## RED CHINESE GET BIG BUCKS IN SECRET HOSTAGE DEALS

by Sherman H. Skolnick 04/11/01

The Red Chinese are to get massive funds and terms in the secret deals brokered by Federal Reserve Commissar Alan Greenspan. The agreements, European intelligence sources contend, would never, if soon fully revealed, get the approval of top honchos of both political parties in the U.S. Congress.

The protocols, forms of clandestine U.S. Treaties, are highly favorable to mainland China and extremely adverse to the American White House occupied by what European and non-European sources aver is a highly tainted, and conflict-of-interest presidency. The secret deals, ending the ordeal of China holding 24 U.S. spy-plane airpeople hostages on an island offshore the China mainland, were hammered out with the help, among others of the following, many of whom have large business interests in Red China

(1)The deals were orchestrated (maybe the "accident" also "created"?) by George Herbert Walker Bush, in supervising his son, George W. Bush. The Elder Bush has a long history in strange events. With the American CIA since at least 1959, he was part of the cover up of the plot to assassinate President John F. Kennedy in 1963, as implicit in an FBI document that has surfaced. In 1976, for less than a year, he was Director of Central Intelligence, heading up the American spy community. In the late 1970s, before the U.S. began official diplomatic relations with Red China, the Elder Bush was U.S. envoy to Beijing, traveling and living, not with his wife but his mistress. The Elder Bush's brother, uncle of George W., Prescott Bush, Jr., has been a behind-the-scenes expert as a reputed money laundry expert, aiding criminally-inclined members of the Red Chinese Military and the Te-Wu, the Red Chinese Secret Police, in penetrating foreign currency and commodity markets, such as on the Chicago Board of Trade and the Chicago Mercantile Exchange. [Visit our website stories about the Red Chinese

Secret Police operating on U.S. soil, arranging, for example, the shipments of human body parts harvested from Chinese dissidents condemned to death, as the body organs are ordered by the Rockefeller hospitals at the University of Chicago, major center of transplants.]

In October, 1980, the Elder Bush, briefly visiting a Paris suburb, arranged a treasonous deal to supply weapons to Iran via Israel. In exchange, Iran agreed to keep holding 52 U.S. hostages to aid the Reagan/Bush ticket to win the 1980 Presidential election by showing Jimmy Carter, running for re-election, as a wimp not able to get the hostage release. The affair was called "The October Surprise". The hostages were released just at the moment in January, 1981, when Reagan/Bush were successfully inaugurated, as President and Vice President.

(2) Another participant of the U.S.-China hostage pacts, has been U.S. Secretary of State, General Colin Powell along with his sidekick, Richard Armitage, Deputy Secretary of State. The foreign press, unlike the captive U.S. mass media, have not hesitated in the past to point out that a Burmese General, in an apparently authentic videoed interview, contended from first-hand knowledge that three top-level Americans have been his worldwide dope trafficking partners in shipments from the "Golden Triangle", Southeast Asia including Southwest China. In fact, they built him a highway through the jungle to facilitate the shipments, he asserts. Identified by this Asian dope kingpin as his long-time business partners reportedly have been George Herbert Walker Bush, General Colin Powell [who during the Viet Nam War covered up the Mai Li mass civilian murder incident], and Powell's ever-present crony Richard Armitage.

(3) Reportedly aiding in the hostage deals translations and terms has been the Younger Bush Administration's Secretary of Labor Elaine L. Chao, wife of Senator Mitch McConnell (R., Ky.) a husband and wife team that reportedly fronts for the Beijing government in Washington. Chao has numerous business links with the Red Chinese Secret Police. For example, she has held a seat on the board of Protective Life Corp., which owns 50 per cent of CRC Protective Life Insurance, as shown on Senate financial-disclosure documents. [Lippo Group, tied to Bill and Hillary Clinton as well as George W. Bush, owned First National Bank of Mena, Arkansas, arranging to launder hundreds of millions of dollars, proceeds of the American CIA dope shipments through the nearby airport at Mena.] The other half of the Hong Kong-located unit is owned by Lippo jointly with China Resources Holdings Co., a unit of the Red Chinese Secret Police and China's Military.

Elaine L. Chao's father, born in China, James S.C. Chao, is closely tied in business to the top officials of the Beijing government and owns a shipping company with business with the Beijing government.

Long part of highly secretive dirty deals has been the New York District Federal Reserve Bank, long tied to Maurice Greenberg, chairman of American International Group Inc. AIG purchased 5 per cent of Lippo Life and 70 per cent of one of its units, Asuransi Jiwa Lippo Utama, paying upwards of 200 million dollars. With gross sales of 40 Billion dollars, AIG was one of the first foreign firms permitted to sell insurance in Red China. Chao's husband, the U.S. Senator, has long received campaign pay-offs from Greenberg's firm.

European and American intelligence sources assert that Elaine L. Chao's reputed links to the Red Chinese Secret Police, together with that of her husband the U.S. Senator, could easily fill a good-sized book or magazine article. Despite her connections, she has strangely been given as a Bush Cabinet member access and clearance to top national security secrets of the FBI Counter-Intelligence Division, the American CIA, and highly sensitive classified records relating to U.S. and foreign trade.

(4) Participating reportedly if not actually fully facilitating the hostage deals has been former Clinton White House Senior Advisor, Rahm Emanuel. After leaving the White House, Rahm became a managing director of Wasserstein Perella & Co., supposed "investment bankers", who reportedly specialize in secret Asian asset swaps, barter deals, and laundering funds of the Red Chinese Secret Police disguised as foreign currency and soybeans deals on the Chicago markets. He has reportedly been quite involved in joint enterprises with Israel, where he is a dual citizen, jointly with the Red Chinese in enterprises reportedly including nuclear bomb detonators. Rahm Emanuel has been the reputed Deputy Chief for North America of Israel intelligence, The Mossad. His deals, some contend, if fully publicly revealed, would anger some American Jews, particularly those who are not part of the aristocracy, as well as more common people in Israel.

European and non-European intelligence officials who penetrated the secret hostage release arrangements conveyed the specifics of the U.S.-Sino so-called "peace" covenant, to certain outspoken, more independent-minded free lance journalists and investigators. This done, to assure some of the onerous terms somehow, somewhere, come to public attention

without being screened by the monopoly press. Some of the specifics

===For use by the Beijing government, the Federal Reserve agreed to transfer to a neutral designated country, as a neutral depository or escrow agent, 40 Billion dollars in U.S. credits, assets, gold bullion, and currencies, both U.S. and foreign. Title of this is to be conveyed to mainland China sovereignty upon the safe release of the U.S. hostages.

[To facilitate this, certain foreign currencies have been artificially supported by the Federal Reserve at the same time, jointly with the Bank of England, Goldman Sachs & Co.(which moved to London to get away from U.S. jurisdiction), J.P. Morgan & Co., Bank One, with the aid of Wasserstein Perella & Co., and others, forcing down the price of gold below the cost of production of the world's most efficient mines.

===In the agreements between Red China and the U.S., the American CIA, by the Director of Central Intelligence, as head of the intelligence community, and as a signatory, certifies that the American mass media outlets will be ordered, or upon failure of such orders, technically and through satellites obstructed, from such major U.S. news outlets circulating or distributing, or causing or participating in the same, the details of the U.S.-Sino deals to gain release of the hostages. Guarantors of this, along with the American CIA and the Director of Central Intelligence, DCI, are signatories binding the National Security Agency, NSA, in charge of signal intelligence, and the National Reconnaissance Office, NRO, in charge of satellites, including those relied upon by the major media outlets.

[In federal documents long-since released but little mentioned, a similar deal for mass media censorship in 1964, was agreed to by the Associated Press and United Press International, guaranteeing for an indefinite period of time that the wire services will carry no adverse criticism of the then-issued Warren Commission Report proclaiming that there was no conspiracy in the murder of President John F. Kennedy and the deed was done by a lone assassin, Lee Harvey Oswald.]

