Alert to pension fund managers all over the planet—and to everyone else—

"If 1,000 US and global pension fund managers start asking questions it could change everything — like stopping a nuclear war."

That's a statement from former US Assistant Secretary of Housing and Urban Development, and now president of Solari, Inc. (https://home.solari.com/), Catherine Austin Fitts, who is a financial analyst like no other in our time.

Among other feats, she has identified a giant sucking black hole in the US government. And what has disappeared down that hole is money. Over the years, at least \$20 trillion.

Unaccounted for.

Gone.

If you're a pension fund manager, stop reading this article and immediately switch over to Fitts' article, "The State of Our Pension Funds."

(https://pension.solari.com/2018/01/22/pension-fund-stats/)

You could begin to see a blinding light that changes your mind and changes your approach to the staggering debt your fund is dealing with. And in the process, you could help lead the way to a peaceful revolution. A far-reaching revolution, in which wide-ranging prosperity, not doom, sits up the road.

As for everyone else, here are a few of Fitts' quotes from her mind-repairing article:

"So what is the problem? If it's not a problem for \$21 trillion to go missing from DOD and HUD (https://missingmoney.solari.com/dod-and-hud-missing-money-supporting-documentation/), and, [if] it's possible [for the government] to come up with more than \$20[plus] trillion to give or loan to the banks [in a bailout] — when there is no legal obligation to do so, and, when we [the government] can transfer trillions of the most valuable technology in the world to private corporations at zero cost to them and [at] great cost to the taxpayers, [then] I assure you that fixing whatever pension fund problem there is, is not difficult. However, the political will must exist and want to. That is the problem."

"If we can print money to give \$20 trillion [plus] to the banks, and, [if we can] let \$21 trillion go missing from the federal government, [then] why is it a problem to print \$5 trillion to fund the pension funds?"

Failing pension funds are on the hook for \$5 trillion, and the federal government has no answer? Well, that is a supreme con job, because, as Fitts points out, the government is playing far larger money games without a shred of concern.

And this is just the beginning of the rabbit hole Fitts has been traveling for the past several decades. Here is her basic position: Prosperity for the many, not the few, is eminently possible and doable.

Starting from that premise, and deploying her relentless skills as an analyst, she has discovered the strategies the government and mega-corporations have been deploying to undermine and torpedo an economically healthy society.

POTUS - (202) - Government cannot find \$20 Trillion - Pension Funds

Finding and illuminating these strategies was not her basic intent. Her basic intent was lifting all boats for the citizenry. In pursuing that course, she came upon the secret obstructions.

And because her desire to help people did not waver in the slightest, she didn't turn away. She exposed the obstructions. She continues to do so.

She writes: "Family wealth has the distinct advantage of returning control of investment decisions to individuals. However, this is hardly what the US establishment wants."

"Our planetary governance and financial system currently operates significantly outside of the law. Whether the cost of war, organized crime, corruption, environmental damage, suppression of technology or secrecy, this lawlessness – and the lawlessness it encourages in the general population – represents a heavy and expensive drag on all aspects of our society, our economy and our landscape."

Fitts cites an example of corporate choices in this lunatic money scam—General Electric: "By some estimates, its pension fund is underfunded to the tune of \$31 billion. However, during the time its pension fund became so underfunded, GE spent \$45 billion to buy back its publicly traded common stock. The needed funds were there at one point; it's just that the leadership of the company decided to funnel it into stockholders' hands rather than to the pensions of the employees who helped build the company."

Do you have a pension fund manager? Do you know a pension fund manager? Link them to Fitts' article. It's long past the time when they can sit back and moan about the trouble they're in. They need to learn about the underlying forces at work. (And if they're a conscious part of the problem, let them learn that their game is exposed.)

Look around you. Money is everywhere. Titanic piles of it are flowing. The question is, to whom is it flowing, and how, and why? Within the current system, there are designated winners and losers. This has to do with criminal controllers posing as benefactors. They steer the money ship. They dump shipments of money at certain favored ports and keep shipments from reaching many other ports.

I know there are people out there who will say, "It's all about the illegal Federal Reserve and the transnational bankers." That's like saying the drug problem is all about the Mexican cartels—but then, digging further, you also come across the expanding opium poppy fields in Afghanistan, the hands-off collusion in Chicago that permits the city to act as a primary hub for drug distribution in the US, the pharmaceutical companies that traffic millions of opioid pills to dealers, and the 2016 law that strangled DEA efforts to bust those companies (<https://jonrappoport.wordpress.com/2018/04/10/the-us-government-colludes-in-mass-deaths-by-opioids/>).

The devil is in the details, and Fitts has uncovered an astonishing number of them.

