My Friend gave me this information with photos in 2012....

Now **US Attorney General William Barr** would be able to charge, prosecute and imprison the leaders of the Obama-Clinton Regime's **coup plot against President Donald Trump**. It was believed that Barack Obama not only personally authorized the **illegal "spygate" spying on Trump campaign officials**, but allowed China to **hack 21 million U.S. military personnel records**, (effectively dumping the entire U.S. Pentagon database into the hands of Communist China), was a key player in Clinton's **Uranium One scandal**, plus endorsed a multi-billion dollar money laundering operation that handed nuclear weapons capabilities to Iran – all four activities being Acts of Treason against our nation.

Introducing Michael LaVaughn Robinson; The First Lady Of The United States Of America

outrageousminds / July 4, 2014

The Alternative Community has known for quite some time about Michelles (Michaels); dirty little secret. With NO photographs of Michelle 'pregnancys' and NO birth records of her Two 'daughters', it is hardly surprising that Tinsel Towns

darling Joan Rivers off the cuff remarks are so blazè and leave the viewer with the impression that “everyone knows”.

The startling assertion is that the current First Lady of the United States of America, known as Michelle Robinson Obama, is a biological male posing as a woman.

That anyone would make such an assertion is a mark of how much distrust and suspicion the Obamas have engendered, due entirely to Barack’s secretiveness concerning his [Selective Service registration](#), school records (including even his kindergarten record!), and medical records; his refusal to explain why [his Social Security number has a Connecticut prefix](#); and his outright deception about his birth certificate, an image of which he made public on April 27, 2011, but which [forensic experts have determined to be a fake](#). It doesn’t help that the Hawaii official, Loretta Fuddy, who had signed off on Obama’s purportedly birth certificate was the only passenger who [died in a small plane crash](#).

Startlingly, even the Obamacare sign-up website [healthcare.gov](#) cannot verify Barack Obama’s identity! (See also “[Investor’s Business Daily editorial asks if Obama’s entire life is a fiction.](#)”)

Barry calls his wife “Michael”

In a speech on September 30, 2011, at the transition or change-of-office ceremony of the Chairman of the Joint Chiefs of Staff at Fort Myer, Virginia, Obama referred to his wife not as Michelle but as Michael.

As you can verify for yourself in the video below, Obama clearly said: “Distinguished guests, men and women of the finest military in the world, most of all, Admiral Mullen, Deborah, **Michael and I** also want to acknowledge your son Jack who was deployed today, all of you have performed

extraordinary service to our country....”

Bafflingly, even the text of the speech on WhiteHouse.gov says the same thing:

“Secretary Panetta, thank you for your introduction and for your extraordinary leadership. Members of Congress, Vice President Biden, members of the Joint Chiefs, service secretaries, distinguished guests, and men and women of the finest military in the world. Most of all, Admiral Mullen, Deborah, **Michael and I** also want to also acknowledge your son Jack, who’s deployed today. All of you have performed extraordinary service to our country.”

Admiral Mullen’s first name is Michael. However, throughout his speech, Obama referred to Mullen as “Mike,” not Michael.

Michelle’s birth name was Michael

Even before Obama’s gaffe, there were bloggers who said Michelle’s real (birth) name is Michael.

As an example, three months before Obama publicly referred to his wife as “Michael,” blogger [Matthew B. Glosser](#) wrote on June 30, 2011 that he was contacted by “an anonymous source who claimed to be a former White House staff member of the Obama administration, specifically “a former member of the First Lady’s personal staff.” The source claimed to have sensitive information regarding a stunning revelation about Michelle Obama and wanted to arrange a meeting with Glosser in person to present the evidence for this claim.

