UNITED States of America - It can now be reported that U.S. Taxpayers' money tied to the Wanta-Reagan-Mitterrand Protocols is currently being laundered by the U.S. Federal Reserve and its Chairman Bernard Bernanke and U.S. Treasury Secretary Timothy Geithner in an attempt to bail out the CIA proprietary account "Malaga" tied to the Spanish Monarchy of King Juan Carlos and the neo-Nazi Bush Crime Family.

CO-CONSPIRATORS

Spain King Juan Carlos and then pResident BushFRAUD

P.S. We can now report that patriotic elements of the U.S. military, along with the IMF (International Monetary Fund) and the U.S. Inspector General have frozen the account, accordingly, stopping the money laundry.

P.P.S. Federal Reserve Chairman Bernanke and his partners-in-crime, the Paulson Hedge Fund, and Bill Gross' Pimco Investments have created massive asset bubbles in stocks and commodities markets with illegal leaks and tailored rhetoric in order to serve their patrons: the crooked banks and the crooked hedge funds.

Note: They have now created an environment with overvalued option premium where any alleged stimulus would be absorbed in derivative costs within minutes if not seconds.

In closing, the Paulson Hedge Fund and Bank of America Merrill Lynch still remain drastically undermargined in their stock and commodity positions.

Question: Where is the CFTC, the NFA and the SEC?

Are they having lunch with the CME Group?