===A top official of the U.S. Drug Enforcement Administration, DEA, as a signatory and guarantor binding as well on successors in office, assures that that Agency will use their best efforts and most merited personnel to prevent any publicity in the mass media news outlets, of any problem, of any problems to be publicly discussed, as to "China White", the high-purity dope from Southwest China funneling into the U.S.principally

through Chicago and the monetary proceeds of which are to be credited to pay back the loans from First National Bank of Chicago now called Bank One. That this embargo on data and press releases and public statements is to continue at least until one year after the expected Red China hosting of the International Olympics. The DEA official agrees that his agency will restrict their public comments on dope traffic interdictions to Mexico, Colombia, Nigeria, and related locations and not mention Southwest China, or the term "China White". A top official of FBI Counter-Intelligence Division, in supervision of overseas offices, likewise is a guarantor and signatory to these embargo provisions.

As part of these restrictions on public statements, press statements, and press releases, the DEA and FBI signatories and guarantors agree not to use the term, in any of its forms, of Te-Wu, Red Chinese Secret Police, or any words relating to or meaning the same. The signatories and guarantors, upon the agreement with the Chinese signatories, confirm that the purported activities of the Red Chinese Secret Police, by any term referring to them, and their acts and doings while within U.S. sovereignty, since 1956, or before, were at all times "peaceable, law-abiding, and that no criminal or other offenses were committed within U.S. sovereignty" and that all statements to the contrary are known to the DEA and its predecessors as well as the FBI, "to be false and not supported by fact".

[This declaration is in direct opposition to the numerous reports from an elite unit of retired intelligence operatives who documented the murder and mayhem, on U.S. soil, by the Red Chinese Secret Police since at least 1956. Visit our website series.]

===As a signatory to the hostage agreements, the North American Chief of British Counter-Intelligence, with offices in Chicago, agrees to invoke the United Kingdom's Official Secrets Act, to restrain and punish any British news outlets, including those with U.S. offices as well, from distributing and circulating the withheld details of the hostage pacts. For that purpose, the MI-6 chieftain agrees to recommend the seizure in the United Kingdom, and wherever else there is British sovereignty, of media machinery, facilities, transmitters, trucks, portable audio and video equipment, and other media items, from any British major media violating the terms. And further, agrees to recommend the prosecution and jailing of British mass media personnel violating the Official Secrets Act by circulating or causing to be circulated and distributed the withheld details of the hostage covenants and terms.

While releasing the specifics of the foregoing to certain independent-minded journalists and investigators, the European and non-European intelligence operatives, that penetrated the U.S.-Sino concordat, assert they are holding back still other details of the hostage release financial and other agreements, so as to, on a time-sensitive basis, safeguard some of their units still compiling inside data.

The principal financial terms of the hostage release are not to be publicized for at least until after Red China successfully arranges hosting the International Olympics. Top officials of the sports superfest participated in the hostage dealings, in a restricted portion only, of the bargaining negotiations, according to European and non-European intelligence sources.

The penetration of the super-secret hostage settlements was aided by intelligence operatives with a background from France, Portugal, and Spain. The Portuguese operatives in particular had a score to settle with the dirty conniving in the deals by the Bush Family to cover up their secret business partnerships with the Red Chinese. As published in the foreign press, former high-level officials in Lisbon have accused George Herbert Walker Bush of arranging the political assassination, by way of a sabotaged plane crash, of the former Finance Minister of Portugal who had documents proving the Elder Bush used Portugal as a trans-shipment point for Bush's treasonous arrangement with Iran in 1980, to give them weapons via Israel, in exchange for holding back the release of the 52 U.S. hostages in Teheran. In other words, documents that proved the Elder Bush committed treason, to offset an "October Surprise" by Jimmy Carter trying to get the hostage release in the month prior to the 1980 election, to help Carter's re-election bid.

More coming. Stay tuned.

## THE NEW/OLD WHITE HOUSE GANG

Part One of a series

12/31/00 by Sherman H. Skolnick

In the year 2000 Presidential alleged "Election", upwards of 51 million voters nationwide voted for Albert Gore, Jr. He won the national popular vote by some 500,000 votes. In their heart of hearts, some of those voters will always consider Gore as "President De Facto" and pronounce the name of his opponent as George W. BushFRAUD, as an illegitimate occupier of the Oval Office.

In previous stories, I pointed out how the presidential alleged "election" played out strangely similar to that of 1876, when Samuel Tilden ran against Rutherford B. Hayes. Tilden won the popular vote and for the rest of his life, considered himself as having been the actual elected President. Winning by one Electoral College vote, approved by a Congressional Electoral Commission, the tie vote of which was bribed, Hayes served in the White House as a one-term President. Some called him names similar to RutherFRAUD or bitterly toasted him as "To His Fraudulency".

There are strange coincidences when you compare the events in Gore Vidal's book "1876". First published in 1976, the book was re-issued in softcover just prior to the year 2000 alleged "election". Bribery and fraud of the State Election overseers in FLORIDA was an instrumental part of Hayes seizure of power. And some persist in claiming the same as to George W. Bush. In his Texas home, Bush has bookshelves in his dining room with--you guessed it!--historical novels by Gore Vidal. [Time Magazine, 12/25/00, page 64.] Coincidence?

Some contend in dark and sinister tones that the year 2000 alleged "election" was orchestrated by the super computers using a marketing formula, called "hypothesis averaging". This done, under the supervision of the former head of America's secret political police, the Elder Bush. Were these secret

*This is not the 2 page article that I saw and told you was MEANINGLESS.*

methods used to disenfranchise, nationwide, some two million black voters whose ballots were tossed out by machines as supposedly "defective"? And were these mechanisms, using undisclosed proprietary codes, hooked clandestinely to satellites under the control of the super-secret National Reconnaissance Office, NRO? A high percentage of the supposedly "not valid" Afro-American ballots would have been for Gore.

As the propaganda horn for the Establishment, how would the oil-soaked monopoly press explain away THAT large of a plurality in the national popular vote for Gore as President? So the black vote had to be scrapped.[On the TV networks, by unwritten policy, IF a black reads you the news, they have to be light-skinned and/or look like a doll and resemble a store mannequin.]

One of those turning down an offer by Bush of a Cabinet position was Montana Governor Marc Racicot [(406)444-3111]. Some believe he had too much dirty baggage that even the highly corrupt FBI could not whitewash. Perhaps Bush sought to explain away the shadows. "In an interview with TIME last week, Bush singled out one Governor in particular for praise Racicot of Montana, who emerged during the Florida fiasco as a take-no-prisoners surrogate for the Governor. Racicot's accusation that Gore had declared war on U.S. troops by trying to toss out their absentee ballots has already made him a target among some Democrats on Capitol Hill. But Bush is unbowed and is considering the former state attorney general for Justice or Interior.'He's a genuinely good person', said Bush, 'a genuine guy. I promise you that whatever position he's in, he'll be a star-in a very quiet and humble way. He'll be a great success' " [Time Magazine, 12/25/00-1/1/2001, pp.91-92.]

Whatever election fraud may have occurred in Florida favoring Bush, some contend Racicot was the orchestra leader thereof. Investigators and journalists in upper Montana have claimed that high-level Montana State officials are implicated in the growing dope traffic from Canada through Montana. AND, that Governor Racicot is himself directly involved in a cover up of this criminality. Canadian authorities have sought to reportedly apprehend an FBI official charging him with being a kingpin in the cross-border narcotics. Is it just another coincidence that this U.S. secret police official has been stationed in FLORIDA but has links to the Montana/Canada border area in question?

As we showed in previous website stories, the Elder Bush and his sons have 25 secret bank accounts, worldwide. [See "Greenspan Reportedly Aids and Bribes George Bush and Family", with attached Federal Reserve secret wire transfer

records by which the Bush family launders billions and billions of dollars from illicit proceeds from dope and weapons smuggling.]