Though initially skeptical, Glosser nevertheless met with the “anonymous source” on June 25, 2011. The source said “the major alphabet networks ... are in the tank for Obama and it is network policy to cover up any critical stories regarding the President and his family. The White House has officially

created a State media.” Then the source said the following about Michelle Obama:

Michelle Obama, First Lady of the United States, was born Michael LaVaughn Robinson in Chicago, Illinois on January 17th, 1964. He was the second son born to Fraser Robinson III, a well known cocaine dealer and union thug for Crime Lord/Mayor Richard J. Daley, and Marian Shields Robinson, a transient street prostitute who was diagnosed with the HIV virus in 1998. He [Michael] was a popular high school athlete and in 1982, he accepted a scholarship to play middle linebacker for the Oregon State Beavers.

After finishing a respectable rookie season with 88 tackles and 7.5 sacks, he suddenly dropped out of the school. Fellow teammates observed that Robinson could regularly be heard lamenting over how he is a “woman trapped inside a man’s body”, and on January 13th, 1983, he underwent sex reassignment surgery at Johns Hopkins University School of Medicine. To hide the shame of his new identity, Michael left Oregon State to attend Princeton University under his new legal name, “Michelle Robinson”. Years later, he met Barry Obama Jr. a Kenyan immigrant who later became aware of “Michelle’s” true identity. They subsequently married and adopted two children.

Below is a picture, circa 1981, Glosser posted, showing the pre-op Michael LaVaughn Robinson **(top right, #44):**

The Video

The most recent claim that Michelle is a man is this fascinating video that systematically argues that her hands, shoulders, neck muscles, and head-to-body ratio all point to her being a biological male, all of which would explain why there are no pictures of a pregnant Michelle, and why there are [no birth records of "her" two daughters](#).

RV/INTELLIGENCE ALERT - May 22, 2019

(Disclaimer: The following is an overview of the current situation of the world based on intelligence received from several sources which may or may not be accurate or truthful.)

China's President Xi Jinping has stated that there is no end in sight for the Trade War in the near future.

<https://www.cnbc.com/2019/05/21/xi-jinping-says-china-is-embarking-on-a-new-long-march-signaling-no-end-to-trade-war-soon.html>

This statement is correct as the US-China Trade War is a plan being orchestrated by the Earth Alliance.

The Trade War will continue until it brings the fiat financial system to its knees to make way for the QFS.

The QFS (Quantum Financial System) will require all countries to have a gold-standard thus resetting the value of all currencies.

Meanwhile, the majority of sources are claiming that the RV is about to begin.

All Zimbabwe 2008-2009 Trillion Series (Bond) Notes must be redeemed prior to being destroyed as per law.

Judy Note: "The party has started," Tony said on **Mon. May 20**. Prosperity Packages were being delivered, some people overseas had reported being paid, a Military General and others reported having signed NDAs indicating they were paid, while others have appointments scheduled

for this week. Tony was told we were going by **Tues. May 21**. MarkZ said Bigwigs were expecting to have access to their funds on **Tues. May 21** and full access on **Thurs. May 23**, while Bruce claimed we could be notified and begin redemption on **Wed. May 22**. Banking personnel were told they would be exchanging any time this week and at least by **Thurs. May 23**, while intel on **May 17** indicated we were in a window to receive notification for appointments some time before **Friday May 24**.

For the past two weeks the Stock Market has suffered Black Mondays after teetering in or near the red since last Oct. 1 2018 when the Market lost all gains for the year. The Stock Market crash appeared to be on schedule as planned, so that U.S. Treasury holdings would be dumped, thereby bankrupting the U.S. Corporation and eliminating their fiat dollar Central Banking system – a necessary move so that the new asset/gold-backed Quantum Financial System could replace the fiat dollar and take over the global economy.

On **Tues. May 21** Eagleone2025 said that there would be good intel and bad intel and to understand that Russia, China, America and the UK were all well aware of getting this done. Like any military man in war, you pulled the trigger when you needed to, and sometimes you laid low and waited. We were very close to Martial Law and a serious 9/11 event. 5. Eagleone2025: Understand that the process has begun. This was a day-by-day process. There were those who have been paid. Mark said that as well. There have been some high military types who have been paid. The week of **May 17-24** has kicked off. How long will this process take? We wait and see.

