BushFRAUD, along with 70% of the current and former members of the United States Congress, with massive child sex trafficking, felony Capital HIGH Treason charges, which also involves massive black market sales of heroin and cocaine to U.S. high schools and university campuses, with the distributors being members of FBI Division 5 and covert CIA agents masquerading as prostitution pimps.

Note: Junior George W. BushFRAUD was a member of a Satanic homosexual cult in Brownsville, Texas in the 1980s in which he sold 13 and 14 year old girls and boys (who were being held in dog cages) as sex slaves to active members of both the FBI and CIA who were engaged in child sex trafficking and the illegal narcotic sales.

Bush Fired U.S. Attorneys To Cover Up D.C. Pedophile Ring (Involving Congressmen, Senators and Reporters)

Humans Are Free

by Staff Writer, November 21, 2017

This was the **Franklin Scandal**. The Bush administration fired the agents investigating the crimes to cover it up. U.S. senators and congressmen were covering up the Dusty Foggo government lobbyist and military prostitution and pedophilia ring in Washington involving legislators, news reporters, military officers and high government officials. (Must-read on the subject: **George Bush Pedophile Sex Ring and Blackmail of Congress**).

Alberto Gonzales and President Bush fired San Diego U.S. Attorney Carol Lam because she was probing the Dusty Foggo / Jack Abramoff D.C. sex ring.

According to a long-time senior intelligence agent the Washington, DC Hilton, Ritz Carlton and Sheraton Hotels were used for

compromising House and Senate members, National Media hosts who had sex with children in a legislative and media Blackmail ring.

“The whole Republican and Democratic Parties were for sale, the House, Senate and the White House.”

“Poppy Bush and Abramoff were up to their eyeballs in this kid sh*t,” said the Federal Agent.

Supposedly convicted Lobbyist Jack Abramoff provided male and female heterosexual, homosexual, lesbian, bisexual and child prostitutes sexual services to numerous US Congressmen, US senators, national media hosts and other federal officials who were compromised and made susceptible to blackmail at three Washington hotels.

The Washington Hilton was specifically used for sex with children because it has what the agent termed a “super secure section for VIPs that is out of public view and which reportedly employs no camera surveillance, an area able to hold around 6-10 vehicles so that no one could observe abducted, abused or drugged children flown in from other states who were coming to or leaving the hotel.”

Hilton employees began to become suspicious of Abramoff’s operation, so children were moved to the Washington Ritz-Carlton

according to other intelligence officials.

From Wikileaks:

On Monday February 27th, 2012, WikiLeaks began publishing The Global Intelligence Files, over five million e-mails from the Texas headquartered “global intelligence” company Stratfor. The e-mails date between July 2004 and late December 2011.

They reveal the inner workings of a company that fronts as an intelligence publisher, but provides confidential intelligence services to large corporations, such as Bhopal’s Dow Chemical Co., Lockheed Martin, Northrop Grumman, Raytheon and government agencies, including the US Department of Homeland Security, the US Marines and the US Defence Intelligence Agency.

The emails show Stratfor’s web of informers, pay-off structure, payment laundering techniques and psychological methods.

Foggo sex ring probe linked to forged Iraq dossier, Israeli espionage, convicted lobbyist Abramoff

According to U.S. intelligence sources, President Bush obstructed justice last December when he had senior advisor Karl Rove and White House Counsel Harriet Miers instruct Attorney General Alberto Gonzalez to fire eight U.S. attorneys who were among several others conducting ongoing public corruption and secret national security grand jury investigations connected to an espionagelinked prostitution / pedophile sex ring operating at the Washington Ritz-Carlton and other DC hotels, whose clients included U.S. senators and congressmen, elite Washington news reporters and high government officialsa**some of whom were named by an intelligence insider.**

Central to the scandal is fired U.S. attorney Carole Lam of California

who was reportedly conducting testimony before grand juries linking indicted former Bush CIA Executive Director Kyle aDustya** Foggo and convicted Republican lobbyist Jack Abramoff to the sex ring, Israeli espionage, GOP Under Secretary of Defense for policy Douglas J. Feith, a forged British intelligence dossier used by Mr. Bush to deceive Americans into supporting war against Iraq and an attempt to plant weapons of mass destruction (WMD) in Iraq before the war via an intelligence pipeline through Dubai and Turkey.**

Original story:

U.S. intelligence: Sen. Leader William Frist and reporter Robert Novak alleged as regular clients

Washington — May 5, 2006 — [TomFlocco.com](#) — A long-time top-level government agency official joined a national security expert in confirming grand jury testimony last month, revealing that male and female heterosexual, homosexual, lesbian, bisexual and child prostitutes provided sexual services to numerous congressmen, senators, national media hosts and other federal officials who were compromised and made susceptible to blackmail at three Washington hotels.

