

**December 1, 2007**

**Over the past week, once again, U.S. Treasury Secretary Henry Paulson and Department of Homeland Security GESTAPO chief Michael Chertoff invoked the Patriot Act to block repatriation of billions of dollars of U.S. TAXPAYERS' money, i.e. the Wanta-Reagan-Mitterrand Protocol funds back to the U.S. Treasury.**

**These funds have a paper trail that reach back to the Mujahideen-CIA Osama bin Laden custodial accounts that were originally used to finance United States and French Intelligence operations against the Soviet Union in Afghanistan.**

**The custodial accounts were then used by both U.S. and French Intelligence to destabilize the Russian ruble and bankrupt the East German Secret Police, i.e. the East German DVD.**

**These funds have for years been held hostage by the Bush-Clinton Crime Family with the theft and looting of the accounts stationed in Switzerland.**

**It goes back to the failed attempt by Leo Wanta, Vernon Walters, Vince Foster, Francois Mitterrand, William Sessions, and then Vice President Albert Gore Jr. to arrest Marc Rich.**

**Reference: Vince Foster was then, of course, assassinated at the time of the failed Marc Rich arrest attempt, while Leo Wanta was kidnapped and held hostage in a Swiss dungeon.**

**Again, folks, there are NO coincidences.**

**The recent transfer of \$8 BILLION from Saudi Arabia to CitiBank in New York City coincided directly with the refusal of CitiBank to honor the terms of Ambassador Leo Wanta's repatriation of TAXPAYERS' funds due the U.S. Treasury, i.e. the Wanta-Reagan-Mitterrand Protocols.**

**The custodial funds due the Wanta group and U.S. TAXPAYERS are being held at none other than CitiBank.**

**The \$8 BILLION sent to CitiBank was then co-mingled with the Wanta funds to create more derivatives and short term bridge loans to support the U.S. stock market and the financial balance sheets of the Bush-Clinton Crime Syndicate.**

**Again, there are NO COINCIDENCES.**

**January 18, 2008**

**It is important to remember that the French, U.S., British and Chinese intelligence agencies cooperated in the destabilization of the Russian ruble in the 1980s.**

**Both Mikhail Gorbachev and Vladimir Putin were actually inside agents working for both Western and Chinese intelligence.**

**President Reagan's No. 1 ally in this operation was actually French President Francois Mitterrand, not British Prime Minister Margaret Thatcher.**

**It was then American Vice President daddy Bush and then British Prime Minister Margaret Thatcher that **actually** conspired to delay the economic downfall of the USSR as they felt the collapse of the Soviet Union would be a destabilizing factor to the global order.**

**Both Bush and Thatcher had oil interests connected with the highest levels of the Soviet government oil development and export corporation operations.**

**Reference: The British discovery of oil in the 1980s and the establishment of the Bush-British MI6-Russian KGB proprietary account in Switzerland.**

**And, of course, it was ZIONIST MOSSAD and East German DVD agent and bagman Marc Rich that had, and still has power of attorney on the account.**

**Accordingly, within six months of the downfall of the old Soviet Union, former British Chancellor of the Exchequer Lord Alexander Lord Alexander, helped, with the assistance of former Russian KGB, to divert billions of dollars of French-U.S.-Chinese-Russian ruble payments **ILLEGALLY** to the British West Minster Bank.**

**Without President Reagan's knowledge, assisting Alexander in this ILLEGAL transfer was then Vice President George Herbert Walker Bush, former Soviet Premier Mikhail Gorbachev and Reagan cabinet official Dick Cheney.**

**What makes this interesting is that Aleksandr Litvinenko, the murdered Russian KGB agent (poisoned sushi), worked directly with his British counterpart, Lord Alexander.**

**Three days after Lord Alexander's airport detention in the USSR, both French Intelligence agent Jean Pierre Truseau and Chinese agent Howie Kwok, both part of the Russian ruble operation, were murdered after rat poison was placed in their food while they were having dinner at a Madrid, Spain restaurant**