Perhaps some have forgotten how the Bush gang committed treason. The Elder Bush, Richard Cheney, James Baker 3rd, and General Colin Powell were implicated in secretly arming Iraq even with nuclear weapons items and ingredients for poison gas. See the book, "Spider's Web---The Secret History of How the White House Illegally Armed Iraq" by Alan Friedman. Bantam Books, December, 1993.

One of the most explosive situations reportedly implicates Governor Tommy Thompson, appointed by alleged President Bush as the Secretary of Health and Human Services to replace out-going Clinton appointee Donna E. Shalala. It all revolves around a huge reputed CIA espionage slush fund, from Switzerland reportedly operating without legal authority in Wisconsin through the criminality of Governor Tommy Thompson. The billions and billions of dollars has been called by an innocent-sounding name, Childrens' Defense Fund. Playing a key role in the dirty business reportedly was Donna E. Shalala, starting when she was Chancellor of the University of Wisconsin at Madison and continuing when she was Secretary of Health and Human Services, HHS.

The Foundation/Trust specializes in illegally skimming funds off the Medicare Program and funneling the proceeds through hospitals and health programs that disregard legalities. Part of it operates through Rockefeller's University of Chicago Hospitals. [See our website series about the Red Chinese Secret Police in the United States. And how these hospitals reportedly buy and sell human body parts---hearts, kidneys, lungs, and such---harvested from Red Chinese dissidents condemned to death as the orders for these body parts come in.]

Some of the billions of dollars of the Childrens' Defense Fund are secretly used to margin soybean speculations by Red Chinese and others, through five commodity brokers [we intend to name names later in this series], Chicago and New York; specializing in illegal "no-due-diligence" secret Red Chinese accounts. Also the assets of the Childrens' Defense Fund are reportedly skimmed off and laundered through so-called "segregated accounts", more or less guaranteed quietly, dollar for dollar in the billions of dollars, by the Chicago Mercantile Exchange. [Long time maestro of the "Merc" as it is called, has been once-Chairman Leo Melamed, raised in China and reportedly speaks fluent Chinese.]

Another key player reportedly in these Medicare/hospitals/Red Chinese/Chicago Mercantile Exchange swindles has been Rahm Emanuel, reputed deputy North American Director of Israeli intelligence, the Mossad. Off and on for six years, he was Clinton White House Senior Advisor. An expert reportedly in extortion and blackmail, Rahm has been a major election campaign fund-raiser by arm-twisting. He went on to a top position in Chicago with a supposed "investment banker", Wasserstein Perella, now merged with a German bank.

An official of the Childrens' Defense Fund has been Hillary Rodham Clinton, elected from New York to the U.S. Senate. Her reputed lover and law partner, in the Rose Law Firm, Little Rock, was Vincent W. Foster, Jr., for a few months in 1993 being Clinton White House Deputy Counsel. Foster was the courier and "bagman" for the Fund, traveling widely, prior to the White House job, Little Rock, Wisconsin, Chicago, Switzerland, Russia. He started in July, 1993, to turn over incriminating records of the Childrens' Defense Fund as a huge money laundry, to the then FBI Director, William Sessions. The day before Foster's body was found in Fort Marcy Park, Virginia, Sessions was unceremoniously sacked on ridiculous charges that he defrauded the government by taking his wife along on one of his FBI office plane flights. Some of those original records did get into Sessions possession and he formed elite units to investigate, for criminality, both George Herbert Walker Bush and his sons as well as the Bush Family cronies Bill and Hillary Clinton. Foster was murdered because of the massive Medicare/hospital/State Government/commodity markets fraud as well as for other reasons. [See other details of the Foster murder on our website, "Greenspan Reportedly Aids and Bribes the George Bush Family", Part Four of the series.]

For safe-keeping, Sessions parked the original records documenting massive fraud of the Fund, in the Alfred Murrah Federal Office Building in Oklahoma City. The records were destroyed in the multiple bombings, internal and external, of the building, on April 19, 1995. There is substantial reason to believe the FBI and the U.S. Treasury's Bureau of Alcohol, Tobacco and Fire-Arms, BATF, allowed a foreign unit, tied to Iraq with American surrogates as dupes, to bomb the building. Not only to destroy the records but to be used by Clinton as an excuse to restore his power following the 1994 Congressional Election debacle and clamp down on American dissidents falsely blamed for the disaster.

Naive people do not understand the overlap between the reputed crimes by Bill and Hillary Clinton and those supposedly

investigating them. For over four years as the supposed "Independent Counsel", Kenneth W. Starr pursued the Clintons. The only items that Starr saw fit to publicize were the sex episodes of Clinton and Monica Lewinsky. Hemmed in by numerous conflicts of interest, Independent Counsel Starr was not about to open up a real can of worms. And who was the attorney for the infamous Childrens' Defense Fund, acting as supervisor and strategist? Why, none other than Kenneth W. Starr. You can understand why Starr committed a fraud upon the American people by stating that Vincent W. Foster, Jr., died as a "suicide", when there are substantial contradictions, showing Foster, and his role with the Childrens' Defense fund, was more likely murdered.

So the role of Tommy Thompson reportedly is quite simple to continue the cover up of the massive fraud implicating the Childrens' Defense Fund, continuing the same of his confederate, Donna E. Shalala. As head, like she was, of the Department of Health and Human Services, Thompson is in a perfect position to perpetuate a fraud on the American people. Was George W. Bush simply incompetent in having as his surrogate reputed dope trafficker Marc Racicot? And appointing Tommy Thompson to keep the lid on the CIA money laundering swindles, like Childrens' Defense Fund? Or did George W. with his father supervising him, know quite well what he was doing.

If the Liars and Whores of the Press had all along publicized these crimes, most common Americans, regardless of political party, would most likely agree to be taxed for a new, large jail to house this New/Old White House Gang. Stay tuned.

## MARC RICH IS CIA RICH

1/26/01 by Sherman H. Skolnick

Some feel old files can be a drag. Whether in original paper form or non-paper form, they take up space. And only old-timers might know how the different files interface with one another.

Besides, a super-duper swindler from yesteryear might have disappeared or never re-appear in the public eye. Specializing in keeping track of big-time crooks, including Judges and top IRS officials, we, as a group, have a repository of some one million documents, files, rare books, films, audio and video tapes, and more. We relish the thought of a big thief somehow showing up again. It makes keeping old files worth the effort.

The problem? The data thus put together might be falsely described as "tall stories". Especially by those who grew up sucking on mass media milk. In other words, in plain talk, college educated know-nothings. Like those who e-mail us questions on what they call "marshall law". Hey, have dictionaries become obsolete?

Starting back in 1954 was a brilliant, high-strung, humor-less speculator. His real name was Marc Reich, but to disguise his foreign-descent past, he called himself Marc Rich. He knew how to trade a cyclone in usual and unusual metals, grains, and other items from the earth's crust. And how to make money and shipments disappear through the dark and tax-neutral and tax-haven hole, such as the Netherland Antilles. Oil embargoes such as against Iran in 1979-80, because of the U.S. hostage mess, did NOT effect HIM.

To preserve his secrets he apparently never fired any of his underlings. Supposedly they were paid even when they did not function well anymore. So the American CIA needed to pay for a domestic or foreign political assassination? No problem. Marc Rich arranged it through smuggled or stolen gold bullion. [A

similar CIA gold trader living in a Chicago suburb, was assassinated on the day we fingered him in 1995 on our popular public access Cable TV Program. Mellow with age, John Tarullo, friend and tool of Archbishops, and top FBI and CIA officials, talked too much. As a teen-ager, he was a pilot for Benito Mussolini, the Italian strongman.]

Omitting Marc Rich's espionage role, but otherwise useful for background is the book, "Metal Men- Marc Rich and the 10-Billion-Dollar Scam" by A. Craig Copetas, G.P. Putnam's Sons, N.Y., N.Y., 1985. To write the book, the author became a metal and commodity trader and infiltrated Rich's circle.

