Miami Terrorist scare linked to diversion aka latest NSA spy fiasco. Miami informant linked to Iraqis brought to U.S. after Gulf War 1991, Daddy Bush's stooges. They now operate as FBI Informants and stoolpigeon's for FBI Div. 5 Denver, Colorado. They script the alleged terrorists.

Question: Does Jose Padilla aka Oklahoma City's John Doe #2, have an apartment in Miami, Fla, Detroit, Mich., Toronto, Canada and Chicago, Illinois?

Answer: You bet. The FBI and the NSA pay his rent.

P.S. Latest NSA spy scandal linked to NSA review of CIA Custodial operational accounts that link U.S. government funding of alleged terrorist aka Bosnia, and the Mushahadeen, Riggs Bank.

Example, first, Ali Mohammed's release by U.S. Justice Dept.

Secondly, Osama Bin Laden is still at large and was on the U.S. government CIA Custodial payroll pre-Sept. 11th.

Note: NSA financial download began in earnest when it became clear to the NSA that the US State Dept. had been warned by French Intelligence that the United States was about to be attacked with the assistance of internal American Gestapo co-conspirators.

OrlandoMary:

While our beloved men and women in our very own military return in body bags, without arms, legs, hands, feet and with radiation poisoning, Bush and his traitor cabal are knowingly engaged in extensive, on-going TREASONOUS Briberies and Cover Up Conspiracies of 'giving aid and comfort' to illegal Muslims here in the USA, rewarding their numerous felonies with green cards and our highest privilege of United States citizenship.

These treasonous conspiracies are not about Creator loving, law abiding legal Muslims in the United States, but specifically address illegal Muslims who are being aided and abetted by treasonous officials, after committing multiple felonies defrauding the American People.

This is not a political issue of democrats vs. republicans vs. libertarians vs. independents,

it is not an issue of black, brown, red, yellow, or white,

nor is it an issue of Buddhist vs. Christian vs. Hindu vs. Jewish vs. Muslim...;

it IS an issue of national security, it IS an issue of home security, it IS an issue of personal security.

TEAM 121 LINKED TO THE KIDNAPPING OF AMERICAN SOLDIERS IN IRAQ

Kidnapping of American soldiers in Iraq now linked to Israeli-British MI6 assassination teams. The domestic H.Q.'s for this group are at Fort Bragg, North Carolina.

They are now operating in Iraq.

This new Intel dovetails to the Gary Best-Tim Spicer-Victor Bout Bosnia U.A.E. connection.

These British-Israeli mercenaries have been trained on American soil in North Carolina for the purpose of domestic assassinations of politically outspoken American citizens and for counter-insurgency A.K.A.

Al Qaeda creation in Iraq. They are named Team 121.

Again, Team 121 specializes in counter-insurgency tactics in Iraq but they also have historical direct links to the 9-11 Urban Moving Systems group a.k.a. MOSSAD and the attack on the U.S.

Team 121, currently directed by Director of Homeland Security A.K.A. Mega-MOSSAD agent Michael Chertoff, have been also used to stage break-ins a.k.a. Gestapo-like activity against the private property rights of innocent Americans.

Again, Team 121 is Israeli MOSSAD with direct ties to British MI-6 Blackwater-Blackstone group. This group operates without oversight but with the complicity of former Democratic Senator John Edwards (D.N.C.) and Carousel Group director Erskine Bowles.

Edwards, who has direct ties to British Intelligence, has a personal friendship with British P.M. Tony Dun Blaine Blair. Edwards once stated that Bush should look to Blair for real leadership in prosecuting the war in Iraq. We will have more to say about him in later postings.

Team 121 has also been linked to noted CIA MOSSAD handler Melvin Lattimore. Lattimore has direct ties to the 9/11 Brooklyn Mosque a.k.a. the MOSSAD infiltrated 9/11 Bucket Shop.

A convicted terrorist from the 90's named Ali Mohammed was just recently been released by the Bush Justice Dept. Ali Mohammed was a witness to the events surrounding 9/11.

Ali Mohammed, a custodial C.I.A. U.S. employee, like Osama Bin Laden had knowledge of Mohammed Ata's link to the Brooklyn Bucket Shop, Norman, Oklahoma and Nick Berg.

Ali Mohammed actually helped trained masquerade ball terrorists at secret locations around the U.S.

The purpose was for the scripting of domestic and international Black Ops a.k.a. terrorist events.

The financial backing for Ali Mohammed is none other than Team 121.

It can now be reported that the attempt to infiltrate alleged Al Qaeda has backfired with all the parties now involved in covering each others rear-end while they engage in massive arms and narcotics racketeering worldwide without concern of the others previous activities.

Note: It was the D.E.A. (Drug Enforcement Agency) that originally busted the Israeli MOSSAD'S Urban Moving Systems. It can now be reported that this evidence was originally withheld from the 9/11 Commission but afterwards given by compromised 9/11 Commission staff members directly to Con Rice, Stephen Hadley and Bushfraud himself.

The aforementioned parties receiving this data have now classified this evidence under National Security. What was left in the National Archives became Sandy Berger's lunch a.k.a. Able Danger a la mode.

P.S. Most of the credit cards used by the 9/11 terrorists can now be linked to Melvin Lattimore and Bernard Kerrick, former NYC Police Commissioner.

Both Senator Pat Roberts (R. Kansas) and Mega MOSSAD Republican-in-the-closet Dianne Feinstein (D. Ca.) are the gatekeepers to keep this criminal N.S.A. Israeli-British activity from being seen by the American people.