“The whole Republican Party was for sale—the House, Senate and the White House,” said a well-respected federal agency official with impeccable credentials who declined to be named but who is familiar with testimony and sources close to the grand jury probing Jack Abramoff.

Special Prosecutor Patrick Fitzgerald’s grand jury heard several agents testify in April that the “Watergate, Ritz-Carlton and Sheraton Hotels in Washington, DC were used to compromise legislators and news-people with prostitution services, the financing of which is directly linked to the American Israeli Public Affairs Committee (AIPAC), former Israeli Prime Minister Benjamin Netanyahu, Marc Rich and Abramoff,” said national security expert Thomas Heneghan.

There are no corporate media reports as to which White House officials participated in the hotel sex ring activities with House and Senate members; however, Heneghan said U.S. Senate Leader and 2008 presidential candidate William Frist was alleged to be a frequent visitor to the hotels according to U.S. intelligence agents.

Frist is reportedly a close friend of alleged Bush 43 male consort and former Knoxville, Tennessee mayor Victor Ashe according to federal agents.

Heneghan also alleged additional prostitute customers as British Prime Minister Tony Blair and former CNN host-reporter Robert Novak, both of whom were introduced into the sex-ring by GOP reporter and male prostitute Jeff Gannon, who visited the Bush White House living quarters 200 times without the assignments being recorded in visitor logs.

The genesis of the Valerie Plame CIA leak allegedly took place during one of Novak's visits with an Abramoff hooker at one of the hotels according to the sources.

The corruption and crimes surrounding the indicted Republican lobbyist were widespread and far-reaching enough to cause Fitzgerald to impanel a separate grand jury, often referred to by intelligence officials as the "Franklin grand jury," which is hearing testimony and examining Abramoff linked evidence tied to the Iraq War, September 11 and related issues.

Pentagon analyst Larry Franklin was arrested for leaking classified U.S. government information to AIPAC officials Steve Rosen and Keith Weissman who reportedly leaked information to Israel concerning a controversial proposal by Department of Defense hardliners to destabilize Iran.

The federal source wishing to remain anonymous said that additional

government officials are currently testifying this month before the Franklin grand jury about Abramoff, the GOP-linked prostitution ring and its ties to AIPAC.

“Photographs of politicians in compromising positions have reportedly already been used as blackmail to silence politicians who would speak the truth about the 2000 election fraud in Florida, 9-11, Iraq/ yellowcake/ WMD and how Jack Abramoff and Netanyahu were the pimps for the operation,” said Heneghan.

President Bush has emphatically denied that he personally knows Abramoff, despite CIA records indicating the indicted lobbyist visited the White House 200 times during the first ten months of the Bush presidency — often enough for a personal visit on every business day of each month, according to wide news reports.

Despite the daily White House visits, Bush said “I’ve never sat down with him and had a discussion with the guy,” adding, “I’m also mindful that we live in a world in which those pictures will be used for pure political purposes,” attempting to justify his unwillingness at first to release photos of him chatting amicably with Abramoff.

Fitzgerald is reportedly convinced that the Bush administration wanted Valerie Plame-Wilson’s identity as a CIA official leaked because her intelligence team had identified Israeli Mossad

operatives inside Iran who were to receive weapons of mass destruction (WMD) to be delivered through Turkey and planted in Iraq to further the president's case for war, said the intelligence expert.

"The financing for these whorehouses is linked directly to AIPAC, Benjamin Netanyahu, Marc Rich and Jack Abramoff; and the money trail ties back to American International Group (AIG), Hank Greenberg and Doug Alexander — former British Minister of E-Commerce," said Heneghan.

