IMF and IRS vs U.S. Treasury Secretary Timothy Geithner

by Tom Heneghan, International Intelligence Expert

Wanta-Reagan-Mitterrand Protocols**

UNITED States of America – It can now be reported that IMF President Christine Lagarde has completed final negotiations with the U.S. arm of the IMF and the U.S. Provost Marshal that will complete the bilateral tax agreement between the IMF, Austrian banks and now, none other than the U.S. Internal Revenue Service.

ABOVE HIGH TREASON
Nazi Bush-Clinton-CIA Crime Family Syndicate
stooge U.S. Treasury Secretary Timothy Geithner

The U.S. Treasury is currently being held hostage by check kiter, crooked bank stooge and money launderer Timothy Geithner, who has now been accused by IMF officials of masterminding the LIBOR rate rigging scandal that started in 2008 at the time of the TREASONOUS George W. BushFRAUD-Nancy Pelosi ponzi bail out of all these crooked terrorist banks.

Item: Implementation Mechanism

The U.S. arm of the International Monetary Fund (IMF) will now place \$1.5 TRILLION of U.S. Taxpayers funds due the IRS in an escrow account controlled by the IMF (not crooked U.S. banks) that is directed to pay \$1.5 TRILLION in taxes on the Swiss AmeriTrust account owed the U.S. Treasury and the IRS.

Note: If check kiter and money launderer and Bush-Clinton Crime Family Syndicate stooge, U.S. Treasury Secretary Timothy Geithner, refuses to accept these funds due the IRS, the IRS, on the order of the U.S. Supreme Court, will immediately have check kiter Geithner arrested.

P.S. As of twenty (20) minutes ago, the IMF, the U.S. Provost Marshal, European Interpol and the U.S. Comptroller of the Currency, have frozen more Nazi German Deutsche Bank accounts tied to a massive money laundry linked to the misuse of the Wanta-Reagan-Mitterrand Protocol funds by the Bank of Israel, its Governor Stanley Fischer, along with their Nazi Prime Minister Benjamin Netanyahu.

P.P.S. Direct message to U.S. President Barack Obama:

It is time you use your authority as President of the United States to put a stop to this criminal international banking ponzi scheme and sign the implementation of the Wanta-Reagan-Mitterrand Protocols, NOW!

Stay tuned for our next intelligence briefing when we will include an update on the latest ponzi scheme involving the crooked (privately owned) U.S. Federal Reserve, the Bank of Japan, the Central Bank of Australia and massive illegal currency manipulation that is designed to artificially inflate the price of soy beans for the benefit of crooked Brazilian hedge funds.

Note: It is expected that the Brazilian soy bean crop will have an all time record yield.

In closing, stay tuned as a major military confrontation is about to take place in the Middle East.

When all is said and done, and you turn your TV off, Lafayette remains at Brandywine and Al Gore still remains the REAL *natural born*, duly elected President of the United States.