Hillary Rodham Clinton and her globe-traveling law partner and reputed lover, Vincent W. Foster, Jr., were implicated in domestic and overseas money laundering. Secretly a top espionage operative long before his short tenure in the Clinton White House, Foster traveled with tell-tale government-rate airfare. He, and Hillary and their crony Webster Hubbell, former Little Rock Mayor and once Acting Arkansas Supreme Court Chief Justice, were strategists for a reputed worldwide spying-on-banks, as against both friend and foe, for Systematics, in the bank computer software services field. Bank computer espionage "trap-doors" were their specialty. We were about the first to finger Systematics, headquartered in Arkansas, and some of their front stooges tried, with no success, to scare us into silence. The National Security Agency, NSA, file on Foster and Systematics linked Hillary, Foster, and others, in many hundreds of pages of documents, but as available to the public, mostly redacted, blanked out to outsiders.

Marc Rich the commodity bandit and "spook" was so interwoven with the White House of George Bush The Elder and later, Bill Clinton, you could not hardly tell whether the White House dirty tricks department was in Washington or Zug, Switzerland, one of Rich's outposts. To escape being prosecuted, Rich did not return from Zug to face the big-time Federal Criminal music in the 1980s. At the time the U.S. Attorney for the Southern District of New York, Rudolph W. Giuliani (later N.Y. city Mayor), wanted to put Rich in jail. A Bush Family confidant, Giuliani nevertheless found out too late that Marc Rich was the American CIA's laundry man and was immune. When Rudy started to run for U.S. Senator from New York against carpetbagger Hillary Clinton, in the year 2000 Election, she was afraid he would mouth off about her and Foster and Marc Rich. So, Hillary's press agents reportedly launched a pre-emptive strike planting details publicly of Giuliani's marital troubles. And so, Rudy side-stepped the whole mess and the Election, by divulging what he must have

already known, that he was ill with cancer.

The book author described him, "Marc Rich, the man whom the United States Justice Department privately called the most corrupt corporate executive in America". ["Metal Men", page 13.] After he took refuge in his Switzerland offices, the oil-soaked monopoly press, protective of high-level swindlers, agreed to be mostly silent. By 1990, Rich was a key player in the huge, mostly unpublicized Russian ruble affair, an attack by the American CIA and worldwide banks fronting for them, against the Soviet currency which led to the downfall of the Moscow government. The result was the dissolution of the Soviet Union into fighting-with-each-other provinces, each a fiefdom for mineral exploitation and speculation, Marc Rich's specialty.

Another George Bush The Elder/American CIA darling was a fellow originally from Wisconsin, Leo Emil Wanta. He played a key role in the attack on the Russian ruble to topple the Moscow gang. A CIA-friendly author, the late Claire Sterling wrote a book, a form of mixed and mixed up report on Wanta. "Thieves' World- The Threat of the New Global Network of Organized Crime", Simon & Shuster, N.Y., N.Y., 1994. As she described it, "The fact that scarcely anyone outside Russia has heard of the Great Ruble Scam may be explained partly by its seemingly unbelievable details, but partly, too, by Western reluctance to touch exquisitely sensitive political nerves." (Page 177.)

To protect the CIA, Sterling has a picture of Wanta in the book under which she has the unfair and not balanced description "Leo Wanta, the American snake-oil salesman who stormed world money markets to crash the ruble in 1990-91." She conveniently omits that Wanta's cut of the action has been frozen in Russian banks, some of which were taken over by the Russian underworld, the mafiya, and the funds disappeared when some of the banks collapsed. On the other hand, trillions of rubles were successfully siphoned out of Russia by George Bush the Elder for his personal benefit, some through dope trafficking and weapons smuggling by the Bush Family as secretly authorized by Federal Reserve Commissar Alan Greenspan. [Visit our website series, "Greenspan Aids and Bribes Bush" with attached Federal Reserve secret wire transfers, authorized by Greenspan, to 25 worldwide secret Bush Family accounts to launder such illicit proceeds. One such account, as shown, is jointly with the Queen of England, at the bank she owns, Coutts Bank London.]

An American foreign correspondent based in Italy, Claire Sterling wrote occasionally for the CIA trumpet, the

Washington Post. [The suppressed original edition of a book goes into that newspaper's CIA links. Named for Katherine Graham, the long-time straw-boss for the newspaper, "Katherine The Great" by Deborah Davis.]

Not cheated out of his "commission", Marc Rich stayed shut about himself and the American CIA, such as with the George Bush family, including the Elder Bush's sons, Neil, Jeb, and George W. But cheated out of HIS "commission", Leo Wanta talked openly. So, in 1993, when Wanta went to Switzerland, to await the expected arrival of Clinton White House Deputy Counsel Vincent W. Foster, Jr., Wanta fell into a trap. At the behest of Marc Rich, Hillary Clinton, Vince Foster, and Wanta were working on a money laundering deal involving the reputed CIA front under the innocent-sounding name "Children's Defense Fund". Participating behind the scenes was Tommy Thompson, then Wisconsin Governor, and Donna Shalala, once Chancellor of the University of Wisconsin at Madison, and later, head of the Department of Health and Human Services, HHS. [In the alleged "President" George W. Bush administration, Thompson became the HHS successor to her.]

To shut him up, Wanta was grabbed by so-called "authorities" in Switzerland and clapped into a dungeon, he says. Foster never arrived. A short time later, a private "hit" team murdered Foster in or near the Clinton White House and dumped his body next to American Civil War cannons in the memorial Fort Marcy Park, Virginia. The true happening of his demise is recorded on satellite images compiled by the U.S. National Reconnaissance Office, NRO, super-secret satellite bosses. The head of the NRO imaging project, Daniel Potter, was later murdered.

The Foster "hit" team was paid five million dollars of laundered funds reportedly through Marc Rich/George Bush the Elder. [Some background details of the Foster murder are in our website series on "Greenspan Aids and Bribes Bush" Part Four.]

Wanta was brought back to the U.S. on alleged charges of mis-stating 14 thousand dollars in supposed taxes. Who wanted him silenced and jailed? CIA darling Wisconsin Governor Tommy Thompson and his dirty bird crony George Herbert Walker Bush, once head of America's secret political police. Notice the different standards of so-called Justice. Wanta, complaining loudly about the freezing of his "commission" on the Russian ruble scam, has been put in jail, and he says, mis-treated. He says he keeps reporting to his jailers, to no avail, his medical ailments which require attention.

On the other hand, CIA darling/reputed assassination facilitator, Marc Rich, running from Switzerland a worldwide massive CIA proprietary money laundry, is pardoned in the final hours of the stinky Clinton administration. For Bill's benefit, Marc Rich conveyed for use by Hillary and eventually Bill, somewhere between 30 and 100 million dollars. Our sources say it is closer to 30 million dollars. Gold experts and such on their website on 1/24/01 say quoting a knowledgeable source, "The White House provided no reasons for Rich's pardon and I understand that the commodity crowd in New York speculates that Clinton ended up with a minimum of \$100 million in his pocket somehow, somewhere as a payoff from Rich for the pardon. No one could corner or manipulate a market better than Mark Rich. I wonder if he has been part of the Gold cartel all this time?" <http://www.LeMetropoleCafe.com> Website of the Gold Anti-Trust Committee which contends the Federal Reserve and others are in a worldwide cabal that forced down the price of gold below the cost of production in order to save the paper-money gang.

The Marc Rich reputed bribe to the Clintons is parked, escrowed as it is called, at a Caribbean dope-haven money-drop, the former Dutch-possession St. Maartens Island. Owned by current, recently current, and former top IRS officials is an ocean-going money-laundry boat, disguised as a floating gambling casino, that comes and goes from St. Maartens and then crosses the Atlantic to Spain and Portugal. [See a picture of the boat and details in our website series, "IRS Officials Face Exposure".]

