## Protocol Update Plus a lot More

by Tom Heneghan, International Intelligence Expert

**UNITED States of America – It can now be reported that U.S. President Barack Obama has signed off to allow U.S. Treasury Secretary-designate Jack Lew to complete the bilateral tax agreement between the IMF, the U.S. Treasury and Austrian banks that will, at last, implement the Wanta-Reagan-Mitterrand Protocols.**

**U.S. Treasury Secretary Timothy Geithner, who could easily be indicated for money laundering, co-mingling of funds, and giving insider trading tips to crooked banks, will resign his position on February 1, 2013, which will then pave the way for Jack Lew's swift confirmation as the next U.S. Treasury Secretary.**

**Reference: As we reported last week, the International Monetary Fund (IMF) has frozen IMF proprietary accounts tied to the Central Bank of Australia that has been comingling Wanta-Reagan-Mitterrand Protocol funds in the FOREX currency market with the assistance of none other than current U.S. Treasury Secretary Timothy Geithner.**

**The sense of urgency to complete Protocol implementation has now reached critical mass.**

**Despite bogus economic reports and statistics being released by the Peoples Republic of China, the truth is that China's economy is collapsing with their banks full of toxic worthless derivatives.**

**Item: The imploding Chinese economy will almost certainly force the Australian Central Bank to cut interest rates at their next meeting.**

**P.S. The IMF and its Managing Director Christine Lagarde and German Bundesbank Chairman Jen Weidmann are now finished with Greece. Greece, which needs another 10 billion euros to bail out the toxic derivatives linked to numerous Greek financial institutions, has been ordered to default by the IMF and leave the European Union within 30 days.**

**Reference: One must not forget that the derivatives in the Greek banks are holdings linked to U.S. banking giants Goldman Sachs and JP Morgan.**

**Greece, unlike Spain and Italy, has not received any Wanta-Reagan-Mitterrand Protocol funds from the IMF because Greece does not have an independent sovereign treasury.**

**P.P.S. As the worldwide currency war continues, the global demand for gold and silver aka real collateralized assets escalates.**

**Last week it was reported by Bloomberg News that the U.S. Mint is out of silver coins and a major ETF, SLV bought six hundred tons of silver last week.**

## Ronaiaha Tuiasosopo

image TMZ. com

**P.P.S. We can now divulge that Ronaiaha Tuiasosopo (a self-professed born again Christian), the now confessed mastermind of the Manti Te'o girlfriend hoax, could soon be a subject of a U.S. Justice Department and FBI investigation.**

**FACT: It is now clear that Notre Dame linebacker Manti Te'o had his 4th Amendment rights violated.**

**Te'o was not only a victim of entrapment but an attempt at conspiracy to defraud involving at least thirty (30) individuals, including various anti-Catholic media types, along with the Tuiasosopo controlled website deadspin.com, which has now lost all credibility.**

**Reference: Ronaiaha Tuiasosopo and his football family have major ties to the University of Southern California (USC).**

**Note: USC has been Notre Dame's arch rival in college football for over 85 years and its current coach Lane Kiffin has been in and out of trouble with the NCAA dating back to when he wrecked the University of Tennessee's football program before he departed for the then vacant USC coaching job.**

**You would think the alleged media who have been covering the Manti Te'o girlfriend story might have questioned this link between Tuiasosopo and USC.**

**We can now also divulge that the FBI is in possession of evidence linking Tuiasosopo to a nationwide drug ring financed by an online dating service.**

**We can also reveal that Tuiasosopo was in contact with numerous student athletes across the United States and had actually accessed their bank account numbers.**

**In closing, we want to congratulate ESPN sports reporter Jeremy Schaap for breaking the story on the Tuiasosopo confession. Jeremy Schaap, unlike most of the cable news actors and actresses and propagandists, is a real investigative reporter. He is not finished yet with this soon to become more interesting saga.**

**Stay tuned, more to come.**

**LEE WANTA'S OFFICIAL BIOGRAPHY Author, Marilyn Barnewall, interviews Princess Paula, the woman who, with her family, managed one of the few (possibly the only) successful secession from the Commonwealth of Australia will be our guest.**