9. Eagleone2025: Some VIPs were being paid. Get ready.

10. Eagleone2025: I just talked to my Asia contact, who was waiting hopefully. Military sources were looking happy. We wait as this was close.

11. Member: Military Families were being urged to stock up with supplies to the amount of 2-3 weeks.

12. Eagleone2025: We are very close to Martial Law and a serious 9/11 event. Just get ready, but remain calm. If the weatherman told you to get some extra food and water, then that is where we are.

13. Eagleone2025: The Central Banks and Federal system was coming down. Trump was bleeding the system for this reset. The plane ride was going to get rough.

14. Eagleone2025: Mark, Fleming and Eagle One were just passing on the best intel we could. This was what we were allowed to share. There were things I've been told by officials that I could not share.

15. Nflemingjr: I agree with Eagle One. There were some things that I am not allowed to share.

16. Eagleone2025: There would be good intel and bad intel. Understand that Russia, China, America and the UK were all well aware of getting this done. Like any military man in war, you pulled the trigger when you needed to, and sometimes you laid low and waited.

C. May 20 2019 11:07 pm EST The Truth about the Zim Bond, MRH: ["The Truth about Financial Instruments like the Zim Bond" by MRH - 5.20.19](#)

I have read a lot of speculation about the Zim "exchange

rate" and "demonetization" from people who obviously know absolutely nothing about financial instruments. So hopefully this will clear up a few things about the Zim.

We have all heard that the Zim has been "demonetized". Some people think this means that it is no longer worth anything, but this is a misperception. Since the Zim is being treated as an historical bond, it must be redeemed for the value that it promises to pay on its face. We have heard that there will be exchange rates "offered" for it, but not even that is true. The face value on the face of the Zim bond, must be redeemed for the value it states in Zim legal tender, which could then be exchanged for the rate between the Zim and the new USTN or USN. In other words, the bond is redeemed for the legal tender it promises to pay which is then exchanged for the foreign legal tender with which he wants to exchange it.

For evidence of this, let us take a look at the United States Savings Bond. When one buys a \$50 savings bond for \$25, it says on its face that it is redeemable for \$50 upon maturity in 20 years or so, whatever that may be. Once the bond matures, the United States cannot decide at that point, "We are only going to pay you \$32 for your \$50 savings bond. It is a financial instrument that must be honored no matter what.

When the Zim Note was demonetized, that merely means that it no longer may be used as legal tender. This is, of course, true for the same reason that one cannot use the above mentioned savings bond as legal tender. If one wanted to spend the value of the savings bond, he would have to redeem it for legal tender and then spend the legal tender rather than the bond. The Zim bond is the in the same position. While one may be able to trade the bond for something of value, just like one could trade a car for a boat, that does not give the car, or the bond, monetary value to be used as "legal tender". It is also extremely naive to think that zeros will be dropped lowering the value of the Zim bonds. This would simply serve to discredit Zimbabwe

to a point that nobody would want to risk investing in those humanitarian projects that Zimbabwe is attempting to recruit. They would simply be perceived as liars and could not be trusted. This would set Zimbabwe back for decades.

Additionally, any legal tender going back to the gold standard would make it of equal value to any other legal tender backed by the same commodity. There will not be "exchange rates" except for people too naive to stand their ground to get what their bonds or foreign currencies are worth, which is one to one against the new USTN. Paper currency is merely a receipt for an amount of silver or gold because it is easier to carry around than silver or gold. Past exchange rates of the Dinar to the USD federal reserve note are completely irrelevant. For example, if the new legal tender in the USA is gold and silver backed, then the single denomination of one dollar would again equal the silver dollar which is one ounce of silver. One will note that the one ounce silver coin is still stamped with the face value of \$1 and the one ounce gold coin is still stamped with the value of \$50. If the new Zim legal tender is also gold backed, then the one dollar Zim would also equal the one ounce silver dollar. Since gold and silver holds the same value around the world, then there would not be a difference in rates of one legal tender to another, unless one country had a large amount of debt. But since the Zim is about to become the world's primary legal tender, purportedly, then it is most likely that Zimbabwe would not have a large amount of debt, especially considering its largest-in-the-world gold deposits.