I first came across her work about ten years ago, when we spoke several times about her specific method enabling local communities to discover money flows—the sources of money coming into their towns and cities, and the destinations of money going out. This brilliant tool would give communities the power to see exactly how money was impoverishing them, rather than enriching them. In an effort to make that tool widely available, thus pointing the way for communities to change those flows and foster local prosperity, Fitts ran into legal trouble with the federal government (<https://dillonreadandco.com/hamilton-securities-group/>)—and "trouble" is a vast understatement.

She emerged, after a long battle, with her primary goals securely intact.

She has answers and solutions.

Answers that are vital for our time.

Fitts was once an insider and had a front row seat at the money circus. Now, her ongoing enterprise is solari.com (<http://solari.com>). I highly recommend it to you.

In addition : We can now report that current *Alleged* - Unelected President Barack Obama's eligibility question IS being used by both dysfunctional *loser* Hillary Clinton, former BushFRAUD White House Deputy Chief of Staff Karl Rove, current *alleged* Israeli Prime Minister Benjamin Netanyahu aka BibiFRAUD, and current FOX News owner Rupert Murdoch Greenberg to **blackmail Obama concerning evidence and criminal referrals currently parked in the U.S. Department of Justice, which would lead to the unraveling of the entire Bush/Scherff-Clinton Crime Family Syndicate-Alan Greenspan-Federal Reserve System ( A Non\_Bank / Banque ) looting of our U.S. Treasury.**

**Rupert Murdoch Greenberg, a fundraiser for Hillary Rodenhurst Clinton in the year 2008 presidential cycle, was recently on the phone with the 5th degree witch while she traveled and made her private clandestine trip to the Central Bank of Kenya.**

**We can also reveal that former White House Deputy Chief of Staff Karl Rove allowed dysfunctional loser Hillary to raid then Senator Obama's passport file in June of 2008, to gather dirt and blackmail on then Senator Obama, including information that Barack Obama's father, the late Barack Obama Sr., was a citizen of Great Britain at the time of Barack Obama's birth.**

## **HENEGHAN: U.S. Government Now Dysfunctional - WHO is in Charge? - North Korea, Karl Rove, Greg Craig Update**

**by Tom Heneghan, International Intelligence Expert**

**Saturday August 8, 2009**

**UNITED STATES of America - It can now be reported that former Vice President, year 2000 duly elected President Albert Gore Jr. traveled to North Korea three (3) weeks in advance of former President Bill Clinton's trip to the North Korean capital, Pyongyang.**

**Note: Clinton's trip eventually led to the release of the two (2)**

kidnapped Current TV journalists, Laura Ling and Euna Lee, who are employed by Gore's Current TV station.

We can now divulge that Gore issued the North Korean government an ultimatum in regards to the two young journalists that had been taken hostage. Gore told North Korean leader Kim Jong Il that if they did not release the two captive women they would face severe consequences in reference to the criminal money laundry, counterfeiting and *illegal* Federal Reserve System trading practices that have taken place in North Korea for over fifteen (15) years on behalf of the Bush-Clinton Crime Family Syndicate.

Reference: Duly elected President Gore is still in possession aka his own copies of his Affidavit and Deposition, which took place in 1998 during the Clinton

Impeachment Trial.

**Gore's 'SMOKING GUN' evidence, which dealt with the massive Bush-Clinton Crime Family Syndicate felony acts that were committed AGAINST the United States, including money laundry, counterfeiting and assassinations, was sealed under the cloak of 'national security' by former Supreme Court Justice William Rehnquist with the assistance of former Speaker of the House, three-time divorcee and misfit, Bush-Clinton Crime Family Syndicate enabler Newt Gingrich.**

**The 'SMOKING GUN' evidence, which includes North Korea enabling the theft of U.S. Treasury funds and Chinese**

sovereign funds, **was in possession of the two Current TV journalists, Laura Ling and Euna Lee, at the time of their *illegal* kidnapping on the Chinese border with North Korea [by North Korea from Chinese territory].**

As reported in previous intelligence briefings, it was dysfunctional U.S. Secretary of State, *loser* and lesbian *in-the-closet* Hillary Rodenhurst Clinton, that tipped off the North Korean government about the presence of the two Current TV journalist who were on the Chinese border with North Korea at the time of their *illegal* arrest.

Reference: The two Current TV journalists had evidence of the Bush-Clinton Crime Family Syndicate's use of North Korea as a hiding place for STOLEN U.S. Treasury and Chinese sovereign funds, including the use of a ISA (Executive Order No.12333) proprietary Aneko Credit PTE Limited [*illegally* stolen from U.S. Presidential Agent - Mandated under President R W Reagan ( Ref : Totten Doctrine 92 U.S. 105, 107 ) Ambassador Leo Wanta by serial criminal and sociopath daddy Bush / Scherff ], Singapore Technologies and the noted General Electric Corporation (GE, the parent company of NBC) in a massive money laundry, which included the use of General Electric's Home Medical Supplies in TREASONOUS financial chicanery of unprecedented proportions - and - RICO Statutes' Criminal Activities.

