

Being interpreted, what this latest disgraceful state of affairs means is that, through one or more collectivised international financial institutions, which are understood to have acted as cover for hidden financial corruption on a massive scale over the years, payoffs may be intended for all the usual suspects, headed by the Bush-Clinton crime nexus.

As the Editor knows from his observations and reporting on embedded fraud inside the European Commission's structures, all these globalist collectivised institutions are riddled with corruption or 'creative accounting', in their privileged, taxation-free environment, not least since they report to nobody, are subject to no meaningful external accounting disciplines, and nobody takes ultimate responsibility for wrongdoing since the institution, being a collective, takes decisions collectively, with the buck stopping nowhere.

Moreover, given this state of affairs, they develop their own self-serving 'ethic' – which permits transactions to take place that would be criminal if undertaken in the outside world.

Recipients of secret payoffs ultimately derived from this 25% 'slice', aggregating multiple trillions of dollars, may, however, discover that they could face 'unanticipated' difficulties to which they have never been accustomed – such as having to provide 'source of funds' information, a consideration which suggests that, in practice, actual enjoyment of their 'restored' funds may prove problematical.

Given the size of the Settlements overall, 25% would certainly RESTORE the finances of the Bush Crime Family, which were decimated by President Bush Jr., as a consequence of naked shorts and other unfortunate operations (as we reported), and would FLOAT OFF Mrs Hillary Clinton, so that her renewed financial muscle would enable her to bribe whoever she needed to bribe, in order to avoid the fate that otherwise may (or should) await her.

Mrs Clinton's theatrically 'delayed' announcement of her withdrawal from the competition to be the Democratic presidential nominee for the forthcoming US General Election is believed to have been DIRECTLY RELATED to this coup against the Settlement funds, we understand.

For Jezebel is thought to have demanded, not least as a price for her political cooperation and in lieu of no longer being able to 'run' stolen or diverted monies, a slice of the 'clean' Settlements funds – a demand coordinated with the Bush Crime Family.

As a Senator who has taken her oath of office, such behaviour is treason; but since the holders of the highest offices in the United States have been committing treason daily ever since they came to power, this consideration is hardly likely to have weighed with this notorious CIA operative.

THE CENTRAL ROLE TO DATE OF THE CIA'S HILLARY CLINTON  
To appreciate this dimension, we need to rehearse a few basics about Mrs Clinton's role here.

Hillary Clinton, a long-term CIA operative with a reputation for ruthlessness, was 'promoted' behind the scenes to run as candidate for the Democratic nomination, by none other than Herr Godfather George H. W. Bush Sr., inter alia so that she could 'look after' Bush Sr.'s interests.

Some of the mists surrounding Jezebel's activities in the background have recently lifted, especially the blanket of fog that has masked her alleged financial operations. Let us explain.

When the 'Wanta' \$4.5 trillion was brought over from the People's Bank of China in May 2006, as described in our Wantagate reports and confirmed in the text of Mr Wanta's Petition for a Writ of Mandamus [see Wantagate reports dated 24th June and 5th July 2007], the funds were hijacked by Bush Jr.'s newly appointed Treasury Secretary, (the late) Henry M. Paulson, and were then 'run' by Mrs Hillary Clinton.

This FACT has been confirmed to us by several sources of late, but, although previously mentioned in these reports, had not hitherto fallen into clear focus.

Mrs Clinton competed for the Democratic nomination for a number of motives, of which the least understood were that she was fronting for George H. W. Bush Sr. (the Bushes and Clintons work together), was tasked with running Wanta's hijacked money, and was relied upon to emerge as the Democratic candidate so that, the forthcoming election having delivered the 'necessary' outcome, she would, as President, be able to restore the financial corruption status quo, signalling 'business as usual' for the Bush Crime Family and its myriad associates in the corrupted elements of the US intelligence, financial intermediary and banking sectors – as though nothing had ever happened.

### **THE \$6.2 TRILLION IN THE CITIBANK SUSPENSE ACCOUNT**

The original \$4.5 trillion that we were told had been earmarked for the Wanta Settlement having first been replicated (several times over) and then stolen, 'replacement' LOAN funds, believed to have been made available by order of Her Majesty The Queen (probably deploying funds

furnished by a branch of the Rothschilds, although obviously this cannot be confirmed), were delivered via the Bank of England into the hands of Bank of New York Mellon, which was supposed to act as the conduit for the funds, as we reported on 30th July 2007.

