## **Obama Faces Impeachment Inquiry**

**by Tom Heneghan, International Intelligence Expert**

**UNITED STATES of America** - It can now be reported that a secret committee of the U.S. Congress is considering impeachment proceedings against alleged President Barack Obama.

This stems from Obama, along with his crooked, TREASONOUS Treasury Secretary, Timothy Geithner's **decision to outsource a U.S. national high-speed rail project to the General Electric Division (GE) headquartered in the People's Republic of China.**

**Geithner's TREASONOUS deal with General Electric has set off a fire storm in the U.S. Congress calling for Geithner's resignation and dovetails to President Obama's refusal to implement his own Executive Order aka the implementation of the Wanta-Reagan-Mitterrand Protocols, which would return \$23.5 TRILLION back to the U.S. Treasury and allow private financing of the high-speed rail project without costing the American Taxpayers a dime.**

**Obama and Geithner, along with the entire Bush-Clinton Crime Family Syndicate, have decided to give General Electric, along with Warren Buffet's British linked Berkshire Hathaway, the contractual licenses to the high-speed rail project.**

**How dare you, you conspiratorial tyrants  
and kings and notable queens!**

**Reference: It was current White House Chief of Staff, Israeli Mossad agent Rahm Emanuel, along with the former Obama White House Counsel Greg "Skull and Bones" Craig that helped Warren Buffet at Berkshire Hathaway secure purchase of massive amounts of U.S. real estate that would be tied to the high-speed rail project.**

**It is important to note, folks, that both General Electric and Berkshire Hathaway are loaded up with toxic AIG derivatives, which would then mean that the U.S. Treasury would have to make another massive infusion cash to both G.E. and Berkshire Hathaway, all done at the American Taxpayers expense to absorb the cost of these derivatives in order to proceed with the high-speed rail project.**

**What Obama has done is the following:**

**He has let the bank robbers who LOOTED the U.S. Treasury out of jail and turned around and given these same crooked individuals the road map and authorization to rob the same bank (the U.S. Treasury aka the American Taxpayers) for a second time.**

**This, of course, is all enabled by the corporate-controlled, fascist, extortion-friendly, oil-soaked U.S. media.**

**P.S. Let me quote American Patriot Ambassador Leo Wanta, whose case is now before major Congressional committees and is now being assisted by former Vice President, now year 2000 duly elected President Albert Gore Jr. and current Republican Congressman from Texas and former presidential candidate Ron Paul.**

**Quoting American Patriot Leo Wanta:**

**"It is absolutely amazing the continuing political process in Washington, D.C. continues to try to eliminate a private sector investor from building and maintaining a permanent HSR (high-speed railroad) transportation program without any American Taxpayer subsidies, grants, now or in the future and prevent career jobs and opportunities now for a minimum of ONE MILLION Americans for at least five years.**

**What a terrible injustice and shameful political act to deny immediate American financial recovery without U.S. Taxpayers' dollars at risk."**

**P.P.S. White House sources are reporting that President Barack Obama is now depressed and stunned that he has been fingered in making this TREASONOUS deal with the People's Republic of China, General Electric (GE), Berkshire Hathaway and none other than the Queen of England and, of course, his 'handler' daddy Bush aka George Herbert Walker Bush.**

**It is reported that Obama is roaming the halls of the White House claiming he has no choice but to go along with the demands of the Bush-Clinton Crime Family Syndicate and constantly uses the words "if you only knew, if you only knew".**

**What we do know is that the Bush-Clinton Crime Family Syndicate is controlling and occupying the United States with a private Blackwater & Associates foreign mercenary army that has infiltrated the U.S. Military and is threatening to attack the American People with a "False Flag" terrorist black op aka nuclear accident if Obama does not succumb to their financial demands.**

**The individuals tied to the Israeli Mossad who are tied to the infiltration of the U.S. Military are called "spotters". They not only have ties to the Mossad but to alleged Al Qaeda aka the U.S. CIA data base (employees of US. intelligence).**