It was former Vice President, now duly elected President Albert Gore Jr. who then coordinated former President Bill Clinton's trip to North Korea leading to the release of the two Current TV journalists.

Note: Current dysfunctional U.S. Secretary of State Hillary Rodenhurst Clinton had nothing to do with the final negotiations leading to the release of the two Current TV journalists, and had been virtually placed under house arrest by Un-elected

U.S. President Barack Obama at the time it became clear *loser* Hillary had not only assisted in the kidnapping of the two Current TV journalists but was obstructing a former U.S. Vice President; now duly elected President Albert Gore Jr.'s attempts to free the foreign journalists.

Richard Holbrooke and Hillary Clinton *Getty Images*

**Item:** Hillary's last stand in her now deteriorating relationship with President Obama came to a head when the dysfunctional *loser* Hillary engaged in a physical confrontation with current U.S. Envoy and personal friend of duly elected President Albert Gore Jr, Richard Holbrooke.

The physical confrontation, which took place over the status of the two Current TV journalists, Laura Ling and Euna Lee, who were being held hostage in North Korea, led to Hillary's elbow being broken as Holbrooke pushed her to the ground before the sociopath loser could attack him.

Folks, as crazy as this might sound what we are going to tell you now is the absolute truth.

At the point Al Gore had concluded the

final negotiations for the release of the two Current TV journalists, dysfunctional Hillary flew off to Africa a/k/a Kenya - A Former British Colony - and actually tried to withdraw STOLEN U.S. Treasury funds from the Central Bank of Kenya

but was stopped by U.S. Marshals.

This comes on the heels of former *illegal* White House occupant, homosexual in-the-closet, cocaine snorting, nation wrecking, election stealing, Constitution shredding, AWOL, war criminal George W. Bush / Scherff FRAUD being stopped by U.S. Marshals from attempting to withdraw STOLEN U.S. Treasury / Repatriation Funds from a Barclay's Bank branch in Western Australia.

Note: This was a joint account in the name of Bush, former Australian Prime Minister John Howard and former British Prime Minister, Dunblaine pedophile and war criminal Anthony Blair.

P.S. We can now also divulge that former Vice President, now duly elected President Albert Gore Jr. actually engaged in a recent shouting match over the phone with current Obama White House legal counsel, "Skull and Bonesman" and Bush-Clinton Crime Family Syndicate stooge, Greg Craig.

Vulgarity was exchanged at which point Gore made it clear to Craig that he would no longer tolerate his *treasonous* activities.

Craig, who was the lawyer for Cuban Elian Gonzales during the year 2000 Bush-Clinton-Fidel Castro Florida presidential anti-Al Gore election psyop, **has recently been fingered by**

**Alabama attorney Jill Simpson for his involvement with a Republican entity called Ogilvy Federalist Group.**

American Patriot Whistleblower Jill Simpson

Attorney Jill Simpson, who has been a close colleague of former Democratic Governor of Alabama Don Siegelman, **has presented evidence to the Obama Justice Department of a massive GOP plan to coordinate a political prosecution of Siegelman and former HealthSouth CEO Richard Scrushy.**

Simpson has testified, under oath, that Alabama Republican operatives, led by Business Council of Alabama CEO William Canary, had worked out a plan with BushFRAUD's White House strategist Karl Rove to coordinate a frame up of former Democratic Alabama Governor Don Siegelman.

Reference: Siegelman, a former Bush-Clinton Crime Family Syndicate Iran/Contra whistleblower, had developed evidence concerning the use of General Electric's Home Medical Supplies in a massive prescription drug price fixing scheme that involved restricting cheaper Canadian prescription drugs from coming into the United States.

**Note: Former Illinois Governor Rod Blagojevich was also aware of the massive General**

**Electric Home Medical Supplies prescription drug scandal and, like Siegelman, is currently being framed by the Bush-Clinton Crime Family Syndicate and their puppet stooge Patrick Fitzgerald.**

**We can now divulge that Siegelman, like Blagojevich, had their phones *illegally* tapped by the illegal NSA PRE 9/11 'Stellar Wind' operation.**

**Attorney Jill Simpson, who at one time worked with Greg Craig at the noted Washington D.C. law firm of Williams & Connolly, was actually approached by scumbag Craig about representing her prior to her testimony before the House Judiciary Committee in the Fall of 2007.**

**Simpson shared her story with Craig about Rove's role in the Don Siegelman case before scumbag, "Skull and Bonesman" Greg Craig then backed out of the case suddenly claiming he had a conflict of interest.**

**We can now reveal the scumbag Greg Craig, who at one time actually represented Karl Rove professionally, and had been a long time personal friend of both Rove and Rove's mega Israeli Mossad attorney Robert Luskin, actually leaked attorney Jill Simpson's prepared testimony to Rove, attorney Luskin, then U.S. Attorney General Alberto Gonzalez, and get this, folks, none other than current U.S. Attorney for the Northern District of Illinois, Patrick Fitzgerald.**