In an ominous prediction, Heneghan said, "It won't be long before the un-compromised U.S. military may have to declare a State of Emergency and re-implementation of the Constitution under a special provision of the Naval Code, which would lead to the arrest and removal of the criminal government residing at 1600 Pennsylvania Avenue." (Bush and his thugs)

According to Heneghan, the Abramoff congressional sex ring is tied to the SunCruz Casino scandal, secret accounts at Riggs Bank and Crozier Bank, the 9-11 "hijacker" Venice, Florida flight schools, and former U.S. ambassador to Italy Mel Sembler and Doug Alexander — both of whom have been linked to the reported Florida 2000 election fraud — all of which is tied to a financial trail that connects narcotics trafficking to Al Qaeda and the congressional sex ring.

MSNBC host and former congressman Joe Scarborough, subject of a recent [TomFlocco.com](#) story, “is now cooperating with federal investigators in the Abramoff matter which has led the probe to the doorsteps of the AIPAC whorehouses now operating in Washington, DC,” said Heneghan.

The intelligence expert told us “Scarborough told federal investigators that he now believes his female staff member was murdered in his congressional office to silence her regarding knowledge of Alexander, Sembler, Katherine Harris, Jeb Bush and the Florida election 2000 coup d’ etat.” [READ MORE](#)

20-30 pedophile members of congress at child sex parties

<http://tomflocco.com/>

Witness says abducted children--23 now dead--abused by 20-30 pedophile members of congress at child sex parties held at Embassy Row mansion where Secret Service-secured presidential limo was

seen parked outside

By Tom Flocco

Lincoln, NE -- March 28, 2005 -- TomFlocco.com -- Recently arrested photographer Russell E. "Rusty" Nelson--who according to U.S. District court testimony [2-5-1999] was impersonated by another photographer at Capitol Hill child sex parties during the Reagan and Bush presidencies, told us last week that in 1988 he refused Hunter Thompson's offer of \$100,000 to film a graphic child sex "snuff movie to be sold to wealthy private clients where a young boy would be murdered as a sacrifice."

"I've been homeless, in hiding and staying under the radar screen ever since," said Nelson.

Thompson reportedly committed suicide a few weeks ago on February 10, 2005--six days prior to Nelson's February 16 arrest, when simultaneous search warrants were served to confiscate Nelson's photographic equipment, computers, photos and "visual depictions of sexually explicit conduct involving a child," according to copies we obtained. Nelson said authorities were hoping to find evidence of child porn; but he claims to have never been involved. His next public hearing is May 4 in Lincoln.

Nelson enhanced his credibility in sworn testimony before Nebraska U.S. Senior District Judge Warren Urbom on February 5, 1999 [pp. 101-154] resulting in Urbom awarding attorney John DeCamp's client--pedophile victim Paul Bonacci, \$1 million dollars in damages for sexual abuse in a case against convicted GOP activist Larry King, who sang the national anthem at the 1984 and 1988 Republican national conventions.

An employee at Lincoln's DeCamp Legal Services told TomFlocco.com that the warrant's actual violation date was September 1, 2003 [just prior to the 2004 presidential primary season], but it was not served until February 16, 2005--calling into question why authorities waited so long.

Questions can also be raised as to whether Hunter Thompson's death and the James Guckert-Jeff Gannon White House reporter scandal resulted in having Nelson taken out of circulation to intimidate or threaten him while also using the opportunity to search for criminal evidence--the kind which would place sitting and retired members of congress in severe legal jeopardy.

The revelations came during an unexpected phone call from Nelson, 42, who also told TomFlocco.com he personally witnessed Secret Service agents arrive at King's Embassy Row mansion in Washington to set up security two days prior to a private child sex

party attended by senators and congressmen he declined to name. The party was held immediately after a public political reception in October, 1988--just prior to the Bush-Dukakis presidential election.

Presidential limousine

On the night of the two parties, Nelson said he saw a limousine arrive for the second party--attended by young children. He was told that it was the presidential limo, adding that he saw "several Secret Service agents guarding the vehicle from the time it arrived at 9-10 pm until it pulled away from King's home after midnight."

In addition to children, the mostly male "after-party" was attended by members of congress and other businessmen according to Nelson, who declined to tell us when we asked if President Reagan or Vice President Bush had arrived in the limo, saying "I will only tell which one it was, or the names of senators and congressmen in a courtroom."

When we asked during a second phone interview whether there was concrete evidence to corroborate his allegations, Nelson said "there are many photographs showing members of congress in fairly explicit--but not pornographic--poses with children."

"The one impersonating me at the sex parties--a guy named Nick--

took the hardcore porn photos of children and politicians together for blackmail purposes, to control their votes in Congress and stuff," said the photographer.