In short, the only way that Zimbabwe could reduce the value of the Zim bonds to pay less would be to lower the value of its new Zimbabwe dollar it started printing in 2016. This would hurt Zimbabwe by reducing the value of its new legal tender to not much better than it was before. This would completely undo any progress Zimbabwe is attempting to make economically. It would also be an impossibility if it wants to claim its legal tender is gold backed. Additionally, one must keep in mind that the silver

dollar now requires the expenditure of around 15 federal reserve notes. So when we transition from the federal reserve note to the new gold backed US treasury note, what did cost 15 dollars will then cost 1 dollar giving the impression that costs went down when in fact the cost is the same. This is why the RV must be hidden in a stock market crash. The trick is to make people think the price of a \$15 share dropped to one dollar when in fact the unit of measure just change from fiat currency to real money requiring fewer units to be expended to accomplish the same purchasing power. One should also keep in mind that most people who are claiming that gold will cost \$10,000 per ounce are measuring against the federal reserve note, the value of which will drop like a rock once the new USTN is released.

D. Geopolitical:

Trump announced he would release the FISA and Comey Reports this week, although Fox News announced on **Tues. May 21** that it wouldn't happen until **May 28 or 29**, with the Horowitz Report released by **June 2**. In combination the reports charged Barak Obama, Hillary Clinton, Andrew McCabe, Peter Strzok, James Comey, Robert Mueller, John Brennan, Loretta Lynch and other prominent Democratic party and political elites with serious crimes, including Treason.

The US has been operating under a State of Declared War since September, 2001 (following the 9/11 attacks) and since December 20, 2017 has been under a Declared National Emergency, while President Trump would soon invoke the Insurrection Act (full Martial Law) as the country was no longer able to handle the mass influx of illegal immigrants.

The Swamp Identified — This Should Blow You Away!

Submitted by M R

This is the best one ever, ever, ever- — — — — -THE TIME SEQUENCE OF SWAMPGATE SCANDALS — — — — — ONE NEEDS A COPY TO REMEMBER IT ALL! (AND SAVE IT IN A SAFE PLACE FOR POSTERITY!)

Let's follow the trail Everyone needs to read this Slowly, and patiently, because it's very important!

Here's what it looks like when all the pieces are sewn together.

It smells like conspiracy and treason.

From 2001 to 2005 there was an ongoing investigation into the Clinton Foundation.

A Grand Jury had been impaneled.

Governments from around the world had donated to the "Charity."

Yet, from 2001 to 2003 none of those "Donations" to the Clinton Foundation were ever declared.

Hmmm, now you would think that an honest investigator would be able to figure this out.

Guess who took over this investigation in 2002?

None other than James Comey.

Guess who was transferred in to the Internal Revenue Service to run the Tax Exemption Branch of the IRS?

Your friend and mine, Lois "Be on The Look Out" (BOLO) Lerner.

It gets better, well not really, but this is all just a series of strange coincidences, right?

Guess who ran the Tax Division inside the Department of Injustice from 2001 to 2005?

No other than the Assistant Attorney General of the United States, Rod Rosenstein.

Guess who was the Director of the Federal Bureau of Investigation during this time frame?

I know, it's a miracle, just a coincidence, just an anomaly in statistics and chances, but it was Robert Mueller.

What do all four casting characters have in common?

They all were briefed and/or were front line investigators into the Clinton Foundation Investigation.

Now that's just a coincidence, right?

Ok, lets chalk the last one up to mere chance.

Let's fast forward to 2009.....