**Item: Greg Craig, who is clearly guilty of a felony, also assisted Israeli Mossad agent and Newsweek magazine investigative journalist Michael Isikoff and noted CIA stooge Nation magazine investigative reporter David Corn in writing a whitewash book called "Hubris", which was written to disguise and cover up Patrick Fitzgerald's massive misconduct in the Valerie Plame leak investigation.**

**Both Isikoff and Corn regularly appear on the Bush-Clinton Crime Family Syndicate's General Electric-financed talk show Chrissy Pooh Matthews' Hardball program. *pic Corn on left, Isikoff center***

## **We should not forget that Craig's criminal activity almost led to the murder of American Patriot whistleblower Dana Jill Simpson.**

### **Justice in Alabama**

*by Scott Horton*

...The curtain was pulled back on this plan when Dana Jill Simpson, a Republican lawyer who previously worked on a campaign against Siegelman, decided to blow the whistle. Her affidavit described William Canary, a legendary figure in the Alabama GOP, bragging that "his girls" would take care of Siegelman. Canary's wife is Leura Canary, the U.S. Attorney for the Middle District of Alabama. Alice Martin, the U.S. Attorney for the Northern District of Alabama is a close confidante of Canary's. He referred repeatedly to "Karl," assuring that "Karl" had worked things out with the Justice Department in Washington to assure a criminal investigation and prosecution of Siegelman. Canary is a close friend of Karl Rove, and I have documented their long relationship in another post.

The response to Simpson's affidavit has been a series of brusque dismissive statements—all of them unsworn—from others who figured in the discussion and the federal prosecutor in the Siegelman case, who has now made a series of demonstrably false statements concerning the matter. **She's been smeared as "crazy" and as a "disgruntled contract bidder."**

**And something nastier: after her intention to speak became known, Simpson's house was burned to the ground, and her car was driven off the road and totaled. Clearly, there are some very powerful people in Alabama who feel threatened.** Her case starts to sound like a chapter out of John Grisham's book *The Pelican Brief*. However, those who have dismissed Simpson are in for a very rude surprise. Her affidavit stands up on every point, and there is substantial evidence which will corroborate its details. MORE

### **AND, IT GETS WORSE!**

We can also report that former Vice President, now duly elected President Albert Gore Jr. also confronted scumbag Greg Craig with his role in representing a Bush-Clinton Crime Family Syndicate's Huntsville, Alabama-based missile guarding company named Digital Fusion that has had a relationship with current Republican Senator of Alabama, Richard Shelby, as well as current Massachusetts Senator, year 2004 BushFRAUD northeastern liberal patsy "Skull and Bonesman" loser John Kerry Cohen and none other than *the government of North Korea*.

"Skull and Bonesman" Greg Craig was the campaign manager for fellow "Skull and Bonesman" loser John Kerry Cohen in the 2004 presidential election cycle.

**So you see, folks, what an utter scumbag this misfit Greg Craig is.**

We can now reveal that Bush-Clinton Crime Family Syndicate cover up artist, U.S. Attorney for the Northern District of Illinois, TRAITOR Patrick Fitzgerald, is threatening to arrest internet bloggers who are critical of him and soon **will conduct a libel suit against author Peter Lance who is writing a book that will un-mask and finger Fitzgerald for what he is, a stooge and puppet for the Bush-Clinton Crime Family Syndicate.**

[Fitzgerald is in frequent contact with the Bush-Clinton Crime Family Syndicate's daddy Bush aka George Herbert Walker Bush].

Author Peter Lance will reveal in his book that Fitzgerald is a *closet* homosexual who visited Barney Frank's noted Washington D.C. whorehouse on at least five (5) occasions and engaged in HOT homosexual sex with Barney Frank, also with former BushFRAUD White House male prostitute Jeff Gannon and current NBC News correspondent Chuck Todd.

P.P.P.S. We can now report that current *alleged* President Barack Obama's eligibility question IS being used by both dysfunctional *loser* Hillary Clinton, former BushFRAUD White House Deputy Chief of Staff Karl Rove, current *alleged* Israeli Prime Minister Benjamin Netanyahu aka BibiFRAUD, and current FOX News owner Rupert Murdoch Greenberg to blackmail Obama concerning evidence and criminal referrals currently parked in the U.S. Justice Department, which would lead to the unraveling of the entire Bush-Clinton Crime Family Syndicate-Alan Greenspan-Federal Reserve looting of the U.S. Treasury.

**Whether Obama is eligible to be President of the United States remains a very open question.**

Note: What we can divulge, folks, is the existence of at least five (5) birth certificates, some showing Obama was born in the United States and some showing Obama was born overseas, **all are forgeries**.

