**DOJ SCANDAL AND COVER UP**

DOJ officials taking bribes to aid and abet **Islamic Muslims** to obtain "illegal" permanent residence in these United States who are, in turn, possibly using this illegal residence to assist seditious **Al Qaeda** factions

December 17, 2001

Governor Tom Ridge  
Director, Office of Homeland Security  
The White House  
1600 Pennsylvania Avenue NW  
Washington DC 20500

Dear Director Ridge:

As an INS District Adjudications Officer in Orlando, I recently wrote you Sir on December 8<sup>th</sup> (copy attached) transmitting a list of over 200 suspected felony fraud sham marriage cases, over 50 of which are Islamic Muslim Moroccans. These are cases in which, as the interviewing case officer, I had documented suspected or detected felony fraud sham marriages. However, the case file was surreptitiously removed from my office at night, most all of them approved.

Concerned over threats to our national security emanating from "sleeper cells", and having reviewed numerous news articles regarding "Moroccans" operating out of Canada, France and Germany and the reported previous activity of terrorists in the Central Florida area, in this December 8<sup>th</sup> letter, I respectfully requested that:

"your Office of Homeland Security consider reviewing the cases and questioning the Islamic Muslim Moroccans and their U.S. citizen petitioners in the 50 plus Felony Fraud sham marriage cases surreptitiously removed from my office after hours, without my knowledge or input and approved. Some of these U.S. citizen petitioners may have knowledge of seditious activity engaged in by these Islamic Muslim Moroccans. [In numerous cases my official case notes were illegally removed from the files. I do, however, have copies]."

The purpose of this letter is to validate my concerns and transmit copies of my official case notes in some of these Felony Fraud Islamic Muslim case files to assist any possible inquiry your office may conduct in case my official case notes as the interviewing case officer were illegally removed from the case file. Videotapes of these interviews I conducted should still exist revealing discrepancies in conflicting testimony, and may possibly be a useful tool in extracting henceforth truthful testimony.

You may already have this individual in custody for questioning. If not, I draw your attention to INS case file No. A29 \*\*\* \*\* on Islamic Muslim Moroccan \*\*\*\*\* \*\*. I documented at least three felony fraud sham marriages engaged in by \*\*\*\* to obtain a green card.

Mr. Tom Ridge, Director  
Office of Homeland Security

This Islamic Muslim case involves bribery of Orlando INS supervisors to obtain (illegal) permanent residence and pay offs to *select* officials at the Orlando/Tampa FBI and Ft. Lauderdale OIG to confiscate and presumably destroy material evidence to keep these bribery conspiracies covered up.

Reportedly, Islamic Muslim \*\*\*\*\* was in contact with Osama bin Laden's brother who resides in Seminole Country, Florida (next to Orlando) and may have been acquainted or associated with former Orlando cabbie and one of Osama bin Laden's trusted lieutenants, Egyptian terrorist Ihab Ali (arrested by the NYC FBI Joint Anti Terrorism Task Force in May of 1999 for helping organize the American Embassy bombings in Kenya and Tanzania).

For a period of time, Islamic Muslim \*\*\*\*\* picked up every Sunday at the Orlando Int'l Airport a man the Moroccans reverently referred to as "the czar", suspected of trafficking in drugs. During this period, although *unemployed*, \*\*\*\*\* was found to have in his car a bag with thousands of dollars in cash. If \*\*\*\*\* and "the czar" were trafficking in drugs, a possible link of this drug trafficking funding "sleeper cells" should be explored.

Due to the very serious nature of any intelligence information obtained in these inquiries, to prevent this information from being compromised, I strongly advise and caution in any inquiries your Office of Homeland Security may conduct on these Orlando Islamic Muslim felony fraud cases, that your agents be located from outside the state of Florida.

It is imperative that your agents do not involve any officials at the INS in Florida or the INS HQ Office of Internal Audit, Investigations Branch, the Orlando/Tampa FBI or Ft. Lauderdale OIG as there exists major extensive bribery conspiracies and pay offs involving *select* officials at these offices to suppress and destroy material evidence and to coerce and threaten informants and myself to keep these criminal conspiracies involving a quantity of Islamic Muslims covered up.

Including any agent or official from these named offices could very possibly result in your Office of Homeland Security investigations being jeopardized by these criminally corrupt officials leaking sensitive information to seditious factions from whom they previously took bribes.

Sincerely,

Mary Schneider
