ISRAELI MOSSAD PLANS ELECTION FIX FOR HILLARY

By Tom Heneghan

It can now be reported that Voxeo, a computer election software company, which helped Khazarian Jew John Skull and Bones Kerry Cohen defeat then Senator John Edwards, Democrat of North Carolina in 2004, is about to be used again in 2008 to possibly count the votes in the Iowa caucus.

Voxeo, which has an indirect Israeli MOSSAD connection, was approved as the electronic voting counting system for Iowa by former Democratic Governor of Iowa, Tom Vilsack.

Vilsack, a major neocon, has direct connections to the Orlando, Florida-based Voxeo as a major stockholder.

Voxeo, whose CEO dates back to the Israeli defense company Elron Electronics, had major issues in vote counting in Illinois and Florida.

Voxeo has its historical roots dating back to the Florida 2000 election coup, i.e. the overthrow of Albert Gore Jr.'s presidency in the state of Florida.

Voxeo, has direct ties to Yang Enterprises, MEGA MOSSAD election fixer and Joseph Lieberman/Scooter Libby fundraiser, Mel Sembler, and the noted ChoicePoint software systems company that illegally kept over 50,000 African-Americans from voting in the year 2000 presidential election in Florida.

P.S. Stole an election for Bush -- now they want to steal an election for Bitch, i.e. unelectable Hillary.

Fool me once shame on you, fool me twice shame on me. We won't be fooled again.

One last note: The CNN network and Israeli satellites, together, are part of this election fix attempt in Iowa.

The mouthpiece for all of this is none other than Khazarian Jew and former Israeli AIPAC official, Wolf Blitzer of CNN.

**How dare you, you conspiratorial
and kings and notable queens!**