Nelson said "I found out from my sources that about 23 children who attended those parties are now dead; and the politicians would really have a lot of explaining to do if the pictures ever got out--especially to their parents; but they won't unless something happens to me."

When we asked Nelson whether he would ever offer sworn testimony and take a polygraph test to legally certify his more specific but explosive claims, the photographer said, "In a heartbeat; but no judge, grand jury or congressmen ever asked me about this stuff. And there are many grown kids out there, too scared to talk about it."

Nelson's voice and general conversation indicated resignation to the fact that no one would ever touch his testimony, adding that Senate and House pedophiles still hold public office. This, in spite of the prosecution and imprisonment of elderly Catholic priests.

Nelson corroborated our earlier interview with attorney and Franklin Cover-up author John DeCamp [decamplegal@inebraska.com], revealing that about 20-30 senators and congressmen attended and participated in mostly male pedophile sex parties at King's mansion

during the Reagan-Bush 41 administrations--but neither would name names.

DeCamp told us, "I can't talk about that now. Bad things happen."

Nelson and Decamp also said that retired Los Angeles FBI Special Agent Ted Gunderson flew to Nebraska to assist the photographer; and Nelson told us Gunderson secured cash from an unidentified individual who paid to have him released on bail before his next public hearing on May 4. Nelson said he is worried, remains homeless, and is served legally by a public defender.

DeCamp said Gunderson has taken "a personal interest in Nelson and the Franklin case, and he's a good friend."

MIT and the U.S. Army

Ensnared as a fall-guy for what the Washington Times called a White House and congressional child sex ring, the Nebraska photographer said the warrants were used to locate photo evidence of Capitol Hill pedophilia, but Nelson just wants to get on with his life.

Rusty Nelson told us he attended Massachusetts Institute of Technology (MIT) for two years, studying electronic engineering in the early 1980's: "Photography was my hobby or key interest, and I

was offered so much money, I left school to work for a phone company, building microwave radio stations, tower dishes--it was more money than I could have earned with an MIT degree; and it got me out into the mountains where I could also do photo shows and scenic art."

"The company got bought out, so I entered the Army for a couple years as a wire climber who wired phones and I got out in 1986," said Nelson, adding, "I was approached by people connected to Larry King because of my photography work in the Lincoln area and pretty soon I started going with him to Washington, DC to do various photo jobs--but I never did anything pornographic."

Front-man for the fall

"My problems started at King's Embassy Row mansion in January through June, 1988 when they were trying to bring me into the inner circle at Bohemian Grove and the room in Larry's mansion--the sex parties--when I saw the other guy impersonating me--supposedly without my knowledge," he said.

"At about that time [age 23-24], I was broke, homeless, with hardly even a few dollars in my wallet--I depended on Larry for a room and food; but I was on his jet with little kids and I saw children sold to the highest bidder at an auction--that's when I really started to get

scared," added the photographer and eyewitness to Capitol Hill crimes still unpunished.

Nelson's U.S. District Court testimony weaves a curious tale regarding his impersonation so that abducted children and others would identify him as the child porn photographer should it be necessary:

"Q: How did you come to know Larry King?...I needed to find a decent job and he [Ron, who hired Rusty Nelson for photos at club named Max's] goes 'I know somebody who probably be able to use a good photographer, I'll talk to him...All of a sudden, here's Larry King, I had no idea who he was...and next thing I'm on a private jet to Washington, DC and just lavishly being spent money on, clothes..."

Q: How old were you?...About 24, 25...maybe 23...Q: Did you function as a photographer for Larry?...Oh, yes. Q: What did you photograph? Things like the opening of Prince's Palace, a restaurant, a jazz club he started...took pictures at his mansion on Embassy Row...he kept wanting me to do kiddie porn, gay porn. I wanted no part of it...he went to the extent of insisting I wear certain clothes, my hair had to be a certain way...Nancy Reagan's hairdresser [Robin Weir] did my hair. Permed it, everything, totally changed my appearance...I happened to come across a man who was also a photographer for Larry. Whose appearance was almost identical to mine...I came to gather I was being run as the front man

for the fall and this other person was doing the actual hard core kiddie porn...I heard somebody was passing themselves off as myself, as Rusty Nelson..." [U.S. District Court, Nebraska, U.S. Senior District Judge Warren Urbom, February 5, 1999, Sworn testimony of Russell E. Nelson, pp. 40-43]

Nelson added, "I saw this guy [Nick] dressed exactly like me on three different occasions," adding, "whenever we were in the same area, Larry would quickly get him out of there. He even had the identical camera I had."