**February 3, 2008**

**This cell in Hamburg, Germany is headed by none other than Bush-Clinton bag lady that is linked to the United Kingdom 7/7 London subway bombing.**

**Her name, of course, is EVA TELEGE aka TELEKE aka TELEKI.**

**Telege aka Teleke aka Teleki is tied to another East German DVD agent with a code name "Becker".**

**"Becker" and Telege aka Teleka aka Teleki were former U.S. government assets used in the well known Wanta Russian ruble 1980s black op operation.**

**February 28, 2008**

**Note: Tim Osman, i.e. Osama bin Laden, not only worked as a U.S. CIA Mujahadeen operative fighting the Soviet occupation of Afghanistan, but it can now be reported that Tim Osman, i.e. Osama bin Laden, was the bagman making Saudi money available to East German DVD agent Eva Telege aka Teleke aka Teleki, which was used to destabilize the Russian ruble during the 1980s, which brought down the Berlin Wall.**

**Both Eva Telege aka Teleke aka Teleki and Tim Osman were, at one time, employees of Ambassador Leo Wanta and the Central Intelligence Agency (CIA).**

**So one can now see that 9/11 accomplished two things.**

**It attempted to legitimize Bushfraud's ILLEGAL presence in the White House after the theft of the year 2000 presidential election, and it allowed the Bushfraud Administration to freeze the BILLIONS OF DOLLARS in the CIA proprietary accounts tied to Tim Osman and the Wanta-Reagan-Mitterrand Protocols.**

**Making Tim Osman the patsy for 9/11 allowed the Bush-Clinton Crime Syndicate to embezzle under emergency conditions, i.e. the Patriot Act, the funds of the Wanta-Reagan-Mitterrand Protocols and use them for various post 9/11 Black Ops, including manipulation of U.S. stock prices.**

**This activity continues to this day, although informed sources tell us that the Bush-Clinton Crime Syndicate has squandered most of this money DUE THE U.S. TAXPAYERS, and what is really left in the Citibank proprietary account is open to question.**

**So let's make this very clear**

**CIA employee Tim Osman was Osama bin Laden has been dead since December of 2001.**

**Osman aka Osama bin Laden had nothing to do with 9/11 and was set up as a patsy.**

**East German DVD agent Eva Telege aka Teleke aka Teleki had been hired by the U.S. CIA for the purpose of the Russian Ruble operation.**

**Telege aka Teleke aka Teleki has been compromised by the Bush-Clinton Crime Syndicate and actually forged Ambassador Leo Wanta's signature to take control of the CIA proprietary Marvelous Investments Ltd. in Andover, Massachusetts where some of the CIA proprietary U.S. Treasury funds were parked.**

**Telege aka Teleke aka Teleki, who is a wanted fugitive in both France for check bouncing and counterfeiting, is also wanted for questioning by the British Scotland Yard for her possible involvement in the 7/7 London terrorist bombings.**

**East German DVD agent Telege aka Teleke aka Teleki who had infiltrated the Clinton White House, along with MOSSAD agent Monica Lewinsky, has also done fundraising for LOSER Hillary Clinton and actually discussed with Hillary the building of an Alabama toll bridge in 1995 with the embezzled funds of Ambassador Leo Wanta.**

**Ambassador Wanta remains under constant death threats.**

**This devastating evidence was presented to the 9/11 Commission under sworn testimony by duly elected President Albert Gore Jr.**

**At the time, former President Bill Clinton, who testified with Gore, took the 5<sup>th</sup> Amendment on ten (10) occasions when the 9/11 Commission asked him to respond to Gore's evidence.**

**The TREASONOUS 9/11 Commission has classified this evidence as "national security", as has the out-of-control Bushfraud Justice Department.**

**Duly elected President Albert Gore Jr., like Ambassador Leo Wanta, remains under constant threats.**

**June 23, 2008**

**Reference: CIA's Tim Osman aka Osama bin Laden was a U.S. government employee and asset during the 1980s in which Tim Osman was supplied stinger missiles and other weapons by the U.S. government to aid the Afghan resistance against the then Soviet occupation of Afghanistan.**

