Protocol Update

by Tom Heneghan, International Intelligence Expert

President Ronald Reagan and First Lady Nancy

source

UNITED States of America – It can now be reported that former U.S. First Lady Nancy Reagan's affidavit, **which includes White House logs and records**, is now in the possession of U.S. Supreme Court Chief Justice John G. Roberts, Jr.

The First Lady's affidavit shows direct communication between Ambassador Leo Wanta, President Ronald Reagan and then White House Associate Counsel John G. Roberts Jr.

That's right, folks, that is the one and the same John G. Roberts Jr.

**The former First Lady's affidavit also fingers
then White House Chief of Staff and
Bush Crime Family crony James Baker
for conspiring with then U.S. Treasury Secretary Donald T.
Reagan,
then Vice President George Herbert Walker Bush, and
then British Prime Minister Margaret Thatcher,
the Bank of England and
none other than JPMorgan
in trying to block the Wanta-U.S.-French-Chinese
intelligence operation that was in the process of
downgrading the Russian ruble and bringing the Soviet
Union's economy to its knees.**

**P.S. At this hour, Protocol implementation continues
nonstop in Europe with France ready to receive their long
awaited payment within hours, if not already received.**

**Spain is now flush with Protocol cash, and IMF President
Christine Lagarde continues to order massive redemption
and repatriation of collateralized assets reference precious
and industrial metals, along with oil and natural gas
holdings.**

Reference: Lagarde and the IMF have completed an audit of the ECB (European Central Bank), which shows that the European Central Bank is broke and loaded up with worthless cross-collateralized derivatives tied to the Bank of England, the corrupt London LIFFE Exchange along with the corrupt U.S. banking giants Goldman Sachs and JPMorgan.

JPMorganChase Bank**

In closing, a direct message to JPMorgan Chase CEO Jamie Dimon:

You have been indicted by a New York Federal Grand Jury so quit *illegally* freezing customers' segregated accounts NOW!

Things are going to get worse for you as the New York Attorney General has just started in his investigation of your crooked bank.

To support Ambassador Lee Emil Wanta position as stated by Tom Henegan, I will now supply the account numbers which were sent to me and I in turn faxed on to Tom Flocco for posting on the internet.

1987 through 89 I was asked by Col. Russell Herrmann-Herrman-HERMAN if I would use the 13,520 Acre Maricopa and Ypaia County Arizona Gold Properties 'assays' (35 TRILLION DOLLARS) to underwrite certain accounts held at Republic National Bank, New York, NY, held in the CI-Ltd Contras Account holding per Col. Herman \$17 TRILLION DOLLARS GOLD BULLION which Col. Herrmann-Herrman-HERMAN stated had suffered identity theft and a parallel account set up which would jeopardize many leaders and those leaders Nations.

Ambassador Lee Emil Wanta was gracious enough to forward those accounts via USPostal Service, which I in turn faxed to Tom Flocco on 04/02/006 to go public. We have called these the CIGA (GIGA) ACCOUNTS in the industry...Treasury Numbers and Year of those Treasury Numbers identify the individuals involved such as 89010, 89011, 890805, 890815, 890807, 890808 (89 indicates year)which makes it easier for these 'youngsters' playing COPS `n ROBBERS these days.