"One night in the spring of 1988 on K street in Washington, I'm sound asleep and a guy knocks on the door and says 'I just bought you from Larry and you're mine for the night,' "said Nelson, who continued, "I climbed out the second story window and ran. This was not long before the presidential election when Franklin Credit Union was raided."

"Nancy Reagan's hairdresser, Robin Weir, did my hair. Permed it, everything...totally changed my appearance..."

"I was so scared. I lived in hiding for eight years, never stayed anywhere for more than three weeks or so usually; did odd jobs, washed windows--hotels, restaurants to get something to live on; I was shot at and wanted to keep under the radar," said Nelson.

Silencing the witness

Nelson had by then settled in Portland, Oregon; and about six weeks before the Clinton-Dole presidential election on Friday, September 13, 1996, Nelson said he was finally arrested on the charge he used a child for the display of sexually explicit conduct.

"I never did it," said Nelson, adding, "they had no photos and if they did, they wouldn't show me the photos they were using to put me away. So I held out; but they set my bail for \$873,000 cash, and finally put me in solitary confinement for 22.5 months on a 13 month sentence after I gave in to just get it over with."

"I pleaded no contest for a photo of a minor in a sexually explicit pose without any photos or proof--and no person bringing the charges. I didn't even know the accuser and I still don't; but they just said it was a minor," he said.

Knowing the political and criminal implications of a child sex scandal, higher powers had enough motives to keep Rusty Nelson in solitary confinement--an unnecessary and unusual punishment normally reserved for hardened criminals.

But 1996 GOP presidential candidate Bob Dole's wife [now North

Carolina Senator] Elizabeth Dole, had an aide who was closely linked to the Washington call-boy ring, so there is reason to believe it was important to keep Nelson incommunicado and in solitary confinement.

A news report confirmed why Nelson was likely taken off the street: "A top Labor Department advisor to Secretary Elizabeth Dole resigned yesterday after acknowledging that he had procured male prostitutes and was subject to blackmail threats by one of the call boys." [Washington Times, 6-30-1989--The paper had previously reported that a 15-year old call-boy had toured the White House at midnight.]

In a letter announcing his resignation as Mrs. Dole's political personnel liaison to the White House, Paul R. Balach wrote: "I hereby resign my position this date due to the public disclosure of activities concerning my personal life."

Not mentioning either children or members of congress, the Times added, "according to documents obtained, the homosexual prostitution ring includes not only Reagan and Bush administration officials but military officers, congressional aides and U.S. foreign businessmen with close social ties to Washington's 'political elite.' "

Attempts to find photos of high government officials

Nelson told us, "While I was in jail, the FBI went to my parents' farm in Nebraska and took sledge hammers to the walls, shot out all the windows and appliances of our barn, ransacked my parents house without a warrant on two separate occasions--looking for stuff related to Franklin, evidence--the photos; but I was not shooting kiddie porn."

"There were military shell casings all over our property," he said.

"And when I had to leave Portland to go testify in Nebraska, state parole officers did everything they could to keep me from testifying before Judge Urbom," said Nelson, adding, "they said I was in solitary to protect me but it was more like torture since they woke me up so much I never got any sleep, spent \$50,000 to extradite me back to Oregon for a DNA sample, then put me on death row at Leavenworth prison for a few weeks with violent criminals--heck, I saw them beat one guy and four men died while I was at Multnomah County Detention Center in Portland."

"This last arrest [after the Thompson suicide] in February, I was roughed up, pushed into walls, and they would not let me see their badge numbers; I was helping a friend open up her photography studio--that's the only way I can earn money to survive," he said.

"They said I was soliciting a minor for photographs; but we were only looking for a few junior bridesmaids for a bridal show promotion with other women. And the parents were all involved and were always required to sign releases and be present for all photo shoots. We did nothing wrong. I am good at wedding photography and you can earn good money in that business," Nelson continued, adding "how else am I able to work?"

Nelson's prior links to the White House child sex ring have continued to draw attention from unidentified individuals who still threaten him.

"In the spring of 2003 [not long after key child sex ring witness Troy Boner was found mysteriously dead in a New Mexico hospital], a guy wearing dark sunglasses came up to me and said, 'Drop Franklin; you're in too deep. Your family and life are in jeopardy.' Then he walked away."