The 'replacement' monies, aggregating \$6.2 trillion, were subsequently established to be located with Citibank (as we also reported), where secret bank accounts were discovered in the names of the key highest-level criminalists, including the Clintons.

Guardian of these secret accounts was, and remains, Mr Robert Rubin, Clinton's former Treasury Secretary. Although Sir Win Bischoff, the senior British banker originally from Schroders, who had apparently managed some of Wanta's funds many years ago, was sent over to Citibank in 2007 from London, together with Mrs Catherine Weir, as we believe, in order to act as the eyes and ears of Her Majesty The Queen, the real power at Citibank, given the state of affairs summarised here, has evidently remained all along in the hands of Robert Rubin. He sat (and sits) there, protecting the secret bank accounts and historically blocking what was supposed to have been the Leo/Lee Wanta Settlement and Plan, as approved in June 2007 by the Group of Eight financial powers.

THE SITUATION FACING MRS CLINTON IN EARLY JUNE 2008  
Before continuing, we can take a quick glance at Mrs Hillary Clinton's political options prior to any decision on her part to step 'out of the nomination race'. It is known that the vote tallies in the New Hampshire, Ohio, Pennsylvania and Kentucky Democratic primaries were rigged (using the same, long since exposed, electronic voting machine scamming procedures that had enabled the Bush-supporting components of the criminalised US intelligence community to steal the 2000 and 2004 Presidential Elections). It follows that, since the rigging of electronic voting handled inter alia by the Diebold machines, continues (exposure of this scandal having made no difference), voting in the forthcoming US General Election will also be scammed. That can be taken for granted.

Since the Republican candidate, John McCain (Mr Cain), has indicated in no uncertain terms that he will take steps that will de facto facilitate a 'reversion' back to the (financial corruption) status quo, should he be elected President, it is probable that Mrs Jezebel H. Clinton could 'arrange' for (a) a proportion of her supporters to switch to Mr John McCain (as has ALREADY been hinted at) and/or (b), more to the point, for blatant electronic vote-rigging to take place, as before, so that the outcome is again 'thrown' in favour of the Republicans.

This sounds far-fetched, and it may have become unlikely now, but it is EXACTLY the sort of thing that these crooks are believed to have had in mind.

As we know, the fact that Bush Jr. 'stole' the 2000 and 2004 General Elections has not prevented him from 'preaching democracy' in the Middle East, in repeated displays of hypocrisy so obnoxious that it has nauseated all who could bear to absorb this information. But since WHEN was SHAME a word that featured in the vocabulary of these criminalised mental defectives?

### **THE REAL REASONS MRS CLINTON SOUGHT THE NOMINATION**

Notwithstanding that many influential Democratic Party figures had been clamouring, both publicly and behind the scenes, for Mrs Jezebel to retire from the 'race', her earlier confidence against the background of mounting evidence of failure, and her behaviour in clinging to her old status as the former Democratic front-runner, have puzzled all who have been unaware of the REAL reasons that Mrs Clinton has been running at all, which can be summarised as follows:

- She has been fronting for George Bush Sr., guarding his flank and illegally running the Wanta money as quid pro quo for facilitating an intended reversion, come the new Presidency (Clinton or McCain), BACK to corrupt business as usual.

- She has been protecting her own future (as she may see it) from the day of reckoning that may await her 'down the pike', given sealed indictments against her and her vulnerability to retribution, e.g. for the 'diversion' of that undeclared \$500 million from Crozier Bank, Grenada, and for other alleged crimes that would be much too tedious and unpleasant to mention here. (When four US operatives went down to Grenada to investigate that theft, it was discovered that the bank's video camera system tapes were blank during the precise period that Jezebel was present in the bank).
- Her presence on the US political stage contending for the Democratic nomination buttressed the position of Robert Rubin, who as noted is the guardian of the secret bank accounts held at Citibank in the names of high-level US criminal operatives, all of whom have been diverting funds.

The sudden demand for 25% of the Settlements aggregate may have represented a bold Bolshevik throw of the dice by the Bush-Clinton organised crime circles, along the lines of: as you won't let us continue to undertake our usual untaxed financial operations below the radar, and as the British police have seized our collateral [see below], we will take 25% of the 'clean' Settlements money, thank you. Otherwise we'll see to it that George Bush Jr. continues to block the Settlements.
