United States of America – It can now be reported that president-elect Barack Obama has appointed Mona Sutphen as Deputy to soon to be White House Chief of Staff, Representative Rahm Emanuel, Democrat of Illinois.

What makes this interesting and borders, one again, on possible treason, is that Sutphen, who worked on the National Security Counsel in the Clinton White House, has been a Managing Director of Stonebridge International, a strategic consulting firm tied to the parent company Civitas Stonebridge LLC.

Guess who is the co-chairman and co-founder of Stonebridge International LLC? None other than Mossad agent and former Clinton Administration National Security Advisor Sandy Berger.

Berger is well known for his ILLEGAL theft of 9/11 and Oklahoma City bombing documents from the U.S. National Archives, which dealt with hard evidence of TREASON by both the current Bush and previous Clinton Administrations.

Previous Intelligence Briefing:

...Sandy Berger not only took NATO nuclear codes but he was involved with a Mossad team in Thailand transferring nuclear triggers and other sensitive nuclear information on NATO with the help of Adnan Khashoggi disguising these uranium and nuclear materials as textiles sending through China to Israel. Treason of the highest proportion.

Financing Sandy Berger was Marc Rich, the Bush-Clinton Crime Syndicate fixer.

Attorney General Gonzales is covering all of this up for the Bush-Clinton Crime Syndicate.

It was then Vice President Al Gore, Jr. who tried to have Marc Rich arrested in 1993 and was prevented from doing so by the Israeli Mossad and the Bush-Clinton Crime Syndicate that then dumped Vince Foster in the park that was working with Ambassador Leo Wanta, former FBI Director William Sessions and General Vernon Walters.

Since both the Clinton and Bush Crime Families are in business together, there is NO Justice Department to bring charges of treason and espionage against Berger.

Now president-elect Obama appoints Mona Sutphen as assistant to Rahm Emanuel, knowing that Sutphen was an advisor to none other than TRAITOR Sandy Berger.

I guess this is what we call "change"!

In fact, documents have been stolen out of the national archives in regards to First Lady Hillary's meetings with her business partner and personal confidant, Eva Telege aka Teleke aka Teleki, wanted fugitive 7//7 London bombings terrorist suspect, counterfeiter and check bouncer

It is well known in most circles that Berger's theft of documents from the U.S. National Archives dealt with evidence of criminal activity by both Bill and Hillary Clinton, including secret accounts overseas at the East German DVD Deutsche Bank.

Reference: As we reported in previous intelligence briefings, former President George Herbert Walker Bush has BILLIONS of STOLEN U.S. Treasury funds parked at the Deutsche Bank in his own personal account with current German Chancellor and East German DVD agent Angela Merkel operating as the bag lady.

Note: New information and evidence has developed linking former Republican Senator Phil Gramm of Texas to Bush's secret accounts at the Deutsche Bank.

<http://i2.cdn.turner.com/cnn/2008/images/07/10/art.gramm.gl.jpg>

We should also recall that evidence stolen by Sandy Berger from the U.S. National Archives exposed Jose Padilla as Oklahoma City bombing suspect John Doe #2 and the role of the East German DVD Strassmeyer Cell to the bombing conspiracy.

The Strassmeyer Cell also has tie-ins to 9/11, the Philippines, and the role of wanted fugitive 7/7 London bombings terrorist suspect Eva Telege aka Teleke aka Teleki and a double agent for the United States and KGB known as "Databu".

Evidence stolen by Berger from the U.S. National Archives on this subject also dealt with a meeting in November of 2001 between Teleki and Databu in which U.S. Treasury bills were used to bribe Databu, who was a representative of CIA asset Tim Osman aka Osama bin Laden, for the purpose of bin Laden playing the role of 9/11 patsy.

The Treasury bills were also used to pay for bin Laden's kidney dialysis treatment. Bin Laden later died of kidney failure in December of 2001.

AND IT GETS WORSE!

White House Deputy Chief of Staff designate Sutphen actually coordinated a cover up inside the Clinton White House, which dealt with both Bill and Hillary Clinton's financial ties to various secret accounts and gold bullion hidden in the Philippines under the control of the noted Eva Telege aka Teleke aka Teleki.

Again, folks, Mona Sutphen really represents change?

Stonebridge International LLC has also had Madeleine Albright aka Halfbright, along with neocon Richard Perle, sitting on its Board of Directors.

Both Albright and Perle, along with traitor Sandy Berger, had direct access to Echelon and PROMIS software allowing them to rake in BILLIONS, along with Mona Sutphen, from the British P.O. stock sale to United Arab Emirates (UAE).