James Comey leaves the Justice Department to go and cash-in at Lockheed Martin.

Hillary Clinton is running the State Department, on her own personal email server, by the way.

The Uranium One "issue" comes to the attention of Hillary.

Like all good public servants do. You know – looking out for America's best interests. She decides to support the decision and approve the sale of 20% of all of the US's Uranium to no other than — the Russians.

Now, you might think that this was a fairly straight-up deal, except that it wasn't: The American People got absolutely nothing out of it.

And they're investigating president Trump for "collusion?"

However, prior to the sales approval, no other than Bill Clinton traveled to Moscow, got paid \$500K for a one hour speech, and then met with Vladimir Putin at his home for a few hours.

Ok, no big deal right?

Well, not so fast: the FBI had a mole inside the money laundering and bribery scheme.

Guess who was the FBI Director during this time?

Yep, Robert Mueller, who even delivered a Uranium Sample to Moscow in 2009.

Guess who was handling that case within the Justice Department out of the US Attorney's Office in Maryland?

None other than, Rod Rosenstein.

Guess what happened to the informant?

The Department of Justice placed a GAG order on him and threatened to lock him up if he spoke out about it.

How does 20% of the most strategic asset of the United States of America end up in Russian hands when the FBI has an informant, a mole, providing inside information to the FBI on the criminal enterprise?

Guess what happened soon after the sale was approved?

About 145 million dollars in "donations" made their way into the Clinton Foundation from entities directly connected to the Uranium One deal.

Now guess who was still at the Internal Revenue Service working the Charitable Division? None other than, Lois Lerner.

Ok, that's all just another series of coincidences. Nothing to see here, right?

Let's fast forward to 2015.

Due to a series of tragic events in Benghazi, and after the 9 "investigations", the House, Senate and at State Department, Trey Gowdy who was running the 10th investigation as Chairman of the Select Committee on

Benghazi discovers that The Hillary ran the State Department on an unclassified, unauthorized, outlaw personal email server.

He also discovered that none of those emails had been turned over when she departed her "Public Service" as Secretary of State which was required by law

He also discovered that there was Top Secret information contained within her personally archived email. (Let's not forget – at least 10 CIA spies in China were killed by the Chinese because of the leaks, and God knows what else occurred.)

Sparing you the State Departments cover up, the nostrums they floated, the delay tactics that were employed and the outright lies that were spewed forth from the necks of the Kerry State Department, we shall leave it with this..... they did everything humanly possible to cover for Hillary.

Now this is amazing: guess who became FBI Director in 2013?

Hint: he secured 17 no-bid contracts for his employer (Lockheed Martin) with the State Department and was rewarded with a six million dollar thank you present when he departed Lockheed.

None other than James Comey.

Amazing how all those no-bids just went right through at State, huh?

So he's the FBI Director in charge of the "Clinton Email Investigation" after, of course, his FBI Investigates the Lois Lerner "Matter" at the Internal Revenue Service and exonerates her.

Nope....we couldn't find any crimes there.

So what happened next?

In April 2016, James Comey drafts an exoneration letter of Hillary Rodham Clinton — something he had no authority to do. Meanwhile the DOJ is handing out immunity deals like candy.

They didn't even convene a Grand Jury.

Like a lightning bolt of statistical impossibility, like a miracle from God himself, like the true "Gangsta" that Comey is, he steps out into the cameras of an awaiting press conference on July the 5th of 2016, and exonerates The Hillary from any wrongdoing.

Can you see the pattern?

It goes on and on. Rosenstein becomes Asst. Attorney General; Comey gets fired based upon a letter by Rosenstein; Comey leaks government information to the press; Mueller is assigned to the Russian Investigation sham by Rosenstein to provide cover for decades of malfeasance within the FBI and DOJ.

And the story continues.

FISA Abuse, political espionage.... pick a crime, any crime, chances are..... this group and a few others did bringing new meaning to the term "organized crime."

All the same players.

All compromised and conflicted.