What is *not* an open question is that Obama has been a lifelong member of the Central Intelligence Agency (CIA) going back to his days in Indonesia in 1982.

Obama reported to none other than **former CIA Director, then U.S. Vice President, George Herbert Walker Bush**.

What is clear at this time is that Obama's question of eligibility to be President **is now being used as blackmail** by the corporate fascist, neocon, extortion-friendly U.S. media for the purposes of achieving their criminal goals, which includes the destruction of the United States of America as a

**Final note: Again, it is important to remember, folks, that the corporate-controlled, fascist extortion-friendly U.S. media continues to lie, manipulate and spin stories for their own financial purposes (while quad trillions of toxic Bush-Clinton Crime Family Syndicate derivatives are still parked in almost every U.S. banking institution, which threatens to collapse the U.S. economy completely). **IN CLOSING, HERE IS A DIRECT MESSAGE TO CHRISSY POOH MATTHEWS:**

## The Enemy Within

A nation can survive its fools, and even the ambitious. **But it cannot survive treason from within.** An enemy at the gates is less formidable, for he is known and carries his banner openly. But the traitor moves amongst those within the gate freely, his sly whispers rustling through all the PuppetMasters arena, heard in the very halls of government itself. For the traitor appears not a traitor; he speaks in accents familiar to his victims, and he wears their face and their arguments, he appeals to the baseness that lies deep in the hearts of all men. He rots the soul of a nation, he works secretly and unknown in the night to undermine the pillars of the city, he infects the body politic so that it can no longer resist. ***The only Authorized Biography of the Personal Intelligence Coordinator for President Ronald Wilson Reagan, Lee/Leo Emil Wanta, ... the \$27.5 trillion man.***

## ***FOREWORD & INTRODUCTION***

By **Lon Gibby** Editor

***WANTA! Black Swan, White Hat***

Most people are very confused when trying to find accurate information about Lee Wanta because so much has been written about him that is only half truth or is a deliberate lie. The question they always ask is "was he really A Secret Agent who worked directly for President Reagan?..." and was he really instrumental in ending the cold war by taking the Soviet Union down financially and putting a stop to that arms race and the impending Nuclear holocaust? This authorized book is being published for the first time online so the Author Ambassador Lee Wanta can provide his biography with copies of documents to verify as factual what he is saying about his life and the first hand experiences described. The documents provided that back up his life story have come from various sources... from Ambassador Wanta, from the Ronald Reagan Library, personal information, from courts in Switzerland, New York, California, Wisconsin, Mississippi, from prison personnel who knew him, and creditable individuals and resources as well that have stepped forward to help verify who Lee Wanta really is.

Whenever people hear about Ambassador Lee/Leo Emil Wanta, they often times will shake their heads in disbelief and question how one man could have ever have created a \$27.5 trillion fortune. The next question is "where is the fortune today and who controls it"? Ambassador Lee Wanta, a private citizen, maintains that this money belongs solely to himself, less the 35% repatriation taxes ordered by a district court judge to be paid in 2006. The monetary cash funds has been in control of other people since the early nineties. This money has been unaccounted for and used illegally for their own personal secret uses. The American public is completely oblivious to this moneys existence and who Lee Wanta is. That's the way they wanted it by criminal designs, but now the truth will finally come out.

Some of the identities of the people who stole Lee Wanta's money, or "*converted*" as they call it, is revealed in this timely biography. Some of them have held the highest offices in the land... in the political and intelligence worlds and in our system of justice in our courts... and in our Congress and our military. They are not happy to have this biography published in anyway, including, print, electronic, audio, TV news or documentary film, but the American public deserves to know. They have tried to keep this story suppressed and untold in many criminal ways, hoping it would die with Lee Wanta. Lee is still alive, and he has a clear and sharp mind. His authorized never before revealed biography is now being published in part and more of it will be told in the future. History is actually being made right now as I'm writing this forward. Please understand that this work represents only a portion of the volume of documents and content that he and his people will release in the future if required. It's a work in progress.

This is the life story about a great man and an American Patriot. This is not an Ian Fleming novel, but Lee Wanta is like the James Bond character in many ways. The difference is this story is real and true. Remember, again this is a biography, not a novel. It is a true story about the lies of government versus the integrity and honesty of one man who loves his country and is committed to a mandate given by President Reagan. Some of lies discussed and revealed in this book, as an example involve what happened to Manuel Noriega in Panama.

NORIEGA ARTICLES They involve the Iran-Contra scandal, Osama bin Laden and stinger missiles. STINGER MISSILES. They involve a Vice President who, according to America's top Secret Agent, Lee E. Wanta, became President and brought with him into office an organized criminal cabal that resulted in the theft of trillions of dollars. His biography involves well-known people like Hillary Clinton, Vince Foster, George Herbert Walker and George W. Bush, William Jefferson Clinton, Barack Obama, Dick Cheney, Dan Quayle, Al Gore, George Soros, Former Wisconsin Governor Tommy G. Thompson a former candidate for United States Senate, and Wisconsin Governor Scott Walker, Former Tennessee Governor Don Sundquist, Vladimir Putin, and many other recognizable names. The biography is filled with intrigue that involves the Soviet Union, stinger missiles, Osama /Usama bin Laden – or, Tim Osman as he was known when he was a CIA agent.