Leo Wanta is one of a very few real experts on the Russian mafiya. The Russian underworld bloomed following the downfall of the Moscow government. Former cut-throats of the Soviet secret police, the KGB, were out of work, so they formed a help-themselves situation, becoming or already had been, experts in superior quality countefeit U.S. and other currency, stolen U.S. credit cards, supplying young men and women for prostitution in the U.S. In large cities like Chicago, if you become knowledgeable about all this influx of Russian mafiya to America, and seek to report it to the local office of FBI, guess who gets "investigated"? YOU, not the mafiya. The FBI know the Russians have superior methods and the FBI does not wish to tangle with them. With complete immunity, as we have described in earlier website stories, Cong. Henry Hyde (R., Ill.) reportedly runs a strip joint in an unincorporated area near Chicago. Used are Russian naked women as dancers, brought to America under false pretenses that they are going to work in "offices". All this, in apparent open violation of laws regarding

the U.S. Immigration and Naturalization Service, INS. Also, Hyde reportedly keeps no records as required by the State Revenue and the IRS. And, ha! ha! Hyde has become head of the Foreign Relations Committee. [To paraphrase the Old Testament, Tabernacles of Gangsters Prosper, and Those That Curse Heaven Are Secure. A sad and cynical thought that troubles reformers.]

As savvy court observers long have noticed, dirty, corrupt politics are what counts not the law and the facts. Wanta, to fight being framed, had a lawyer working for him that reportedly understood the CIA tricks against those who the spy agency wants to throw away. On the other hand, notice what was said about the Marc Rich pardon by Clinton "Rich's attorneys had ties to the former president Jack Quinn, co-founder of Quinn Gillespie & Associates, was a Clinton White House counsel and a chief of staff to Vice President Gore, and Arnold & Porter has represented the Clinton legal defense fund since it was created in 1998." "Pardon Bypassed Procedures", Washington Post, 1/24/01, page A01.

Wanta has positives, some possible negatives in the viewpoints of some. Although a Wisconsin resident, he has credentials, which appear to be genuine, naming him as an Ambassador to Switzerland from the East Africa nation of Somalia. Such diplomatic authority should have spared him his troubles with Tommy Thompson, etc. Sarcastic folks, however, surmise the credentials could have been covertly arranged by his one-time mentor Bush the Elder through the CIA, to assist in laundering sums through the reputed CIA front, the Children's Defense Fund. Cynics chuckle that Wanta may simply have just bribed someone in Somalia, or elsewhere to be named an ambassador from that nation with their purported rule by a robber baron, military junta. (Really that different from the U.S.?) Against his wish, have Wanta's former cronies kept him in jail, like a number of other CIA covert operatives, as a cheap way to protect him from his enemies, at government expense? Enemies such as George Bush the Elder and his sons.

As part of a cover-up, various high-level persons have an interest to have some CIA operatives no longer useful (most likely including Wanta) discredited and even falsely jailed. In the Russian ruble caper, 1990-91, Federal Reserve Commissar Alan Greenspan and then president Bush the Elder reportedly arranged to siphon off funds of the former Soviet banking system for their personal benefit and that of their cronies. This required getting in bed with the Russian mafiya. Thousands of tons of the Soviet gold treasury disappeared and ended up with top-level Dutch criminals operating as the Algemene Bank

Nederland, now called ABN-Amro. Thus enriched has been ABN's American flagship, La Salle National Bank of Chicago which used the purloined gold to set up branches in 15 American cities, gobbling up other banks in the process, secretly paying for them with stolen Soviet gold.

Questions, of which in our various website series we have made partial answers

**Q- How many foreign and domestic political assassinations has Marc Rich reportedly arranged and financed, disguised as metals and grain deals? See some of the details previously posted about Rahm Emanuel, the Chicago Mercantile Exchange, and the Chicago Board of Trade dirty business. Are these events occurring through the aid of Rahm Emanuel, managing director of Wasserstein Perella & Co.? We think so. And Rahm is reportedly linked to Marc Rich and the Red Chinese Secret Police operating IN THE UNITED STATES.**

**Q-Does Marc Rich's ex-wife, who reportedly directly contacted Clinton asking for a pardon, and Marc's/her hotshot lawyers have any knowledge of his high-level crimes on behalf of the bloody American CIA? We think so.**

**Q-Did Bill/Hillary Clinton use Marc Rich to come up with the loot to pay for the private "hit", as mentioned, on their crony Vincent W. Foster, Jr., because Foster was engaging in treason and was implicating them? Some background "Greenspan Aids and Bribes Bush" part four, our website series.**

**Q- Is it true that Rahm Emanuel, for six years having been on and off Clinton White House Senior Advisor, has been, in effect, Deputy Director for North America, of the Mossad, Israel's spy agency? And was Rahm an instrumental part of Marc Rich's dirty, bloody business for the American CIA? [Rahm Emanuel went on to become a managing director of Wasserstein Perella & Co., now merged with Germany's Dresdner Bank A.G., all reportedly tied to the Red Chinese Secret Police.]**

**Q-Is it true that the spy-riddled, oil-soaked monopoly press has suppressed stories, known by them to be true, that Marc Rich has had unholy deals with Bishop Paul Marcinkus, originally from the Chicago-area mafia enclave of Cicero, who went on to become head of the Vatican Bank, linked to the mafia and the American CIA? In numerous items on our website, we discussed Marcinkus' role in dominating the First National Bank of Cicero which to get the stink off themselves have changed their name now several times.**

**Q-Is Marc Rich, apparently now having bribed Bill/Hillary Clinton to get a presidential pardon, returning to the United States, to assist the American CIA on American soil with money laundering and reportedly facilitating/financing political assassinations, foreign and domestic?**

**We expect to post more details of Marc Rich is CIA Rich. Stay tuned.**

## MARC RICH---SWINDLING THE POPE'S SOYBEAN COMPANY

3/14/01 by Sherman H. Skolnick

The Pope and his advisors had good reason to believe Chicago was the place to conduct business. The Windy City has the largest number of Catholic Church parishes of anywhere in America. Under Church provisions and Illinois law, the Catholic Archbishop of Chicago is a Corporation Sole. A little-known one-man corporation is not the usual image, however, of big business. And the Archbishop of Chicago has much more power than just any Archbishop. He is also the Treasurer for Church funds from the entire Western Hemisphere. Traditionally, such huge cash flow was deposited in the Continental Bank of Chicago. For many years, one of the largest stockholders of the Bank was Walter Cummings, Jr., who was a "man of trust" for the Church, that is, trusted to secretly handle the Church assets. And Cummings, also for many years, was the Chief Judge of the U.S. Court of Appeals, 7th Circuit, headquartered in Chicago and one step below the U.S. Supreme Court. As a reality, his Court was the end-of-the-line for most federal cases from Illinois, Wisconsin, and Indiana, since the high court in Washington agrees to consider only a few petitions a year. [Cummings did NOT disqualify himself in appeals involving his Bank. Guess who won in his crooked Court?]

When Continental Bank collapsed in 1984 [two months after I accurately publicly predicted it], Judge Cummings used his huge influence as a Banker-Judge to quietly warn local lawyers not to try to get wealthy by suing his bank on behalf of other stockholders, for plainly evident mismanagement and bank fraud. As exclusively then detailed by me, the Japanese mafia, the Yakuza, led the "run" on the Bank's holding company where they had been falsely informed their twenty billion dollars of flight capital would be in a "bank of deposit". Unlike actual banks, bank holding companies are not insured "banks of deposit". To appease the oriental underworld, several divisions of the bank were turned over to the Yakuza. In later years,

Bank of America, reportedly largely owned by the Yakuza jointly with the Jesuits and the Rothschilds, took over Continental Bank.