All working fervently to NOT go to jail themselves

All connected in one way or another to the Clintons.

They are like battery acid, they corrode and corrupt everything they touch.

How many lives have the Clinton's destroyed?

As of this writing, the Clinton Foundation, in its 20+ years of operation of being the largest International Charity Fraud in the history of mankind, has never been audited by the Internal Revenue Service.

Let us not forget that Comey's brother works for DLA Piper, the law firm that does the Clinton Foundation's taxes.

And the person that is the common denominator to all the crimes above while doing her evil escape legal maneuvers at the top of the 3 Letter USA Agencies? Yep, that would be Hillary R. Clinton!

Who is Lisa Barsoomian?

Let's look a little into Mrs. Lisa H. Barsoomian's background.

Lisa H. Barsoomian, a US Attorney who graduated from Georgetown Law, is a protege of James Comey and Robert Mueller.

Barsoomian, with her boss, R. Craig Lawrence, represented Bill Clinton in 1998.

Lawrence also represented:

Robert Mueller three times;

James Comey five times;

Barack Obama 45 times;

Kathleen Sebelius 56 times;

Bill Clinton 40 times; and

Hillary Clinton 17 times.

Between 1998 and 2017, Barsoomian herself represented the FBI at least five times.

You may be saying to yourself, OK, who cares? Who cares about the work history of this Barsoomian woman?

Apparently someone does, because someone out there cares so much that they've "purged" all Barsoomian court documents for her Clinton representation in Hamburg vs. Clinton in 1998 and its appeal in 1999 from the DC District and Appeals Court dockets.

Someone out there cares so much that the internet has been "purged" of all information pertaining to Barsoomian.

Historically, this indicates that the individual is a protected CIA operative. Additionally, Lisa Barsoomian has specialized in opposing Freedom of Information Act requests on behalf of the intelligence community.

And, although Barsoomian has been involved in hundreds of cases representing the DC Office of the US Attorney, her email address is Lisa Barsoomian at NIH gov. The NIH stands for National Institutes of Health.

This is a tactic routinely used by the CIA to protect an operative by using another government organization to shield their activities.

It's a cover, so big deal, right? I mean what does one more attorney with ties to the US intelligence community really matter?

It deals with Trump and his recent tariffs on Chinese steel and aluminum imports, the border wall, DACA, everything coming out of California, the Uni-party unrelenting opposition to President Trump, the Clapper leaks, the Comey leaks, Attorney General Jeff Sessions recusal and

subsequent 14 month nap with occasional forays into the marijuana legalization mix And last but not least Mueller's never-ending investigation into collusion between the Trump team and the Russians.

Why does Barsoomian, CIA operative, merit any mention?

BECAUSE ... She is Assistant Attorney General Rod Rosenstein's WIFE!

That's why!

Get this information out to everyone you can!

It is jaw dropping, shocking and extremely sad that this info has never been exposed!

Do your part in plastering this information everywhere ... it's bullet proof and cannot be blown off by leftists ... and will convince many not paying attention that we have a soft coup happening now.

Do We Need Space Force to Protect us from Space Pirates?

WRITTEN BY [DR MICHAEL SALLA](#) ON MAY 20, 2019

On May 14, Senator Ted Cruz (R-TX) gave a speech in support of Congress moving forward with the creation of Space Force as a new branch of the US military. Cruz gave an intriguing perspective on what the proposed new military branch would protect the country from – space pirates!

Cruz said the following in his Space Force speech at a hearing of the Senate Subcommittee on Aviation and Space, which he chairs:

Since the ancient Greeks first put to sea, nations have recognized the necessity of naval forces and maintaining a superior capability to protect waterborne travel and commerce from bad actors. Pirates threaten the open seas, and the same is possible in space. In this same way, I believe we, too, must now recognize the necessity of a space force to defend the nation and to protect space commerce and civil space exploration.

