Updates from Three Fronts As TREASON Still Lurks

by Tom Heneghan, International Intelligence Expert

UNITED STATES of America - Tonight we want to bring you a quick update on three important items that are crucial to the survival of the United States as a Republic.

ONE: The final implementation of the Wanta-Reagan-Mitterrand Protocols are still pending with the Bush-Clinton Crime Family Syndicate still threatening and blackmailing President Obama concerning an attempt to return \$6.2 TRILLION back to the U.S. Treasury.

We can also divulge that the alleged insurgency and terrorist operations in the nation of Yemen have been linked to the Israeli Mossad, including the recent threat against both the U.S. and British Embassies in Yemen and the attack against the U.S. Embassy.

We can also report that President Obama is about to commit Obstruction of Justice in regards to the Don Siegelman case in Alabama in regards to appointing a new U.S. Attorney, Bush-Clinton Crime Family Stooge as the new U.S. Attorney in Alabama.

It is becoming clearer by the moment that former Obama White House legal counsel "Skull and Bonesman" Greg Craig and former BushFRAUD White House Deputy Chief of Staff Karl Rove are in charge of CIA asset Barack Obama.

Stay tune for future intelligence briefings that will include an update on the CIA mole that triggered the assassination of the CIA Blackwater team in Afghanistan, including his link to the Israeli Mossad, daddy Bush aka George Herbert Walker Bush, and current dysfunctional U.S. Secretary of State *loser* Hillary Rodenhurst Clinton.

Note: Secretary of State Clinton and Obama National Security Advisor General James Jones have been engaged in bitter verbal exchanges for the past two weeks. Jones has recently presented "smoking gun" evidence to President Obama tying the Bush-Clinton Crime Family Syndicate to the financial and operational support for the worldwide terrorist network.

We are also working on a story on the Norweign military bases, which are under the control of the U.S. space agency NASA and are involved in laser technology "Black Ops" that are actually designed to create a worldwide ice age.

This dovetails to the NASA space agency experiments on the moon, which have tilted the south pole and set off this global cooling, which is designed to preempt global warming.

This, folks, is sociopathic, satanic activity.

A lot of this is just designed to try and discredit former Vice President, now year 2000 duly elected President Albert Gore Jr.

This sociopath activity aka meteorological attacks on planet earth is being ordered by demon-possessed former U.S. President George Herbert Walker Bush as he still tries to protect his nutcase son, nation wrecking, election stealing, cocaine snorting, U.S. Treasury embezzling, homosexual *in-the-closet*, AWOL war criminal George W. BushFRAUD.

Emergency updates at any time as brandywine.....

Enjoy these three articles that will further education you on what is developing on a daily basis:

SARAH McCLENDON'S WASHINGTON REPORT

**3133 Connecticut Avenue, Suite 215
Washington, D. C. 20008**

**By Sarah McClendon
now deceased**

Washington, D. C. - - - Leo Wanta, whose purchase of huge sums in Russian rubles is credited with bringing down the Soviet Union in the Cold War, will be put through a third party lunacy test in Madison, Wisconsin circuit court on Tuesday. He has successfully been declared of sound mind in two previous lunacy tests under the Wisconsin state attorney general's office. His own attorney, James Shellow of Madison, Wis., is instituting this test. Shellow says that under the rules for attorneys in Wisconsin he has to notify the court that he thinks the lunacy test should be given. Shellow admits to being a former attorney for a deceased Mafia chief in Wisconsin named Balistreri.

Shellow thinks Wanta will be declared sane in the upcoming hearing on Tuesday, but Shellow claims to know nothing as to how Wisconsin was able to extradite Wanta in chains and shackles from Switzerland, where he was doing business with Swiss banks after having given up his citizenship in Wisconsin.

Wanta claims that he had just been made ambassador to Switzerland and Canada when Wisconsin state officials seized him bodily in Switzerland. Wanta claims that they took his briefcase from him at that time which contained billions in Treasury bills and Promis software technical equipment which the U. S. was using to get inside information about foreign treasuries.

Although the briefcase was taken by Wisconsin authorities in 1993, it has never been returned to Wanta nor has he any knowledge of what happened to its contents.

The charge is that he owed Wisconsin originally approximately \$14,000.

He claims to have paid back that amount in 1992.

The state attorney general's office seized his house worth \$120,000 and sold it for \$60,000, but there is no record of this in the Department of Revenue in Wisconsin nor is there any trace of the proceeds from the sale. Wanta was buying rubles from Russia at the request of the President, Ronald Reagan.