The many lies, conspiracies and crimes addressed in this book can be verified by international journalists who are currency experts, the documents themselves, and well known people who knew Lee personally. In the Watergate scandal in the 70's, the cover up turned out to be more serious than the original crime. In this case the original crimes and the subsequent cover-up are equally terrible and wrong. They continue the cover-up this information to this day. Every possible effort was made and is still being made to cover up there tracks and eliminate Lee's real identity and his honorable mission. Based on what I have learned in the research for the film documentary and extensive personal interviews with Ambassador Lee Wanta, I believe these people want to control and write history their own way by withholding the evidence and truth. They want to protect a false legacy. I believe as Americans we all deserve to know the truth. The biography will help get the truth out and the detailed links that are supplied with it can really help. You need to understand what happened to Ambassador Lee E. Wanta because his life has had a major impact on yours, even if you've never heard his name. It will continue to impact the lives of your children and grandchildren and generations yet unborn.

As a part of this Forward and Introduction I thought it would be helpful to give a foundation for this entire biography by sharing with the readers an article I wrote for Veterans Today, called PuppetGate. It was published in September 17<sup>th</sup> 2014. Please read this before you begin the Lee Wanta Biography to understand what has been the driving forces behind the issues all of us are facing. At the end of the Biography please read the second article ***PuppetGate What every Fellow American needs to know and understand.*** This concluding article attached to this book which will transition you from Lee's biography into what is going on right now in Our Great Nation and in the World. I'm calling PuppetGate the mother of all political and criminal cover up's and conspiracy's, clearly in direct violation of current RICO statutes. Creating confusion, dividing the public by secretly promoting a double set of standards, is how they control the people. It's not a new technique having been used since Adam and Eve.

story about President Reagan, and how he brought about the fall of the Soviet Union and ended the Cold War without firing a shot. President Reagan and his secret agent, Ambassador Lee Emil Wanta, masterminded a creative way to financially take down the economy of the Soviet Union( Evil Empire) and put together and negotiated an agreement with Secretary General Mikhail Gorbachev and helped develop the General Agreement of cooperation. As a result the Russian Federation was born and future generations throughout the entire world have enjoyed more safety from a nuclear holocaust because of this effort. Working directly under President Reagan as a private citizen, there is a man named Ambassador Lee Wanta. Lee was mandated by President Reagan under the Totten Doctrine **[92 U.S. 105, 107 (1875), National Security Decision - Directive Number 166, dated March 27, 1985, inter alia]** as a secret agent to be in charge of this effort. In this process Lee Wanta did amass trillions of dollars in his effort to carry out his Presidential mandate. Lee Wanta was falsely imprisoned and the monetary cash funds and financial instruments that were his to distribute as planned, were stolen or converted illegally by an organization known as the Federal Reserve System and used by them to this day. Later in 2006 an US District Court Judge mandated and ordered that these converted funds be returned back to Lee with interest accruals. It's hard to understand why, after eight years since this order was given by a US Judge, that these private funds are still retained elsewhere. When Lee Wanta receives his private funds back it will be in the amount of 31.2 trillion dollars. He promised under an oath to President Reagan that after he pays his repatriation taxes on this money he earned as director general in his Austrian based company, Lee has pledged to eliminate overnight our national debt (approximately 18 trillion), and our 1.8 trillion International trade deficit at once. He also will pay certain sovereign nations what they were promised in the Reagan-Mitterrand protocols. This includes the French, Chinese, English and Russian Governments, where billions were promised. With the remaining funds left over he plans to develop and create new innovative businesses that could employ over 2 million people in the USA alone.

**The Hand :** Who and what is the Federal Reserve, sometimes called the FED? It's not a bank like so many of our citizens are led to believe. The word FED means nothing when applied to this organization. It could mean FED-UP! Here is what I learned as a documentarian, film maker and simple small business owner. I learned that the Federal Reserve is not a bank and it is not a part of our government. ***It is not federal in any way, yet it somehow has control over national and the world's financial resources and impacts every American and person on the planet. Just because it uses the name Federal does not make it federal.*** Federal Express was a brilliant marketing scheme which was successfully used to develop a brand. Many people believed and still do believe that Federal Express or FEDEX was and is a federal organization. It's not! At least FedEx is a real business, whereas the Federal Reserve is not a legitimate business or bank as we know it. The Federal Reserve is a powerful private organization operating well outside the United States Constitution. It has its roots way back to 1913 when Congress lawlessly approved the Federal Reserve Act that allowed a private group of families, gangs and wealthy people the right to control the banking industry exclusively. With a little research anyone can find out that some of the people who run the Federal Reserve are not