Cruz's implicit reference to "space pirates" quickly garnered much internet attention, particularly on Twitter's ["moments" news thread](#), where tweets of multiple people mocking him appeared. Cruz fired back at Jack Dorsey, creator of Twitter, for not giving equal coverage to his responses:

Below is a summary of information from the Internet. It would be up to the individual reader to do their own research and decide whether or not it is valid. A Special Thank You to Martha for her untiring research, to Dale who keeps me in line and Ken who uncovers almost unlimited intel on pedophilia to help us Save the Children.

Patience is a Virtue. Having Virtue is a sign of a good moral being. Good moral beings have the power to overcome evil and change the world. In all your giving, please don't forget exploited children.

Judy Note: Several intel providers have reported that the RV/GCR was happening, Prosperity Packages were being delivered, overseas some have reported being paid, a Military General and others reported having signed NDAs indicating they were paid, others have appointments scheduled for this week and as Tony said, "The party has started."

Package deliveries were said to have started up again on **Mon. May 20**. Over last weekend Tony was told that it would be a go for us by **Tues. 21**. According to MarkZ Bigwigs were expecting to have partial access to their funds on **Tues. May 21** and full access on **Thurs. May 23**. Last week intel indicated we were in a window and would receive notification for appointments some time before **Friday May 24**.

For the past two weeks the Stock Market has suffered Black Mondays after teetering in or near the red since last Oct. 1 2018 when it lost all gains for the year. Crash of the Stock Market appeared to be on schedule as planned, so that U.S. Treasury holdings would be dumped, thereby bankrupting the U.S. Corporation and eliminating their fiat dollar Central Banking system – a necessary move so that the new asset/gold-backed Quantum Financial System could replace the fiat dollar and take over the global economy.

May 20 2019 Patriot Intel Report: <https://www.youtube.com/watch?v=JTdCqCPLBiQ&feature=share>

Trump announced he would release the FISA and Comey Reports this week and the Horowitz Report by **June 2** – which charged Barak Obama, Hillary Clinton, Democratic Party leaders, Andrew McCabe, Peter Strzok, James Comey, Robert Mueller, John Brennan, Loretta Lynch and other prominent political elites with serious crimes, including Treason.

The US has been operating under a State of Declared War since September, 2001 (following the 9/11 attacks) and since December 20, 2017 has been under a Declared National Emergency, while President Trump would soon invoke the Insurrection Act (full Martial Law) as the country was no longer able to handle the mass influx of illegal immigrants.

Last week US Attorney General William Barr revealed that he was working with the FBI, CIA and the Director of National Intelligence to uncover how and exactly why the Russia probe was started in the first place. He announced that he had appointed the feared US Attorney John Durham to begin a criminal investigation into what happened, too. An investigation US Attorney Durham actually began in January 2019, when he placed former top FBI General Counsel James Baker under criminal investigation.

Now US Attorney General William Barr would be able to charge, prosecute and imprison the leaders of the Obama-Clinton Regime's coup plot against President Donald Trump. It was believed that Barack Obama not only personally authorized the illegal "spygate" spying on Trump campaign officials, but allowed China to hack 21 million U.S. military personnel records, (effectively dumping the entire U.S. Pentagon database into the hands of Communist China), was a key player in Clinton's Uranium One scandal, plus endorsed a multi-billion dollar money laundering operation that handed nuclear weapons capabilities to Iran – all four activities being Acts of Treason against our nation.

The Plot Thickens

Source: [Paul Stramer](#) | **By Anna Von Reitz**

It seems like every day more twists and turns surface, especially recent history looks like a stockpot full of spaghetti.

You will recall that the gold FDR illegally confiscated from Americans by pretending we were all magically transformed into "Citizens of the United States", and which his Administration used to secure the bankruptcy of the Roman Catholic Church's Delaware corporation doing business as "the" United States of America, Inc. back in 1933 ---- all that gold was eventually released when the bankruptcy was settled in November 1999.