**Reference: Maj. Nidal Malik Hasan, the alleged Fort Hood shooter, is a classic example of a "spotter". Nidal Malik Hasan, operated on both sides of the box in identifying the alleged Al Qaeda presence **while assisting them at the same time.****

**It is current Obama U.S. Secretary of Defense Robert Gates and Obama's dysfunctional Secretary of State, loser Hillary Rodenhurst Clinton, along with daddy Bush aka George Herbert Walker Bush, **that are liaison to the "spotters" aka rogue mercenaries on American soil.****

**P.P.P.S. I now want to respond directly to internet gossip columnist, foreigner British MI6 agent Christopher Story.**

**Story, a bag man for the Queen of England, continues to libel and threaten this reporter, along with American Patriot Ambassador Leo Wanta.**

**The sociopath Story, who recently called Ambassador Leo Wanta a terrorist and went as far as to blame Ambassador Wanta for 9/11.**

**Story is now being assisted by FBI Division 5 cointelpro disinformation agent, cross-dressing sociopath Timothy (Tim) White, currently hiding out in the Vancouver/Burnaby, British Columbia, Canada area, who assisted Story in gaining access to this reporter's California driver's license and home address, and then had the audacity to put this information on his website.**

**Story and White were clearly trying to enable the assassination of this reporter to be carried out by the British MI6 Blackwater mercenaries present on American soil.**

**Note: Two (2) criminal referrals have been sent against both Christopher Story and Timothy White, one to the U.S. Department of Justice and one to California Attorney General Edmund G. Brown, Jr.**

**Item: Story's colleague, FBI Division 5 agent Timothy White, currently has a warrant for his arrest in the United States for making at least five (5) major death threats documented in personal emails by White against former Vice President, now year 2000 duly elected President Albert Gore Jr.**

**Story, a vicious anti-Catholic, is also enabled on American soil by British Intelligence asset Linda Fanton Pike of the Iowa Nurse's Association.**

**Ms. Pike is a personal liaison to former Obama White House Counsel Greg "Skull and Bones" Craig, who, of course, was a major campaign operative for fellow "Skull and Bonesman" and BushFRAUD's year 2004 election patsy John Kerry Cohen.**

**Pike was also a major campaign supporter of this stooge, John "Skull and Bones" Kerry Kohn in the year 2004 presidential election cycle.**

**We can now also divulge that Ms. Pike at one time plotted to visit Au Claire, Wisconsin (then residence of Ambassador Leo Wanta), attempted to seduce him and then assassinate him with a poison she intended to bring to Au Claire.**

**Thanks to the work of a friendly foreign intelligence agency, Ms. Pike was unable to carry out this plot.**

**Notice to Christopher Story: You are not going to be allowed to continue to intimidate, blackmail and threaten American citizens like myself and Ambassador Wanta on their own soil.**

**You are a British citizen with no authority in the United States whatsoever.**

**Your last blog clearly identifies you with General Electric (GE), Berkshire Hathaway and the Queen of England.**

**We, the American Taxpayers, are not going to pay for another massive 'bail out' designed to give the Queen of England control over American railroads.**

**One would think, Mr. Story, that in about 48 hours you would leave your apartment in New York City and depart from American soil before the Justice Department arrests you for criminal conspiracy to once again LOOT the U.S. Treasury on behalf of your British monarch.**

**Attorneys for Ambassador Leo Wanta and myself are compiling enough evidence and documentation to have you deported immediately.**

**We already have the airliner picked out for you. It is a Blackwater & Associates rendition aircraft.**

**At this hour you might want to call your new attorney Greg Craig.**

**One last time. Let me make this clear. IT IS NOT THE QUEEN'S MONEY.**

**It IS the American and French Taxpayers' money under the legal trusteeship of Ambassador Leo Wanta...**