Wanta had worked at the White House, the National Security Council, the Central Intelligence Agency and six other government agencies during his career.

He and President George Bush set up the Ameritrust account in the Credit Suisse bank for the U.S. government to use in case it needed to counter terrorists from overseas, according to Pat Cameron, Los Angeles attorney for Wanta. Wanta says that when former president George Bush sought to withdraw funds from the \$210 billion on deposit that Wanta, a co-signer of the account, refused to give his signature for the withdrawal because the funds, he said, belonged to the U.S. government, not to an individual.

January 6, 2010 -- Alabama Democrats fret over reported Obama choice for US Attorney in Montgomery

WMR's Alabama Democratic Party sources are warning of problems should President Obama choose Montgomery attorney George Beck, Jr. Beck, like Assistant U.S. Attorney for the Northern District of Alabama Tamarra Matthews Johnson, was involved in the political prosecution of former Alabama Democratic Governor Don Siegelman, an operation carried out by the U.S. Attorneys for the Middle and Northern Districts of Alabama, Leura Canary and Alice Martin, respectively.

Beck reportedly hopes to replace Canary although he represented one of Canary's main witnesses against Siegelman, ex-Siegelman aide Nick Bailey. Beck raised no objections as Canary's prosecutors questioned Bailey on a reported 70 occasions at Maxwell Air Force Base near Montgomery. Bailey later stated that he was bullied and coached by Canary's prosecutors. WMR has also learned from reliable sources that Bailey was blackmailed into testifying against Siegelman.

WMR has also learned from informed Alabama sources that Beck's law firm, Capell and Howard, represents the Alabama Business Council headed by Canary's husband, longtime GOP operative and friend of Karl Rove, Bill Canary. Bill Canary has been quietly pushing the Democratic gubernatorial campaign of U.S. Representative Artur Davis, a conservative Democrat.

Beck has also infuriated some Democrats in Alabama over his role in representing Stephen Glassroth, the one-time attorney for former GOP operative Dana Jill Simpson, whose testimony before the U.S. House Judiciary Committee exposed the involvement of the Canarys, Martin, Rove, Alabama GOP Governor Bob Riley, Rove, and U.S. Judge for the Middle District of Alabama in the politically-motivated case against Siegelman and former HealthSouth CEO Richard Scrushy. Beck represented Glassroth before the Alabama Bar Association. Simpson had charged Glassroth with improper behavior while representing her in a tax matter. Beck made a number of wild accusations against Simpson, who was also on the receiving end of a character assassination campaign by Rove. Beck accused Simpson of being a kingpin in the "Dixie Mafia," of buying a baby for \$300,000, and of being a tax scofflaw. During the proceedings, Simpson's tax returns were conveniently leaked to the media. The Alabama Bar eventually sided with Simpson and suspended Glassroth's license to practice law.

WMR has learned from informed sources in Alabama that Beck is being pushed for U.S. Attorney as an "insurance policy" for Rove and top Alabama Republican officials, including the two tainted GOP Senators, Richard Shelby and Jeff Sessions, who fear being indicted over multiple criminal conspiracies in the prosecutions of Siegelman and Scrushy. Siegelman was released from prison pending an appeal of his conviction and seven year sentence handed down by Fuller, a former GOP official in Alabama who is part owner of a defense contractor, Doss Aviation, that has garnered hundreds of millions of dollars in Pentagon contracts.

WMR has learned that Rove is worried about a possible indictment or lawsuits stemming from the Siegelman-Scrushy prosecution and is quietly pushing for Beck as Canary's replacement. Rove's worries, WMR has been told by Alabama sources, also led to an amicable divorce from his wife of 24 years, Darby Hickson Rove. Rove's wife, who hails from an influential Alabama family, was apparently worried about securing her own finances before her husband is indicted or sued.

Meanwhile, rumors continue to swirl around Democratic gubernatorial hopeful Davis, who hopes to be Alabama's first African-American governor. At 41, Davis got married for the first time in 2008 after having decided to run for governor. The rumor circuit has been busy in Alabama with WMR receiving reports from African-American Democratic sources in Alabama and Georgia that Obama's interest in Davis's campaign and placing a "gatekeeper" in the U.S. Attorney's office in Montgomery stems from a reportedly questionable relationship between Obama and Davis that began while both attended Harvard Law School in 1991.
