Wanta-Reagan-Mitterrand Protocols Update

Tom Heneghan International Intelligence Expert

UNITED STATES of America - At this hour we are sad to report that the final implementation of the Wanta-Reagan-Mitterrand Protocols continues to be blocked.

The implementation of the Protocols would return TRILLIONS of dollars back to the U.S. Treasury, balance the U.S. budget, and eliminate our entire federal deficit.

Final implementation of the Protocols would also put America back to work with the initiation of the AmeriRail high speed rail project.

At this hour Puppet President Barack Obama continues to remain in denial concerning implementation of these Protocols with Secretary Treasury Timothy Geithner *directly* blocking them.

Note: Geithner speaks directly to former Treasury Secretary Hank Paulson on a daily basis.

Reference: Obama continues to be directly controlled by a criminal banking consortium that has run up TRILLIONS of dollars of derivative debt (toxic assets) [and were then 'bailed out' by American Taxpayers] and now, with the help of the out-of-control Federal Reserve, have enabled a massive asset bubble, which is in the process of bursting and driving interest rates through the roof.

Note: The criminal, privately owned Federal Reserve has created this asset bubble with their ill-advised quantitative easing program aka QE2, which was not designed to lower unemployment in the United States (ha), but was nothing more than another *secret back door 'bail out'* of the derivative debt piled up by the criminal banking elite aka Goldman Sachs and their enablers in both the financial community and the U.S. media.

This is clearly FINANCIAL TERRORIST activity that is creating worldwide financial anarchy.

We now bring you, once again, the background and history of American Patriot Ambassador Leo Wanta, the actual facts and court documents surrounding the case.

This is not a conspiracy theory! This is a documented case and event that has created a real life nightmare for the American People and the rest of the world.