For years the Vatican-owned department store chain, Carson Pirie Scott & Co. had been headquartered in Chicago. And Vatican-owned Hines Lumber, a giant in its field, was reportedly owned or linked to Vatican enterprises. Commonwealth Edison, the electric monopoly headquartered in Chicago, is one of the largest power firms greatly dependent on nuclear facilities. A government report showed that the Dutch Catholic financial octopus, Robeco, owned by the Vatican, is one of the largest owners of Commonwealth Edison. A federal law forbids a foreign power [like the Vatican] to own nuclear facilities in the U.S. A Chicago researcher who complained about this had her electric shut off arbitrarily. [Lots of details. Scroll down our website to "The Electric Scandal".]

And the Vatican found comfort in the fact that the Chicago Board of Trade has been almost all the years controlled by the Irish Catholic aristocracy jointly with the Vatican's financial partners and advisors, the Rothschilds. These were people that understood things and took actions on their own, not as part of the common people. And their acts and doings are not to be blamed on ordinary Irish Catholics collectively.

So the Vatican had good reason to believe they could succeed in becoming a major competitor in the soybean business in the U.S., in a place the Pope thought to be friendly to the Vatican's interests. What the Vatican and their soybean executives did not know or understand is the operation of worldwide criminal Marc Rich. Real name Reich, Rich laundered huge illegal flows of cash masquerading as soybean trading in Chicago. Clandestine gold deals for the American CIA were disguised by Rich and his gang as soybean deals, and conversely, soybean trading disguised as smuggled gold deals.

A principal partner to Marc Rich and his pirates has been the Family of George Herbert Walker Bush---that is, the Elder Bush and his sons, George W., Jeb, and Neil. As shown by secret Federal Reserve wire transfer records, the Bush Family laundered the proceeds from worldwide illegal dealings through a joint account with the Queen of England, through the Bank owned by the British Monarch, Coutts Bank London. [Visit our website series, with documents there shown, "Greenspan Aids and Bribes Bush".]

Ferruzzi Finanziaria S.p.A., the agro-holding firm was run by what some called a wizard, Raul Gardini, who had married the

daughter of the firm's founder, Serafino Ferruzzi. Their operation in the U.S. was called Central Soya Co., of Ft. Wayne, Indiana, and Ferruzzi U.S.A., Inc., with principal offices in Louisiana. Those who understood business realized Ferruzzi was actually owned and supervised by the Vatican Bank, and by the Vatican Bank Chief, Bishop Paul Marcinkus who originally once ran a Church in the mafia enclave of Cicero, adjoining Chicago and was the dominant force in First National Bank of Cicero.

The Italian firm was getting bigger and bigger presence in the soybean markets, the Chicago Board of Trade. Fair and square, following the exchange rules, Ferruzzi had cornered the market in 1989 when there was a drought expected. There was a shortage of soybeans. Ferruzzi's main competitors included Cargill, the highly secretive, privately owned firm, headquartered in Minnesota. Cargill conducted a great deal of clandestine business through the U.S./French/Israeli espionage-linked Bank of Credit and Commerce International, BCCI, interlocked with the secret dirty dealings of Marc Rich.

Another Ferruzzi competitor was Archer-Daniels-Midland, the highly political firm headquartered in Illinois. A principal of the firm, Dwayne Andreas, should have gone to prison in the Watergate Affair for laundering funds for the Nixon Whitehouse. [From 1995, ADM was accused of price-fixing certain of their items, not soybeans, and their top management has been found guilty and sentenced to federal prison.] ADM is the sponsor of several TV Network commentary programs. So the monopoly press tells us little, if anything, about the crimes of ADM.

In view of the circumstances in 1989, Cargill and ADM in soybean contracts with Ferruzzi had taken a wrong position. To fill orders, both domestic and foreign, Cargill and ADM would have to come to terms with Ferruzzi, who bet heavily in opposition to them. The Pope's firm rightfully could and would push them into default. Under the terms of the commodity exchange contracts, their failure to make good would mean that Ferruzzi would own them, since the contracts were in such large amounts.

To save themselves, Cargill and ADM reportedly had a malign influence on the Chicago Board of Trade. The then Chairman of that commodity exchange, by Emergency Resolution, July 11, 1989, changed the rules in the middle of the game. Ferruzzi was ordered to drop most of their position in soybeans.

Ferruzzi brought a suit seeking injunction against the Chicago

Board of Trade in Chicago's highly corrupt Federal District Court. [Ferruzzi Trading International, et al., vs. Board of Trade of City of Chicago, No. 89 C 5469.] The case was assigned to Chicago U.S. District Judge James B. Zagel, a close crony of former Illinois Governor Jim Thompson. [In November, 1994, on our one-hour public access Cable TV Program, we demonstrated how "Big Jim" as he is called and his circle are kingpins in the "China White" high purity heroin smuggling into Chicago through small suburban airports. In later years, through interviews, we found out that Zagel through "Big Jim" is reportedly tied to Marc Rich. Big Jim has been Chairman of the worldwide lawfirm, headquartered in Chicago, Winston & Strawn. According to our TV Show, they have an inner secret unit, not actually in the "law business", transacting smuggling in contraband such as dope. This, through Switzerland, home-base of Marc Rich.]

Disregarding the law and the facts, Judge Zagel was not about to let Ferruzzi default Cargill and ADM and Ferruzzi end up owning their business. The Judge, with little fanfare, arbitrarily denied the injunction. Ferruzzi was forced to dump their contracts and positions on soybeans. Thousands of farmers were ruined, some bankrupted, some committed suicide. How did this happen? That at a time of soybean shortages, with not enough to meet domestic demand and for export, soybean prices collapsed instead of going up?

In the U.S. District Court in Chicago was brought a purported class action on behalf of angry farmers, American Agriculture Movement, Inc., et al., vs. Board of Trade of City of Chicago, case No. 89 C 8467. It was assigned to Chicago Federal District Judge George M. Marovich, a long-time banker whose bank, South Holland Trust & Savings Bank[in a Chicago south suburb] was a correspondent bank of Continental Bank of Chicago, mother ship at the time of the commodity markets and the Chicago Board of Trade.[Judge George M. Marovich, office (312) 435-5590.]

Presidential campaigns are planned four or more years in advance. Hillary Rodham Clinton was linked to a group of bankers, lawyers, and others from Fayetteville, Arkansas and elsewhere in that state. The Chicago Board of Trade was part of a money laundering apparatus, orchestrated by Marc Rich and his gang, washing illicit funds, such as from dope, for the 1992 presidential campaign of Bill Clinton. Such as, washing dope money from the CIA/George Herbert Walker Bush/Ollie North/Bill Clinton operation through the Mena, Arkansas Airport. Funds transferred through Garfield Trust & Savings Bank of Chicago, a principal owner of which has been

defrocked, ex-convict Congressman Dan Rostenkowski. From there the funds were sent through the Chicago Board of Trade and Chicago Mercantile Exchange, with the connivance of Marc Rich, disguised as soybean dealings.

As a result of investigating the foregoing for my weekly one-hour television show, I and an associate of mine, Joseph Andreuccetti, were placed on Hillary Rodham Clinton's "enemies list" to be arbitrarily hounded and harassed by her Gestapo---doing dirty tricks to try to stop us. We detailed a number of these illegal things happening to us as a result of being on her "enemies list". The undisputed details are a matter of court record in Sherman H. Skolnick and Joseph Andreuccetti, plaintiffs, versus Hillary Rodham Clinton et al., defendants, case No. 96 C 4373, U.S. District Court in Chicago, assigned to the selfsame Judge George M. Marovich. Here are some excerpts from the undisputed court records

---"that the financial interests of defendant Hillary Rodham Clinton, and her law partner, Vincent W. Foster, Jr., were interwoven with certain lawyers, bankers, and agents, representatives, and investigators from Fayetteville, Arkansas and elsewhere". ---"On December 1, 1991, defendant [Hillary Rodham] Clinton, in conjunction with her business partner, Vincent W. Foster, Jr., by and through bankers, lawyers, and representatives, agents, and investigators, sought and obtained a meeting with plaintiff Skolnick. Said group from Fayetteville, Arkansas and elsewhere in Arkansas, and other places...Skolnick was informed that said group had a financial interest in the billions of dollars of transactions in a class action in the federal courts in Chicago, entitled American Agriculture Movement, Inc., et al., plaintiffs vs. Board of Trade of City of Chicago, et al., defendants, No. 89 C 8467, in the U.S. District Court....At a later date, Skolnick became aware that said transactions were part of a massive, illicit enterprise, laundering dope funds such as from Mena, Arkansas, to raise funds for the 1992 Presidential election campaign of Bill Clinton, in which defendant Clinton played a key role along with Vincent W. Foster, Jr and defendant Amy Zisook, chief fund-raiser for the '92 campaign."