Even more recently, on October 22, 2004 [two weeks before George W. Bush edged out John F. Kerry for the presidency], Delmart "Mike" Vreeland was arrested in Franklin county, Iowa on charges of child prostitution allegedly committed in Colorado.

Vreeland is now off the street, however, reportedly in solitary confinement with no contact with other prisoners after having been

said to have predicted the 9/11 attacks in a note written while he was previously in prison on other charges.

While the rest of the country reels from relatively frequent amber alerts in Florida and around the United States, evidence continues to point toward reasons for commencing an amber alert on Capitol Hill-- what some would say is the epicenter of child sex criminality.

The Adamus Group Exposed: It's Nazi Paperclip

by Tom Heneghan, International Intelligence Expert

UNITED STATES of America - The Adamus Group, which is a worldwide intelligence gathering corporation that manages worldwide databases on behalf of the U.S. NSA (National Security Agency) and then shares their intelligence gathering capability with national intelligence agencies, U.S. law enforcement and the criminal banking giants that have looted the U.S. Treasury and placed the entire savings deposits of Americans, who have their funds in the aforementioned banks, at risk.

American citizens' deposits have now been categorized as a counter party to the derivative exposure of worldwide banks aka the MF Global-PFG debacle.

Adamus Group aka German Nazi Paperclip is directly tied to the privately owned U.S. Federal Reserve and the massive manipulation of worldwide financial markets using electronic software programmed "Next Gen" technology that allows the crooked worldwide banks to have 5 - 7 seconds lead time on all worldwide financial trading.

Next Gen technology defined is the use of algorithm that convert back to the prime number 10.

Millions of trades are placed electronically daily by the worldwide crooked banks using algorithm and Next Gen technology to rig every security, commodities, currency and precious metals contracts traded on worldwide exchanges.

It is totally a DNA electronic high frequency based PONZI SCHEME.

The danger in all of this illegal manipulation is that the algorithm, like a massive DNA splice, will go high bred and that the electronically programmed high-frequency trading computers can not convert back to the prime number 10. The result, a massive worldwide stock market melt down like 2008.

Reference: The derivative exposure of worldwide banks was 1,000 to 1 in 2008.

They are now 10,000 to 1 in 2013.

We can now also divulge that Adamus Group is directly used by the treasonous U.S. NSA and the Department of Homeland Security (DHS) to hack websites, monitor emails, illegally wiretap phones of patriotic U.S. citizens who are enraged that they have to now live in a de facto fascist state controlled by financial gangster banks and German Nazi Paperclip controlled U.S. bureaucracies and political stooges.

Example: Bush-Clinton Crime Family Syndicate stooges, extortion-friendly Senator Lindsey Graham, Republican of South Carolina, and Democratic Senator of New York Charles Schumer.

The Adamus Group is also linked to the control of U.S. media outlets aka CNN, FOX News, NBC, ABC and the financial network Bloomberg News.

Reference: Bloomberg News owned by neo-Nazi Mayor of New York City, Michael Bloomberg, was just fingered in a massive electronic front running trading scandal tied to criminal banking interests.

Nothing you hear in the U.S. media is real or in real time.

The Adamus Group and the U.S. NSA have a 20-second lead time to pull the plug on any broadcast they deem inappropriate.

We can now also report that the Adamus Group is under the direct control of former U.S. Vice pResident (German Nazi Paperclip orchestra leader) Dick Cheney and current Israeli Prime Minister Benjamin Netanyahu.

Both Cheney and Netanyahu were behind the latest psy ops in Boston and Benghazi with full cooperation of the U.S. NSA and the

U.s, State Department and the treasonous Department of Homeland Security (DHS), with former U.S. Secretary of State Hillary Rodham Clinton and neo-Nazi Department of Homeland Security Secretary Janet Napolitano giving full cooperation.

Note: Former U.S. Secretary of State Condoleezza Rice is a consultant to Adamus Group and liaison to the German Nazi Paperclip Bush Crime Family and current U.S. Secretary of State John "Skull and bones" Kerry Cohen is former year 2000 illegal White House occupant George W. BushFRAUD's 4th cousin.

We should also reiterate that both Cheney and Netanyahu, along with the treasonous U.S. NSA, were direct participants in the assassination of former Israeli Prime Minister Yitzhak Rabin.