even Americans and represent foreign interests. Besides setting interest rates and controlling all the banks' money, the private club called the Federal Reserve literally controls almost all aspects of our government on federal, state and county level. It also seeks to manipulate and control the world financial markets as well. The PuppetGate illustration will help you visualize how I understand they control us with their five fingers. Just like a Puppet Master controls a marionette or a ventriloquist can speak for others, they have learned how to control and manipulate each key area of our government and American society and parts of the world. I have learned that the Federal Reserve operates with a team of people who call themselves, Puppet Masters. These are people who are trained and skilled at payola, manipulation, deception, bribery, blackmail and extortion. ***This secret combination is most powerful, and they have support from all political parties and from well-known and respected politicians from all parties both past and present. No one likes to talk about them because they wield such power that even Presidents obey their commands. We have all heard and understand the saying, "Those that have the gold rules."*** They have the gold and they do rule. As history will prove, they have ruled in a selfish and brutal way with little regard for our citizens and the Constitution of our land. The problem is in the case of Lee Wanta, they don't own his gold and funds, but they have illegally taken and used his resources to sell trillions of dollars in worthless federal trade notes and derivatives and continue their illegal campaign of puppetry on the citizens of the United States. Remember that the Lee Wanta money was never theirs to use in the first place. The Wanta funds were mandated by President Reagan to go towards taking out our national debt, to improve our lives and were to be used as outlined above. Finally, understand that the massive Reserve bubble is about to burst because they do not have the resources or reserve to back up what some are calling the mother of all Ponzi schemes. The only hope they have is to create a destabilized world by starting more wars by meddling in the affairs of other countries. Since 1913 War has been an essential part of the growth of the Federal Reserve. Who finances and makes lots of money on wars? They do. Who suffers the effects of war? The people. Today I believe we are seeing a desperate effort by those same puppet masters to destabilize the world and create more war. That is the pattern they have followed since 1913. It's what history teaches us. I hope and pray we can learn from history and make the necessary changes in behalf of our people and all the future generations yet unborn. We should eliminate this unconstitutional organization that controls our lives and operates to control people and feed its own vain ambitions.

Puppet Gate represents the analogy and parable of how I visualize the way our government is currently operating. Remember "They that control the gold rules," and that is the Federal Reserve, Supreme Puppet Master, the big hand.

**The Thumb:** The thumb represents the banks and the strings attached to the entire banking industry. Under the banking thumb are big corporations and small businesses who get very little support (stimulus and loans), credit bureaus and real estate which all require the blessings of banks. Way down the string below another Puppet Master is the typical hard working American and small businesses owners who are the nation's largest employers. As we all know the thumb

29/

and the index finger are very strong and powerful when they operate synchronized together. The Federal Reserve hand or the Supreme Puppet Master can and does manipulate in many ways all the banking industry including interest rates , inflation, who gets loans and banking support etc.

**The Index finger:** This represents the US Presidency in the White House. Notice the Presidency has a longer string than the other fingers and has more strings to control under it. The longer the string the more room to move and be manipulated. The NSA, and CIA all take orders from the President and his Cabinet. Strings to funding state governments can be pulled at any time if they are not following in line. Remember there are strings attached at every level. The Industrial Military Complex is under the index finger as well and must strive to maintain its funding levels and needs instability in the world to feed it. The Treasury also answers to the President. It would be nice to know how much real gold we really have to back up our dollar. No one seems to know! Yes, the index finger or Presidency has strings attached to the judicial arm of the government. Remember who appoints our Supreme Court Justices. The judicial side of our government as we all know now is not exempt from bribery, conspiracy, cronyism, and blackmail just like all the other parts of our government under the hand of the Federal Reserve.

**The middle finger:** The middle finger controls the Congress, and as you can see the string is very short. There is not much room to move. Sometimes Congress is like a yo yo going up and down on the string. ***The more divided and contentious the better for the Supreme Puppet Master. All political parties are manipulated by the fact that elections and pork barrel bills are all funded ultimately by the Supreme Puppet Master Federal Reserve regardless of the source. The hand influences and heavily controls who will stay in Congress for life and who must leave after short terms.*** Congress has lobbyist and political parties underneath them on a string. Unfortunately that's about all it has going for it besides the people voters who are also sometimes used as puppets to win elections. Most people agree today that elections are won on the amount of money spent and creative marketing and branding ploys that influence voters. Money for this and how it is spent is controlled by the hand, Supreme Puppet Master, Federal Reserve. ***In Congress we see examples almost every day of how deeply divided they are. I feel they should be assigned seats like in high school to sit with each other and not in a big divided group. On TV it emphasizes just how divided our country is when you see a whole block stand up and one block sitting down. They do not seem to be able to agree on much of anything and waste precious resources a lot of times over pride and stubbornness.*** Many elected officials do not show up (unless it is the State of the Union speech) to listen to the arguments and discussions, and often simply vote as they are told by the Puppet Master above them. Having a Congress that is dysfunctional means that more Constitutional power is being relinquished over to the index finger President. Congress is commissioned to pass laws to help our people, and thank goodness occasionally they do succeed despite the polarization. But the fact is most often those who have the most money behind them will win. Congress is often times hypocritical, routinely breaking their own laws that they have passed. This sets a bad example for the public and again, gives the hand more control over us.