**It was Ambassador Leo Wanta, American hero, that not only directed the Russian ruble operation, which helped bring down the Soviet economy in the 1980s, i.e. the liberation of Eastern Europe and the old Soviet Union, but it was Ambassador Leo Wanta that was in charge and directed Tim Osman i.e. Osama bin Laden in the Afghanistan operation, which was designed to bring forth the liberation of the Afghan from Soviet occupation.**

**It is Leo Wanta who still holds the Power of Attorney on the custodial funds tied to the proprietary CIA accounts, which helped fund not only the Russian ruble operation but the program directed to aid the liberation of Afghanistan.**

**September 7, 2008**

**Remember folks, Tim Osman was an employee of U. S Ambassador Leo Wanta in the 1980s. Tim Osman aka Osama bin Laden worked with the U.S. CIA to not only end the Soviet occupation of Afghanistan, but to help in the destabilization of the Russian ruble using various Saudi banking interests to bring down the Soviet Union.**

**September 20, 2008**

**The 9/11 BLACK OP False Flag attacks also allowed the Bushfraud Administration to freeze the CIA proprietary accounts of U.S. government employee and CIA asset Tim Osman aka Osama bin Laden.**

**Tim Osman aka Osama bin Laden actually did patriotic work for the United States in the matter of the Russian ruble operation in the 1980s, which brought down the Soviet Union, and also worked to help remove the Soviets from Afghanistan, i.e. his leadership of the U.S. financed Mujahadeen.**

**Osman aka bin Laden, accordingly became a convenient patsy to blame 9/11 on so Bushfraud and his criminal thugs could freeze his CIA proprietary accounts tied to the Wanta-Reagan-Mitterrand Protocols and quickly move the United States of America towards martial law.**

**No surprise folks, the Tim Osman aka Osama bin Laden proprietary accounts were held at none other than Lehman Brothers.**

**October 28, 2008**

**In fact, listen to this folks. Representatives of McCain's campaign have discussed giving both Bill and Hillary transactional immunity for their crimes against the American People, in return for their cooperation with Ambassador Leo Wanta in allowing Wanta the ability to find the stolen funds still parked all over the world and return them to the U.S. Treasury.**

**Of course, in our opinion folks, every living member of the Bush-Clinton Crime Family Syndicate should be tried for TREASON, and upon conviction, taken to an American guillotine platform.**

**Remember, they have looted our treasury, stolen our democracy, compromised our judiciary, financed and created a gang of media press whores and destroyed the fiber and soul of the American Republic, all based on a corporate financial Gestapo money laundry.**

**December 2, 2008**

**Item: Powell fears for his own life given the knowledge and information Powell has on the individuals that we have mentioned in this intelligence briefing who are tied to these back door terrorist groups, actually funded by the U.S. State Department BLACK accounts and the secret British Intelligence proprietary Humewood.**

**P.S. The secret British Humewood proprietary account has been used in the past to illegally make financial trades with funds tied to the noted Wanta-Reagan-Mitterrand Protocol.**

**It was Humewood, along with another secret British proprietary called Dove Trading that actually embezzled Protocol commissions that were due the U.S. and French Treasuries as well as their intelligence agents for their roles in the Russian ruble destabilization project that took place during the Reagan Administration of the 1980s.**

**P.P.S. At this hour, the state of California has gone bankrupt and its entire CalPERS (California Public Employees' Retirement System) pension fund, headquartered at the Bank of America in San Francisco, is broke!**

**The pension funds, of course, are tied to Merrill Lynch.**

**Now hold onto your hats, folks, Merrill Lynch, a noted CIA-linked brokerage house, dating back to the Russian ruble covert black op of the 1980s, actually holds the pension funds of none other than CIA employee and 9/11 patsy Tim Osman aka deceased Osama bin Laden.**

**As we have reported ad nauseum, Tim Osman aka Osama bin Laden has been dead since late 2001 of kidney failure.**