This event occurred soon after the illegal kidnapping and imprisonment in a Swiss dungeon of great American patriot Ronald Reagan's right hand man, Ambassador Leo Wanta.

P.S. We can now report that Adamus Group is also linked to Chechnyan mercenaries that were funded by the U.S. State Department that are currently active on the ground in Syria being aided by the Israeli Mossad.

The Chechnyan terrorists were also involved in the overthrow of the

Egyptian government and were tied directly to the assassination of the late U.S. Ambassador to Libya, Christopher Stevens.

Ambassador Stevens had warned the U.S. State Department two weeks before his assassination that the use of Chechnyan mercenaries aka U.S. State Department funded terrorists in Libya had the potential to create major blow back for U.S. intelligence agencies.

The ultimate blow back turned out to be the assassination of Ambassador Stevens and three other Americans in Benghazi, Libya and then the Boston staged U.S. NSA psy op aka "Operation Wack-a-Mole".

The two U.S. Massachusetts-based Chechnyan suspects in the Boston bombing were both former DHS employees and FBI informants who were used by the Department of Homeland Security to infiltrate the Russian FSB security forces and its counter terrorist task force that was operating in Chechnya to protect the Russian People.

We can also reveal that the total illegal UN-Constitutional gathering of phone records of Associated Press members by the U.S. Department of Justice was enabled by the Department of Homeland Security and the Adamus Group.

Note: The Associated Press was working with the CIA on a story that fingered both the Department of Justice, the DHS and the U.S. State Department in allowing the "underwear bomber" to board a Northwestern Airlines U.S. bound flight out of Schipol Airport in Amsterdam, Holland.

We can divulge that the "underwear bomber" was on a CIA-FBI watch list at the time the DHS, the DOJ and the U.S. State Department overrode the CIA-FBI objections and allowed the "underwear bomber" to board the U.S. bound aircraft.

Let's continue to connect the dots.

It is important to remember that on suggestions of the U.S. CIA and the U.S. FBI the "underwear bomber" was originally stopped from boarding the aircraft by Dutch officials when the "underwear bomber" tried to board the Northwestern Airlines flight with an expired Israeli passport.

The "underwear bomber" then returned to the flight counter with a new Nigerian passport and was then allowed to board the plane.

We can now divulge that the "underwear bomber" was actually given the new passport by an elderly gentleman who now can be fingered

as an Israeli Mossad agent and a member of the Adamus Group.

Michigan attorney Kurt Haskell, who was a passenger on Amsterdam to Detroit Northwestern Airlines flight, witnessed Dutch security escort the "underwear bomber" onto the plane bypassing the regular line of passengers. Michigan attorney Haskell was interviewed by Ron Fournier of the Associated Press, however, the Michigan attorney was never interviewed by the U.S. Department of Justice.

Stay tuned for future intelligence briefings in which we will update on still missing emails tied to the assassination of Ambassador Christopher Stevens, and the role of Adamus Group in ordering a stand down to the U.S. State Department when it came to ordering new security to protect the unregistered State Department-CIA outpost in Benghazi, Libya.

We will also divulge in our next briefing the latest corruption involving the looted PFG customer segregated accounts (looted by crooked bank Jefferies Inc) currently under the control of Chicago-based U.S. bankruptcy trustee. This trustee has just hired the former PFG Best in house attorney as a working member of the PFG bankruptcy team that is suppose to release the bank looted customer segregated funds back to the customers.

Instead, the former PFG Wassendorf attorney is making \$50,000 a month and delaying the release of the customers' segregated funds and billing herself a \$50,000 a month salary using none other than the looted PFG customers' segregated funds, which she apparently now has control of; this, folks, is as corrupt as it can ever get!

We live free or die as Overlord at Yorktown remains relentless and victorious, CODE JENA!

Lafayette remains at Brandywine and Al Gore Jr. remains the year 2000 duly elected non-inaugurated, natural born REAL President of the United States.

Gordon Duff, the Traitor Exposed!

by Tom Heneghan, International Intelligence Expert

Note: Adamus Group is controlled by German Nazi and Israeli Mossad asset and enabler, former Vice pResident Richard "Dick" Cheney.

We can now divulge that Adamus Group has been directly fingered by the Joint American-French Intelligence Task Force as being tied to the Israeli Mossad and the Office of Naval Intelligence (ONI)

infiltration and orchestration of terrorist al-Qaeda cells in the nation of Yemen aka Nazi Paperclip Adamus Group headquarters that created the illusion of terrorist threats that then forced the close down of U.S. and other western embassies across Africa.