**The Ring finger:** The ring finger with its gold ring band represents the finger that controls Wall Street. Lately Wall Street has been approaching record trading levels giving a false appearance the economy is growing. It's like a movie set that has a great façade of buildings on the street. When you walk behind the set you see they are propped up. The Wall Street façade, props and bubble will eventually collapse and burst as it always does. Who will lose the most money when this occurs? Who is making money now off of Wall Street as the façade and bubble grows? Certainly not many middle or lower class Fellow Americans are making much investment money since their spendable income is at an all-time low. It appears an elite group is benefiting from Wall Street the way it is structured and controlled by the hand. That will be the subject of another article later.

**The smallest finger:** The small finger on the hand, the pinky, has a critical job. It controls the news media and press. The Free Press is not free with the a string attached. Today's media strings that are attached would be massive advertising contracts from both parties and plenty of money on the table to make sure some of the real news is suppressed. The conditions that allow a Free Press to function are not currently working as they should. There are some news outlets trying hard to report the truth but some of them are easily silenced with money, payola, bribes and threats that are real. ***The public, instead of having a watchdog, has a hamster to guard against the corruption and selfish interests of the hand.*** The hand basically controls the Free Press in today's world. I believe even social media is manipulated by experts in technology who have been paid well for their work, disruption, spam and hacking. Election time is like winning the lottery for the Press and News Media. The entertainment industry loves it and benefits as well. The more contention and polarization between candidates the better it for the elite news media and the little finger and hand. The contention and destabilizations distracts from the real mission of the hand. No campaign spending limits makes it a win-win for all elite media regardless of who wins and how it impacts our country. There are a few bold organizations trying hard to report the truth but they all dangle from a very fine thread if they do not agree to be manipulated by the hand. .

**Evidence:** Evidence of Puppet Gate can be found everywhere in our country and overseas. I believe this system of control is so common place that it is at all levels of government and big business. It has become the normal way to conduct business. Just one example is that of a recent accidental message left on a phone call to Lee Wanta. A former state governor and state representative discussed how they expected to receive personal funds in upwards of 10 billion dollars when Lee receives his funds back. The conversation goes on to plan a strategy to threaten and intimidate Ambassador Lee Wanta, if he does not give in. This conversation was published in Veterans Today and the attachment can be listened to. It's only about six minutes but says a lot about Puppet Gate in general.

us to get back to the pre- 1913 United States Constitution, I feel we need to remove the Federal Reserve now. We need to make sure Lee Wanta has his funds returned as ordered by a US District Court Judge. I believe he will do what's right with these funds as outlined and he will follow the leadership and direction given him by President Reagan. We have wonderful citizens in America who care about our future. Let's encourage more qualified people from all ethnic backgrounds and walks of life to run for office and to step up to lead.

***By the way... they all do not have to be attorneys at law. We need to re-establish an ethical standard for our elected officials in America. We need to work hard to elect good strong Americans to office and expect them to maintain a higher bar than what we see now.*** If you look closely at the Puppet Gate diagram you will see that our military is not dangling below the fingers or the hand. Yes there is a Military Industrial Complex under the President. That is the big money and big business part of the military system. But our operational military is very well equipped and is made up of mostly honorable men and women sworn in to protect us and our Constitution from our enemies, both domestic and foreign. I believe the leadership of the military is basically strong and capable of helping to resolve any issues we now face if required. Fortunately we do have a number of outstanding state governments that are setting great examples of fiscal responsibility which our federal government should learn and model themselves forever more.

**Conclusion:** Everyone knows what a gate is since the 70's. By adding "puppet" to the word "gate" to get Puppet Gate we get a simple visual explanation of how things operate today in America. This is not Howdy Duty time with Clarabell the Clown or the Wizard of Oz. There are strings attached, Kickbacks, bribery, conspiracy, blackmail, greenmail, extortion, payola and real criminal activity. It's now more common place in politics than at any other time in our history. It's at the top all the way down to the bottom. ***Let's change it back to our Founding Fathers' original intention and plan so that the Hand is " by the people and for the people", and let's work together and get back to the precious freedoms and liberty our constitution provides for.*** I'm just a small business owner, middle class family man, documentary, TV and film producer who is willing to share his opinion and thoughts. I love our country just like most Americans.