---"Skolnick was informed that the investigation of said group showed that the presiding judge in said litigation, U.S. District Judge George M. Marovich, was acting in a corrupt manner and under a malign influence, to favor the defendants therein, including the Chicago Board of Trade."

---"Said group acknowledged and confirmed to Skolnick that corrupt federal commodity regulators, such as the Commodity

Futures Trading Commission, permitted and condoned this corruption including the Chicago Board of Trade and their officials in a position to work a malign and corrupt influence on George M. Marovich as banker and judge. The following colloquy took place

Question by Skolnick Do you wish to 'go public' with this, to finger Judge George M. Marovich, such as being guests on my show? Answer Not just yet. Question by Skolnick Or do you wish to strong-arm and blackmail Judge Marovich for your own financial advantage? No answer was given.

"By said acts and doings, by and through said group, defendant Clinton and Foster mis-used plaintiff Skolnick, an electronic journalist and court reformer; for defendant to blackmail Judge Marovich, to gain a financial advantage and to cover up the defendant's massive illicit transactions through the Chicago markets and massive tax evasion; and for the purposes of defendant covering up the related matters of the 50 million dollar transfer referred to herein"... "Said group acknowledged and confirmed to Skolnick that Judge Marovich, individually and through persons financially associated with him and through banks acting in conjunction with him and them, speculates in the commodity markets in the selfsame commodities in said litigation."

The undisputed federal court records detail a meeting with the other side of the soybean litigation pending before Judge Marovich --- "That on January 15, 1993, certain persons sought, and obtained, a meeting with Skolnick and Andreuccetti. SAID MEETING INCLUDED A DIRECTOR OF THE CHICAGO BOARD OF TRADE AND PRINCIPALS OF TWO TRADING MEMBER FIRMS. They informed plaintiffs [Skolnick and Andreuccetti] they were undecided whether they wanted to appear as guests on Skolnick's public access Cable TV Program 'BroadSides', in which Andreuccetti assists in the production and distribution. During the meeting, the following took place, with Skolnick asking the questions, Andreuccetti observing, and a director of the Chicago Board of Trade answering

Question In the case against you, American Agriculture Movement, Inc. versus The Board of Trade of the City of Chicago, is it true Judge Marovich was somehow corrupted? Answer Yes, it cost us 62 million dollars between the Judge and those in the appeals court.

Meaning to be understood by said director and was so understood by plaintiffs that it included Judge James B. Zagel and Joel M. Flaum among others.... Thereupon, a trading firm

member principal reached across the table and said to the director of the Chicago Board of Trade You shouldn't be telling him (pointing to Skolnick). Whereupon the Chicago Board of Trade director answered Answer I am telling him (meaning Skolnick) because he probably already knows and it is bound to come out and we're all going to be blackened. You (referring to the principal of the trading firm member) know we had to do it.

Further question by Skolnick Are you confirming you paid off the judges, including Judge Marovich? Answer Yes.

Meaning to be understood by the director and so understood by plaintiffs that the bribery included Judges Zagel, Flaum, Ripple, and Eschbach. At a later date, Skolnick found out that said group at said meeting used the happening of the meeting to blackmail a financial advantage of CFTC and Marovich." (Emphasis added.)

Note by the year 2001, Judge Marovich has become a Senior District Judge. Judge Zagel still sits in the U.S. District Court. Ripple is still a judge on the Federal Appeals Court where Judge Flaum has become the Chief Judge. Eschbach is no longer there.

Further excerpts from the undisputed federal court records in case No. 96 C 4373

"Whereupon, in July, 1993, defendant Clinton, by and through directors and officials of the Chicago Mercantile Exchange sought and obtained a series of meetings with Skolnick and Andreuccetti, as follows On July 14, 1993, in the presence of those officials and directors, and an Exchange security official, Andreuccetti pushing Skolnick in his wheelchair, plaintiffs were escorted around the entire floor of the Chicago Mercantile Exchange, during a trading session. Skolnick was told that this was the first time a person in a wheelchair was on such a tour. Many of the Exchange's employes stopped their activities when Skolnick was rolled past, and asked Skolnick and Andreuccetti, 'Are you investigating us' and followed by 'we watch your show'. Skolnick simply smiled and responded, 'I am enjoying the tour.' Thereafter, Skolnick and Andreuccetti met with the directors and officials of the Exchange in a snack shop. Skolnick was told There is no basis to you investigating and raising questions about the Merc and the First Lady and her associates (meaning Vincent W. Foster, Jr., the then newly appointed Clinton White House deputy counsel.) There is no basis to it. Everything's out in the open here. Skolnick, in the presence of Andreuccetti, simply smiled and responded, 'I am enjoying the tour.' Whereupon there followed a luncheon with the Merc's

directors at a nearby restaurant. Substantially the same dialogue took place at said meeting also. Some six days later, Foster was found mysteriously dead, some say murdered."

Note compare the July 14, 1993 date with the July, 1993 dates in our website story, "Marc Rich and Others, Fingered by a Letter" detailing the tie-in between Foster and Marc Rich and a failed attempt by then FBI Director William Sessions to have Rich grabbed on the Swiss-French border.

More excerpts from the undisputed federal court records in No. 96 C 4373

---"that Assistant U.S. Attorney William R. Hogan, Jr., was, in effect, the representative in the U.S. Attorney's office in Chicago of (1) the office of Catholic Archbishop of Chicago; (2) The Vatican Bank and Bishop Paul Marcinkus who was Vatican Bank chief up to November, 1991; (3) The Pope. Marcinkus' nephew/godson, Christian Henning, Jr., by falsely claiming to be Joseph Andreuccetti's business partner, caused Andreuccetti to be defrauded of many millions of dollars as hereinafter stated....Yet, at a time of soybean shortage, because of this corruption, soybean prices went down when they should have gone up. The result of the corruption thousands of soybean farmers were ruined, some bankrupted. Another result of the judicial corruption Ferruzzi lost upwards of a billion dollars and the chief of their holding firm, Raul Gardini, who had married into the Ferruzzi family, and was considered a wizard, committed suicide, July, 1993."

[Later interviews with the Ferruzzi Family, Milan, Italy, show that Gardini was, in fact, murdered, about the same time as the apparent murder of Vincent W. Foster, Jr. Other interviews support our position that Marc Rich reportedly arranged not only for the bribery of the Chicago federal judges, the largest judicial bribery mess in U.S. history, but the apparent arrangement to murder Ferruzzi chief Raul Gardini in the same time period as Foster.]

More excerpts ---"It was no mere coincidence---for the related benefit of defendant Hillary Rodham Clinton, who along with her business partner Vincent W. Foster, Jr., had massive interest, the Clinton Justice Department torpedoed Ferruzzi's informal representative in the U.S., William R. Hogan, Jr., an Assistant U.S. Attorney in Chicago. Hogan, the lead prosecutor in a group of cases against the El Rukns, a narco-terrorist street gang in Chicago,, was accused by the Justice Department of alleged misconduct in the El Rukn cases in 1993 and put on administrative leave. Hogan countered that the Justice

Department knows full well, but takes no action, that six federal judges in Chicago are corrupt and take bribes, including Chief U.S. Bankruptcy Judge John D. Schwartz."