Nazi Jew bitch Gordon Duff continues his attack on duly elected President Albert Gore Jr. on the behalf of Benghazi war criminal, Bush-Clinton Crime Family Syndicate business partner, lesbian Nazi Jew Hillary Rodenhurst Clinton.

Reference: It was Albert Gore Jr. that helped elect Bill Clinton as President in 1992, who was deep in 3rd place vs Ross Perot and then President George Herbert Walker before Albert Gore's Vice Presidential nomination sealed the deal.

Message to Duff: It is in your best interest to cease and desist NOW! Do you get it!

Israeli Mossad asset and Adamus Group terrorist Gordon Duff of VeteransToday.com

“Duff currently serves on the boards of the Adamus Group, one of the world’s largest energy technology firms and of a private financial institution **participating in the Federal Reserve Banking group.**“

Veterans Today's Gordon Duff and his elite bio

December 1, 2012 by [FauxCapitalist](#)

***From the November 30 episode of Live Free or Die Radio with Lee Rogers, Lee drew attention (starting at 34:28) to Veterans Today's Gordon Duff and his elite bio.**

"Gordon Duff is a Marine Vietnam veteran, a combat infantryman, and Senior Editor at Veterans Today. His career has included extensive experience in international banking along with such diverse areas as consulting on counter insurgency, surveillance technologies, intelligence analysis, defense technologies or acting as a UN diplomat and "special consultant."

Duff currently serves on the boards of the Adamus Group, one of the world's largest energy technology firms and of a private financial institution participating in the Federal Reserve Banking group.

His most recent project adapts advanced military technologies to wildlife and land management in cooperation with the UN, USAID and International Wildlife Federation.“

Is this bio satire?

Is this bio satire?

- “extensive experience in international banking” = willful promotion of debt slavery
- “consulting on counter insurgency” = suppressing legitimate political opposition or suppressing controlled opposition after it has served its purpose
- “surveillance technologies” = it’s not for your safety, it’s for *their* safety
- “intelligence analysis” = we tell you what the intelligence says, and if you want to make your own independent analysis, we’ll say you can’t, in the name of national security
- “defense technologies” = offensive technologies
- “acting as a UN diplomat” = acting as a diplomat for a subversive organization that was given free land for its headquarters by the

Rockefellers, whose ultimate goal is a one world government

“Duff currently serves on the boards of the Adamus Group, one of the world’s largest energy technology firms and of a private financial institution participating in the Federal Reserve Banking group.”

Yet why does a Google search for “Adamus Group” turn up more questions than answers, with links on the first page to posts asking for more information about this group?

<https://fauxcapitalist.com/tag/adamus-group/>

And serving on the board of a Federal Reserve Bank member bank is no badge of honour, considering the purpose of the Federal Reserve Banks is to serve as a cartel by restricting competition.

Lee Rogers also drew attention to two recent highly suspect articles on the site, which constitute unwarranted fearmongering:*

[The Immediate Goal Of The Jesuits: Declare Martial Law In The United States](#)

[Nuclear Christmas, a Tale of False Flag Terror](#)

In case this isn’t enough of an indication that Duff isn’t a credible source, see this interview where he says:

“About 30% of what’s on Veterans Today is patently false. About 40% of what I write is at least purposely partially false, because if I didn’t write false information, I wouldn’t be alive.”

In 1989 George H.W. Bush-Scherff STOLE \$27.5 TRILLION from the American and French People's Treasuries known as the Wanta-Reagan-Mitterrand Protocols;

30 years later an aggregate of \$433 TRILLION

is now waiting to be returned to the American and French People — these STOLEN Treasury funds will pay off national debt, employ millions on restoring America's decaying, crumbling civil infrastructure, lower taxes, eradicate illegal federal income tax, etc.

In 1997 then Vice President, now recently inaugurated United States President Albert Gore Jr., saved Leo Wanta's life when he was illegally imprisoned in Sayre, Oklahoma before the Bush-Clinton Crime Family Syndicate aka 'Deep State' could murder Wanta.

President Albert Gore Jr., on behalf of We, the People, without hesitation in the face of assassination attempts, has worked steadfastly to STOP THIS HIGH TREASON and return the STOLEN \$433 TRILLION to the American and French People's Treasuries!
