**Prostitutes financed by Jack Abramoff and linked to AIPAC and former Israeli prime minister serviced House, Senate members, media hosts, top military, other feds**

**MSNBC host Joe Scarborough allegedly cooperating with probe regarding Abramoff indictments—considering whether to report sex-ring scandal on “Scarborough Country”**

**Washington—May 5, 2006—[TomFlocco.com](http://TomFlocco.com) — A long-time top-level government agency official joined a national security expert in confirming grand jury testimony last month, revealing that male and female heterosexual, homosexual, lesbian, bisexual and child prostitutes provided sexual services to numerous congressmen, senators, national media hosts and other federal officials who were compromised and made susceptible to blackmail at three Washington hotels.**

**“The whole Republican Party was for sale—the House, Senate and the White House,” said a well-respected federal agency official with impeccable credentials who declined to be named but who is familiar with testimony and sources close to the grand jury probing Jack Abramoff.**

**Patrick Fitzgerald**

**Special Prosecutor Patrick Fitzgerald’s grand jury heard several agents testify in April that the “Watergate, Ritz-Carlton and Sheraton Hotels in Washington, DC were used to compromise legislators and news-people with prostitution services, the financing of which is directly linked to the American Israeli Public Affairs Committee (AIPAC), former Israeli Prime Minister Benjamin Netanyahu, Marc Rich and Abramoff,” said national security expert Thomas Heneghan.**

**There are no corporate media reports as to whether White House officials participated in the hotel sex ring activities with House and Senate members; however, Heneghan said U.S. Senate Leader and 2008 presidential candidate William Frist (R-TN) was alleged to be a frequent visitor to the hotels according to U.S. intelligence agents.**

**Frist is reportedly a close friend of alleged Bush 43 male consort and former Knoxville, Tennessee mayor Victor Ashe according to federal agents.**

**Jack Abramoff**

**The corruption and crimes surrounding the indicted Republican lobbyist were widespread and far-reaching enough to cause Fitzgerald to impanel a separate grand jury, often referred to by intelligence officials as the "Franklin grand jury," which is hearing testimony and examining Abramoff linked evidence tied to the Iraq War, September 11 and related issues.**

**Pentagon analyst Larry Franklin was arrested for leaking classified U.S. government information to AIPAC officials Steve Rosen and Keith Weissman who reportedly leaked information to Israel concerning a controversial proposal by Department of Defense hardliners to destabilize Iran.**

**The federal source wishing to remain anonymous said that additional government officials are currently testifying this month before the Franklin grand jury about Abramoff, the GOP-linked prostitution ring and its ties to AIPAC.**

**"Photographs of politicians in compromising positions have reportedly already been used as blackmail to silence politicians who would speak the truth about the 2000 election fraud in Florida, 9-11, Iraq/yellowcake/WMD and how Jack Abramoff and Netanyahu were the pimps for the operation," said Heneghan.**

**President Bush has emphatically denied that he personally knows Abramoff, despite CIA documents indicating the indicted lobbyist visited the White House 200 times during the first ten months of the Bush presidency—often enough for a personal visit on every business day of each month, according to wide news reports.**

**Despite the daily White House visits, Bush said “I’ve never sat down with him and had a discussion with the guy,” adding, “I’m also mindful that we live in a world in which those pictures will be used for pure political purposes,” attempting to justify his unwillingness at first to release photos with Abramoff.**

**Fitzgerald is reportedly convinced that the Bush administration wanted Valerie Plame-Wilson’s identity as a CIA official leaked because her intelligence team had identified Israeli Mossad operatives inside Iran who were to receive weapons of mass destruction (WMD) to be delivered through Turkey and planted in Iraq to further the president’s case for war, said the intelligence expert.**

**“The financing for these warehouses is linked directly to AIPAC, Benjamin Netanyahu, Marc Rich and Jack Abramoff; and the money trail ties back to American International Group (AIG), Hank Greenberg and Doug Alexander—former British Minister of E-Commerce,” said Heneghan.**

**In an ominous prediction, Heneghan said, “It won’t be long before the un-compromised U.S. military may have to declare a State of Emergency and re-implementation of the Constitution under a special provision of the Naval Code, which would lead to the arrest and removal of the criminal government residing at 1600 Pennsylvania Avenue.”**

**According to Heneghan, the Abramoff congressional sex ring is tied to the SunCruz Casino scandal, secret accounts at Riggs Bank and Crozier Bank, the 9-11 “hijacker” Venice, Florida flight schools, and former U.S. ambassador to Italy Mel Sembler and Doug Alexander—both of whom have been linked to the reported Florida 2000 election fraud—all of which is tied to a financial trail that connects narcotics trafficking to Al Qaeda and the congressional sex ring.**

**MSNBC host and former congressman Joe Scarborough, subject of a recent TomFlocco.com story, "is now cooperating with federal investigators in the Abramoff matter which has led the probe to the doorsteps of the AIPAC whorehouses now operating in Washington, DC," said Heneghan.**

**The intelligence expert told us "Scarborough told federal investigators that he now believes his female staff member was murdered in his congressional office to silence her regarding knowledge of Alexander, Sembler, Katherine Harris, Jeb Bush and the Florida election 2000 coup d' etat."**