[Note Judge Schwartz kept Andreuccetti falsely in INVOLUNTARY bankruptcy for fourteen years as part of a scheme to cover up the disappearance of 50 million dollars belonging to Andreuccetti, secretly transferred to Little Rock, in an attempt to cover up a 47 million dollar Savings & Loan embezzlement, for which Bill and Hillary Clinton are subject to federal criminal prosecution and jailing. Hillary's family crony, John E. Gierum, who supervised the 50 million dollar illegal transfer, was one of the defendants in the "enemies list" case.]

Using inside details he knew that his bosses at the Justice Department knew about but took no action, Hogan was, using apparent blackmail, restored to his job with backpay. He knew about the bribery of the federal judges in order to ruin the Pope's soybean business, Ferruzzi. He knew about the role of Marc Rich in the bribery of the federal judges to stop the Vatican from competing in the soybean markets with ADM and Cargill.

Disregarding the law and the facts, Judge George M. Marovich refused to hear the "enemies list" case against Hillary Rodham Clinton, and others. The judge cited a ridiculous reason, that there were too many facts, dates, and details for him to consider. Hillary's attorneys were in a position to blackmail Judge Marovich not only on the bribery of the judge in the soybean case involving Ferruzzi as well, but also based on the Judge's mandatory annual financial disclosure report which shows Judge Marovich owns a west suburban shopping center, Cermak Plaza, near First National Bank of Cicero. Our investigation showed the IRS and State Revenue top officials are silent partners in the shopping center and various gangster enterprises use the shopping center as a way to launder illicit funds. The top revenue officials assist the gangsters to evade taxes. Also note Congressman Henry Hyde escaped a federal agency judgment against him for causing the downfall of a suburban S & L of which Hyde had been a director. Hyde headed the House Judiciary Committee with power to impeach judges. Hyde was in a position to know about Judge Marovich and the gangster-top government officials-Judge Marovich shopping center. You guessed it---Judge Marovich had the case against Henry Hyde and turned him loose.

So Marc Rich using bribery and murder, destroyed the Pope's soybean business in America. And Marc Rich was enabled to do this with the connivance of some in the soybean markets, the

Justice Department, and the American CIA, and others. The Vatican lost billions of dollars. And a French firm took over Central Soya, a Ferruzzi enterprise, and reportedly shared the business with the Riady Family, ethnic Chinese, who owned the tiny First National Bank of Mena, Arkansas, a transit point for hundreds of millions of dollars shuttled up to the Chicago markets disguised as soybean dealings.

In the "enemies list" dismissal by Judge Marovich, we took an appeal which, of course, ended in the U.S. Court of Appeals in Chicago, with the same judges who were bribed to destroy Ferruzzi. Although we had a statutory right to have our appeal heard, the judges refused to consider our appeal, sent back our briefs in a box, and entered an illegal and poisonous ruling that I and my TV associate, Joseph Andreuccetti are barred from being in any federal court in Illinois, Indiana, and Wisconsin. The U.S. Supreme Court refused our petition to remedy this outrage.

To justify these terrible things inflicted on the Vatican and Ferruzzi, what supposed "crime" did the Pope commit? That the Vatican, fair and square, wanted to be a major player in soybean trading in the U.S.? In America, and certainly in large cities like New York, Chicago, and Los Angeles, there is a non-statutory offense, that is an unwritten crime. It is called simply "failure to bribe". Of this the Pontiff certainly was "guilty". More coming on the Ferruzzi Affair.

Stay tuned.

## George Soros Goes on Trial

The trial involves high-ranking French politicians, bankers and currency stags

American billionaire George Soros and three other men will have to face a trial in France on the allegation of financial intrigues in connection with a failed takeover of French bank Societe Generale in 1998. Besides Soros, there are other statesmen involved in the litigation: Jean-Charles Naouri, former head of the office of then-Finance Minister Pierre Beregovoy, and Lebanese businessman Samir Traboulsi.

All four defendants are accused of obtaining about eleven million dollars by means of selling the bank's stocks prior to the news about the coming takeover of the bank. It took the police 14 years to set all the necessary documents ready for filing a case. According to the *BBC*, the main problem of the investigation is basically about the fact that the countries, which are implicated in the scandal, were not really willing to cooperate with the French police.

The probe regarding Societe Generale bank was launched in 1990 after the publication of an unsuccessful takeover of the bank, which had been privatized back in 1987. A year after the privatization, the bank was about to be taken over by the company Marceau Investissements. This company managed to acquire ten percent of Societe Generale's stocks. However, the management of the bank did not agree upon a takeover.

The attorneys, who cooperated with the Netherlands, British, Swiss and Luxembourg authorities, tried to collect all financial documents of the case. They acknowledge that there are still a lot of blank spots in the whole issue.

Defendant George Pebero was amnestied in 1995. Seven people more (they were convicted within the scope of the process) were also amnestied, two years later. *Reuters* informed that the trial would last until November 20th. For the time being, it is not known, when the verdict is going to be brought down.

The biography of a well-known philanthropist and global stag is rich with various events. However, it seems that it is the first time, when George Soros finds himself in this kind of situation.

In 1947 George Soros left Hungary, seeking for fortune in the West. He used to work as a train conductor in order to earn some money for studying at a London economic school. His studies brought him a lot of good, as we all know.

Soros moved over to the USA after working in one of the banks of London's City. In the United States Soros became one of the best Wall Street analysts in the field of European markets. At the age of 39 he founded the offshore fund Quantum. In 1998 he was on the list of USA's richest people, taking the 27 position.

Great Britain remembers Soros as the man, who ruined the Bank of England. In September of 1992 he bade on DeutschMark instead of English pound sterling. Soros did not make a mistake on the currency market at that time. The deal allegedly brought him about one billion dollars of profit. As a result of that catastrophe (London City bankers still call that day "black Wednesday"), an English pound sterling was withdrawn from the single European currency exchange. Soros has been dealing a lot with charity lately, especially in the countries of East Europe and of the former Soviet Union. This seems to be true.

Russia still can't forgive Soros for the financial crisis in 1998, when he ignored the international attack on a Russian

ruble. All Russian people still remember the default of August 1998. This is, maybe, the reason to explain the sad fate of George Soros' Russian division of the Open Society Foundation. This organization has actually stopped its activity in the summer of the current year. The head of the Russian division, Ekaterina Geniyeva, blamed the wild temper of the Russian capitalism for that. Yet, it seems that the reasons are much more sufficient.

George Soros declared that his wish was to make Russia a full member of the new "open" society. However, he enjoys the respect of only those Russian people, who get paid from him. All the rest are either indifferent to his ideas, or think he is a foreign spy. In comparison with George Soros, one may say that Anatoly Chubais is rather a popular figure in the Russian society. Maybe, this is because he is "our son of a bitch?"

One thing is known for sure. Philanthropist and stag George Soros is on trial on the allegations of financial intrigues. This shows only one thing: there is nothing holy in the world. You can take all people to the open society, stealing their wallets at that. Thanks for teaching us that, George. One can not live even a day in Russia without some cynicism. Let us just hope that the justice will be fair.

The majority of Englishmen know the Salisbury Valley because of the ancient Stonehenge monument. However very few people know that the ruins are haunted by UFOs. According to the battle's conditions, the defending side (the London garrison) was equipped with five Centurion tanks. The tanks performed a defensive role: they maneuvered and fired at the center of the area. When the tanks were getting ready for the combat mission, the crew of one of the tanks reported that they saw a large, silver, cigar-shaped object; they reported that the tank was ready to open fire [More details...](#)

Europe is an old continent, and its nations are old as well. This is most likely the reason why Europe doesn't make haste about anything; however, America is a very young nation. The moment young America understood that Russia was ready to admit that the USA has the right to destroy terrorists anywhere in the world, and when Russia agreed to allow America to use old Soviet military bases in former Soviet republics in Central Asia, the US Commerce Department quickly recognized Russia as a market economy.