As you recall, current White House occupant Bushfraud tried to sell U.S. ports to the terrorist linked United Arab Emirates and basically hand over our port security to a foreign nation with Berger, Halfbright, Sutphen, Perle, and that's right, Jeb Bush and both Clintons raking in a windfall.

**How dare you, you conspiratorial tyrants
and kings and notable queens.**

AND NOW IT REALLY GETS WORSE!

Stonebridge International LLC has also been linked to various financial schemes and illegal trading through the Life Exchange in Great Britain, which undermined and sabotaged the assets of the failed Lehman Brothers brokerage house and in doing so the solvency of the French bank Société Générale.

The co-conspirators in the attack against the French bank Société Générale not only included Stonebridge International LLC but NBC General Electric and East German DVD Deutsche Bank with former Federal Reserve Chairman Alan Greenspan directing the financial black op.

Reference: It is no surprise that NBC News reporter Andrea Mitchell aka Mrs. Greenspan wants UN-electable *LOSER* Hillary Rodenhurst Clinton as Obama's U.S. Secretary of State since Hillary can then travel worldwide and direct more of the Bush-Clinton Crime Family Syndicate financial fraud against the American People and the rest of the world.

Yes, folks, this is "change"!

AND NOW IT IS GOING TO GET REALLY, REALLY WORSE!

Yang Enterprises-FloridaGate election 2000 coup d'état directed against then Vice President now duly elected President Albert Gore Jr., was financed directly by none other than then Civitas Stonebridge LLC.

Click here for the entire story on what took place in Florida in the year 2000. It is material probably never read before and includes a murder and obstruction of justice at the highest level, by Florida Governor Jeb Bush.

Remember folks, there is no statute of limitations on murder.

P.S. Remember both daddy Bush's little bitch, Bill Clinton, and unelectable loser Hillary Rodenhurst Clinton file a joint tax return.

If president-elect Obama wants to make Hillary U.S. Secretary of State some questions must be asked.

If Hillary wants to be U.S. Secretary of State she will have to answer why both Clintons received a large sum from the Amir of Dubai who represented the Dubai Ports World, the company that was going to take over security at American ports.

Hillary will also have to answer questions concerning the ILLEGAL Bill Clinton Library funding by Saudi Crown Prince Abdullah.

Bill Clinton received the funds from a monarch that refused to let the FBI question suspects that the Saudi Kingdom had in custody reference the 1996 bombing of the Khobar Towers that killed 19 American USAF Military personnel.

If Hillary wants to be U.S. Secretary of State she is going to have to answer questions about the MILLIONS of dollars given to the Clinton Foundation from mining tycoon Frank Giustra who accompanied Bill Clinton on a trip to Kazakhstan whose human rights record loser Hillary had criticized.

The Kazakhstan President met with Clinton and Giustra and within two days Giustra's company landed preliminary agreements giving it rights to buy into uranium products controlled by the Kazakhstan state owned company that gave money to the Clinton Foundation.

The Kazakhstan state-owned enterprise is also tied to the Bush-Clinton-Gary Best "TRUE COLORS" assassination teams and its worldwide money laundry, narcotics and weapons trafficking.

There is no doubt that some of the weapons that have been used to kill American soldiers in Iraq came from the Kazakhstan state-owned, Clinton financed enterprise.

P.P.S. In our next briefing we will report the role of the Central Bank of Iraq theft of U.S. Taxpayers' funds and the bribing of the current Iraq government, along with the role of British mercenaries in the actual assassination of American soldiers who were witness to the financial crimes that continue to be perpetrated.

Final note: We have to bring you some humor and make you laugh even though it really is not laughable, it is criminal.

Wolf Blitzer said today on CNN that it might be a good idea for president-elect Obama to keep Henry Paulson on as U.S. Secretary of the Treasury.

<http://image.guardian.co.uk/sys-images/Guardian/Pix/pictures/2007/08/29/h13.jpg>

Question: Is Blitzer at CNN getting a 'bailout' from Paulson.

If that is not bad enough, almost every Republican, along with 9/11 co-conspirator and East German DVD agent Dr. Henry Kissinger are also promoting Israeli Mossad agent Hillary for U.S. Secretary of State.

So you see, folks, that is change!

As we bring this intelligence briefing to a close, the winds have lessened in California and the wildfires are now somewhat being contained.

As much as my critics may attack me, I defiantly stand by what I say in all of these intelligence briefings knowing it to be the truth and the truth shall set you free.

As of this hour we live FREE or die!
