Wanta-Reagan-Mitterrand Protocols Continue

by Tom Heneghan, International Intelligence Expert

UNITED States of America – It can now be reported that U.S. President Barack Obama, Governor Scott Walker of Wisconsin, along with IMF and Russian Federation officials, will be meeting in Madison, Wisconsin this coming week to conclude, in concert with the Central Bank of Austria, the final implementation of the Wanta-Reagan-Mitterrand Protocols.

LATE BREAKING REPORT: The meeting between President Barack Obama, Governor Scott Walker of Wisconsin, along with IMF and Russian Federation officials, will now occur tomorrow at the White House.

P.S. IMF, Russian Federation officials and the U.S. Provost Marshal have informed representatives of the U.S. Treasury and the Bank of England that U.S. financial giant Goldman Sachs, Bank of America and the Royal Bank of Scotland must immediately liquidate naked derivative positions (placed on the rogue London LIFFE Exchange) in energy related futures (reference long positions in natural gas aka naked undermargined written put options).

The aforementioned financial giants used co-mingled, illegally laundered Protocols funds to make these illegal trades.

P.P.S. IMF, Russian Federation officials and the U.S. Comptroller of the Currency have also concluded that Wanta-Reagan-Mitterrand Protocol funds were illegally used by Barclays Bank of England in the manipulation of the London LIBOR rate.

P.P.P.S. At this hour, the IMF, Russian Federation officials and the U.S. Comptroller of the Currency continues to order massive redemption and repatriation of collateralized assets reference precious and industrial metals along with oil and natural gas holdings.

Note: The Russian Federation just exported 220 million cubic meters of natural gas to Turkey putting supply inventories of natural gas at an all time high.

Russian based natural gas company Gazprom is read to add more inventories to the worldwide natural gas supply this week.

In closing, Wanta-Reagan-Mitterrand Protocols funds final implementation remains relentless.
