Re: Ongoing and continual circumvention and avoidance, by both public and private individuals and entities acting either individually, jointly and/or in conspiracy with others, that prevent completion of Agreed Upon Financial Settlement regarding Leo E. Wanta/Lee E. Wanta and AmeriTrust Groupe, Inc.

Dear Mr. President, Mr. Vice President and named members of the President's Cabinet:

Irrespective of representations and assurances by both USG and foreign parties holding positions of authority, it has been brought to our attention that Secretary Chertoff individually, jointly and/or in conspiracy/concert with others is improperly acting under "Color of Public Office" preventing finalization and completion of the referenced "Financial Settlement". All concerned parties are aware that the subject private business transaction has prior approval of all legally required parties. The referenced transaction entails the repatriation of USD \$4.5 Trillion. The non-authorized acts/actions of

Secretary Chertoff prevents immediate payment of USD \$1.575 Trillion to the United States Treasury. The consequences of Secretary Chertoff's actions were and are being committed in violation of the "Rule of Law". The resulting consequences of this illegal

behavior extend beyond United States borders. There are serious concerns in world financial markets and political settings for failure of the USG to comply with agreed upon protocols that are an integral part of the referenced "Financial Settlement". In previous correspondence each recipient of this letter was advised as follows:

"The Principals who are to be direct and/or fiduciary recipients of the proceeds derived from the private business transaction have accepted obligations to pay commitments to several foreign entities (public and private) and several "USG" entities (public and private). Intervention and blockage of this private business transaction places one or more private and public relationships at jeopardy. Each and every party is and/or should be aware of the historical and current protocol agreements and

(public/private/foreign/domestic) identified herein."

The above stated information has not changed. Continual avoidance, circumvention and commission of covert/overt acts contribute to the deterioration of respect and confidence toward the USG in many arenas.

For purpose of continual notice and clarification you are all reminded once again that the term "Financial Settlement" is used generically for reference purposes and should not be considered as an admission modifying the character of the private business transaction previously documented between Leo E. Wanta/Lee E. Wanta, AmeriTrust Groupe, Inc, one or more foreign government/private interests and one or more "USG" public and private sector interests.

The individual, agency, public, private, nominated official and elected official violation of the "Rule of Law" referenced herein amounts to a violation of the Securities Acts of 1933 and 1934, the Organized Crime Control Act of 1970, specifically RICO and applicable international and national money laundering restrictions. In addition it is further asserted that the mentioned "acting in concert" by each of you individually, jointly and severally, subjects the participating parties to a claim of violating H.R. 3723 as the same pertains to private business transactions being protected under both private and criminal penalties. Avoidance and silence when one has knowledge does not mitigate and may in fact escalate one's level of culpability.

Subsequent to the previous letter addressed to the same recipients as this letter an assurance was received from USG authorities that the essence and full faith of the "Financial Settlement" would be completed on or before the end of this month. In the spirit of acting in good faith all effort has been exerted to obtain cooperation from disgruntled third parties allowing an additional reasonable time to comply with contractual obligations and protocol agreements. Your current actions remove a reason and concern in requesting continual understanding and cooperation from international parties of interest.

Your individual and joint denial and failure to step forward and require compliance with the "Rule of Law" will be assumed to be a statement that you have no interest in following the "Rule of Law".

WANTA!

A Healing Prayer to St. Jude

Most holy Apostle,
St. Jude, I place myself in your care.
Pray for me; help me remember that
I am not alone in my struggles. Please
join me in asking God to send me hope
in my sorrow, courage in my fear, and
healing in the midst of my challenges.
Please ask our loving God to fill me
with the grace to accept whatever my
life holds and to strengthen my faith
in His healing power. Thank you, St.
Jude, for the promise of hope you hold
to all who believe, and inspire me to
give this gift of hope to others. Amen.