Attorney-General Alberto Gonzales and his stooge John Richter and the U.S. Department of Justice are now engaged in massive misprision of felonies.

Once again note, Ali Mohammed was released by Gonzales given his knowledge of 9/11 and the role of British-Israeli trained special forces inside Iraq.

P.P.S. Summation - Alleged Al Qaeda in Iraq is a creation of Israeli-British Intel forces trained and equipped on U.S. soil. The purpose being to infiltrate the ninety percent nationalistic resistance inside Iraq with a long term goal of scripting civil war in Iraq for the purpose of a future settlement of the conflict based on the three separate autonomous state solution, a.k.a. the division of Iraq based on the 1920's British Colonial model.

P.P.P.S. Again we reach out today to those patriotic members of the U.S. Military and its Flag Officers to arrest Bushfraud and stop this unprecedented treason against the American People and our Constitution.

It should be noted that Bushfraud, the occupant of the White House, was never elected by the American People and remains AWOL from his National Guard unit in Alabama for over thirty years.

Bushfraud should be immediately placed in the stockade awaiting trial for his desertion.

**New Intelligence on the Connection Between The
Two U.S. Soldiers Kidnapped in Iraq and
British Intelligence**

The assassination of the two U.S. soldiers in Iraq has been linked to a private contractor that employed Team 121 a.k.a. British-Israeli-Russian mercenaries.

This gang, hired out by Mega-MOSSAD elements inside the Pentagon, has been directed to engage in counter-insurgency inside Iraq but have actually created terrorists in Iraq for the purpose of countering the ninety percent nationalistic resistance in the country.

It can now be reported that the kidnapping of the Russian diplomats from Baghdad ties into the kidnapping and murder of the two U.S soldiers.

Both the Russian diplomats and the U.S. soldiers knew too much about Team 121 and the tie-ins between alleged terrorist Zarqawi and British MI-6 Blackwater a.k.a. Team 121.

Note: Bushfraud himself flew secretly to Iraq to personally grab documents that link Zarqawi to Team 121 Blackwater.

It should also be mentioned that these two Russian diplomats were blackmailing the current Unity Government in Iraq vis a vis the role of Blackwater and the financial fraud involving the private contractors inside Iraq.

Reference current Iraq Defense Ministry which reported the U.S. soldiers death in Iraq is nothing more than a British Intelligence nest.

Reference: It can now also be reported that the documents taken out of Iraq by Bushfraud included smoking gun evidence linking the training of Zargawi to U.S. C.I.A. custodial stooge Ali Mohammed; recently released by the U.S. Justice Dept.

The U.S.A. soldiers kidnapped and murdered in Iraq were part of a secret U.S. anti-bush Intelligence team determined to get to the bottom of the foreign mercenary treason and the source for the I.E.D.s a.k.a. roadside bombs coming into Iraq for the purpose of killing Americans.

Here at Cloak and Dagger we have already connected the dots.

It is the Bosnian Defense Fund linked to Richard Perle and Douglas Feith along with Tim Spicer and Victor Bout which have direct links to the British security firm, The Olive Group, with its headquarters in Dubai U.A.E. that are responsible for the I.E.D.s in Iraq.

Tim Spicer linked to British Defense contracting company Aegis. Olive Group is nothing more than a subsidiary for Blackwater British MI6 Blackstone along with Dubai Ports World and the Israeli MOSSAD Zim Corporation were used to transfer the I.E.D.s from U.A.E. to Bosnia.

The middle men involved in the I.E.D. trafficking was Pakistani Intelligence a.k.a. the Khan MI 6 pipeline.

Reference: Dubai Ports World was the noted company that Bushfraud wanted to hand the entire U.S. Ports system too.

Zim Corp, a noted Israeli MOSSAD company, also tied to this treason was the firm that was warned by their sister MOSSAD firm New Jersey Urban Moving Systems to leave the WTC 30 days before the 9-11 attack.

MOSSAD agent, Michael Chertoff covered this up. Chertoff, dual citizen is now head of U.S. Homeland Security.

P.S. Private British Olive Group aircraft were allowed to fly into Iraq with the I.E.D.s disguised as food subsidies. This was the same technique used in the original Daddy Bush Iraq-Gate scandal that was directly arming Saddam during the Reagan Administration in the 80's.

Note: President Ronald Reagan of Irish ancestry survived two genuine Blackwater assassination attempts directed against him by British Intelligence and Daddy Bush. Ask the junk yard dogs or the trolls under the bridges about this.

P.P.S. The Bosnian Defense Fund is the source for the I.E.D.s in Iraq and have been also linked to Riggs Bank, Washington, D.C., a noted Bush-Clinton crime syndicate parking lot for disguised gold and oil derivatives tied to the Carlyle and Carousel Groups (Oil Trusts in Saudi Arabia).

This was set up with stolen U.S. Treasury funds with tie-ins to the British and Spanish Royal families and the U.S. Federal Reserve.

Note: It was King Juan Carlos of Spain that congratulated Bushfraud on his theft of the year 2000 presidential election.

HOW DARE YOU YOU TYRANTS AND CONSPIRATORIAL KINGS.

P.P.P.S. Former British Home Secretary Robin Cook stated in his own words...

"Al Qaeda is not a terrorist organization it is a group of CIA swindlers tied to massive arms and drug smuggling with their origin in the Mushahadeen and Bosnia."

Note did Dr. Kelly confront British P.M. Tony Dun Blaine Blair with this?

The answer is yes. Dr. Kelly, also of Irish origin, is now dead.