We went looking for it, and found that a portion of it was released to the World Bank/IBRD as "abandoned assets". Where was all the rest? Our gold and silver reserves and historical trust assets, our public property deeds, for example?

The United States Navy collected the property left over from the bankruptcy of "the" Territorial corporation dba "United States of America, Inc."--- but not the gold FDR put up as security for the bankruptcy--- and they handed everything else over to Slick Willy Clinton, thinking that he was our President and that they were returning our property to us and to something they call "the Republic".

Well, as we actual Americans know, there are fifty republican states and no Republic at all associated with us, so obviously, what the United States Navy did, was to hand over our stuff to the Municipal Civil Government of Washington, DC, by mistake.

Slick Willy accepted delivery, signed for it, (except the portion of gold which the Navy claims it didn't know about and didn't recover) and the assets, together with the Navy contract delivering it, disappeared. More magic.

So when we bore down on the Navy about the Rotten Patents scandal and about their failure to perform with respect to the 1933 Bankruptcy Settlement, they started digging in an effort to exonerate themselves, and they discovered that Clinton, just as we told them, had no authority related to us, and that they had been snookered into delivering our assets to a crook with no authority to receive our assets.

After all, the United States Navy didn't know how to find us, and Clinton didn't tell them the (severe) limits of his actual Office.

It would be like Fed Ex showing up with a thousand truckloads of gold addressed to your long-lost Landlord, Eddie Shumacher, and you just took the shipment 'in his name" without telling anybody.

So now we know where Clinton got all the extra gold and other assets, deeds, and titles, that he was busy selling to

every Tom, Dick, and Sheik Abdullah. It was our property he was selling and using to buy votes, peddle political influence, invest in scaggy arms deals, poppy fields, all of it. This is how he was able to sell our highways, bridges, dams, public buildings.... and this scam didn't even have to involve the Clinton Foundation, though it probably did.

Nothing beats dumb luck they say, and Clinton's luck has served him well. At least, until now.

The United States Navy is in a fix and dither. How is it that their good and honorable name was used to concoct a Municipal Corporation doing business as the US NAVY and used to apply for and receive patents to Weapons of Mass Destruction that they never even heard about?

How did innocent Anna Maria, a Grandma in Big Lake, Alaska, wind up portrayed and misidentified by the IRS as ANNA MARIA, manager of a rum distillery in Barbados? The same schtick was applied to the United States Navy. Let that one sink in.

Believe me, the Admirals both Front and Rear are scrambling around. No mistake that it was a Naval Operations audit team that got blown up at the Pentagon on 9/11.

It was our scumbag buddies at DEPARTMENT OF DEFENSE again, pulling another little identity theft scheme just like they've been pulling on us clueless Americans, only this time, they pulled this same crappola on the [Territorial] United States Navy.

When the Navy started to investigate at the Pentagon, when they got too close to the truth, ah, yes, well, conveniently, it just happened to be their auditors who took the hit. And of course, the whole project got scrapped in the aftermath of that.

This is all Municipal United States wrong-doing, the

"plenary government" allowed to Congress under Article I, Section 8, Clause 17, running wildly amok, as all oligarchies tend to do.

DOD is also the entity responsible for cashiering away our National Credit and failing to make it available to the American States and People for Mutual Offset Credit Exchange. No American should be paying a mortgage, medical or dental bills, college loans, utility bills, federal income taxes --- none of it.

That was supposed to be our remedy and payback for back-stopping the Church's bankruptcy.

Instead, the Pontiff's Flunkies operating the Municipal United States Government came in and "assigned" our assets --- under color of law--- to a giant Slush Fund, which the DEPARTMENT OF DEFENSE then used to fund war for profit, build military bases all over the planet, and carry on every flavor of Black Ops known to man.

There is absolutely no doubt now that we are dealing with criminality and hypocrisy on a scale that is all-but unimaginable. About the time that Trump pulls Clinton's toenails, we might get to the bottom of it at last.
